### Safe Harbor Statement

Forward-looking statements in this presentation include the Company's recorded figures representing allowances for remaining expected lifetime credit losses, its markdown of carrying value for the portion of its portfolio accounted for at fair value, its charge to the provision for credit losses for the its legacy portfolio, its estimates of fair value (most significantly for its receivables accounted for at fair value), its entries offsetting the preceding, and figures derived from any of the preceding. The accuracy of such estimates may also be affected by the effects of the COVID-19 pandemic and of governmental responses to said pandemic, which have included prohibitions on certain means of enforcement of receivables, and may include additional restrictions, as yet unknown, in the future. Any or all of such factors also may affect the Company's future financial results, as to which there can be no assurance. Any implication that pas
