(1) Summary of Significant Accounting Policies

Description of Business

We were formed in California on March 8, 1991. We specialize in purchasing and servicing retail automobile installment sale contracts ("automobile contracts" or "finance receivables") originated by licensed motor vehicle dealers located throughout the United States ("dealers") in the sale of new and used automobiles, light trucks and passenger vans. Through our purchases, we provide indirect financing to dealer customers for borrowers with limited credit histories, low incomes or past credit problems ("sub-prime customers"). We serve as an alternative source of financing for dealers, allowing sales to customers who otherwise might not be able to obtain financing. In addition to purchasing installment purchase contracts directly from dealers, we have also (i) acquired installment purchase contracts in four merger and acquisition transactions, (ii) purchased immaterial amounts of vehicle purchase money loans from non-affiliated lenders, and (iii) lent money directly to consumers for an immaterial amount of vehicle purchase money loans. In this report, we refer to all of such contracts and loans as "automobile contracts."

Basis of Presentation

Our Unaudited Condensed Consolidated Financial Statements have been prepared in conformity with accounting principles generally accepted in the United States of America, with the instructions to Form 10-Q and with Article 8 of Regulation S-X of the Securities and Exchange Commission, and include all adjustments that are, in management's opinion, necessary for a fair presentation of the results for the interim periods presented. All such adjustments are, in the opinion of management, of a normal recurring nature. In addition, certain items in prior period financial statements may have been reclassified for comparability to current period presentation. Results for the nine-month period ended September 30, 2012 are not necessarily indicative of the operating results to be expected for the full year.

Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted from these Unaudited Condensed Consolidated Financial Statements. These Unaudited Condensed Consolidated Financial Statements should be read in conjunction with the Consolidated Financial Statements and Notes to Consolidated Financial Statements included in our Annual Report on Form 10-K for the year ended December 31, 2011.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities as of the date of the financial statements, as well as the reported amounts of income and expenses during the reported periods. Specifically, a number of estimates were made in connection with determining an appropriate allowance for finance credit losses, valuing finance receivables measured at fair value and the related debt, valuing residual interest in securitizations, accreting net acquisition fees, amortizing deferred costs, valuing warrants, and recording deferred tax assets and reserves for uncertain tax positions. These are material estimates that could be susceptible to changes in the near term and, accordingly, actual results could differ from those estimates.

Stock-based Compensation

We recognize compensation costs in the financial statements for all share-based payments based on the grant date fair value estimated in accordance with the provisions of ASC 718 "Stock Compensation".

For the nine months ended September 30, 2012 and 2011, we recorded stock-based compensation costs in the amount of \$801,000 and \$1,289,000, respectively. As of September 30, 2012, unrecognized stock-based compensation costs to be recognized over future periods equaled \$2.2 million. This amount will be recognized as expense over a weighted-average period of 3.4 years.

The following represents stock option activity for the nine months ended September 30, 2012:

	Number of	Weighted	Weighted
	Shares	Average	Average

Options exercisable at the end of period	<u>5,773</u>	<u>\$ 1.69</u>	<u>4.97 years</u>

At September 30, 2012, the aggregate intrinsic value of options outstanding and exercisable was \$13.8 million and \$8.5 million, respectively. There were 356,000 options exercised for the nine months ended September 30, 2012 compared to 9,000 for the comparable period in 2011. There were 2.1 million shares available for future stock option grants under existing plans as of September 30, 2012.

Purchases of Company Stock

During the nine-month period ended September 30, 2012 and 2011, we purchased 320,154 and 227,298 shares, respectively, of our common stock, at average prices of \$1.36 and \$1.18, respectively.

Reclassifications

Some items in the prior year financial statements were reclassified to conform to the current presentation. Reclassifications had no effect on prior year net income or total shareholders' equity.

Derivative Financial Instruments

We do not use derivative financial instruments to hedge exposures to cash flow or market risks. However, from 2008 to 2010, we issued warrants to purchase the Company's common stock in conjunction with various debt financing transactions. At the time of issuance, five of these warrants issued contained "down round," or price reset, features that are subject to classification as liabilities for financial statement purposes. These liabilities are measured at fair value, with the changes in fair value at the end of each period reflected as current period income or loss. Accordingly, changes to the market price per share of our common stock underlying these warrants with "down round," or price reset, features directly affect the fair value computations for these derivative financial instruments. The effect is that any increase in the market price per share of our common stock would also increase the related liability, which in turn would result in a current period loss. Conversely, any decrease in the market price per share of our common stock would also decrease the related liability, which in turn would result in a current period gain. We use a binomial pricing model to compute the fair value of the liabilities associated with the outstanding warrants. In computing the fair value of the warrant liabilities at the end of each period, we use significant judgments with respect to the risk free interest rate, the volatility of our stock price, and the estimated life of the warrants. The effects of these judgments, if proven incorrect, could have a significant effect on our financial statements. The warrant liabilities are included in Accounts payable and accrued expenses on our consolidated balance sheets. On March 29, 2012 we agreed with the holders to amend three of the five warrants that contained the "down round" features, removing those specific price reset terms. On the date of the amendment, we valued each of the three warrants using a binomial pricing model as described above. The aggregate value of the three amended warrants of \$1.1 million was then reclassified from Accounts payable to Common Stock. On June 25, 2012 we agreed with the holder to amend one other warrant that contained the "down round" features, removing those specific price reset terms. The \$250,000 aggregate value of this amended warrant was reclassified from Accounts payable to Common Stock on the date of the amendment. The remaining warrant with the "down round" feature was not amended and was valued and recorded at September 30, 2012 using a binomial pricing model to compute the fair value, which is included in Accounts payable and accrued expenses, and will continue to be subject to quarterly valuations.

Financial Covenants

Certain of our securitization transactions, our warehouse credit facilities and our residual interest financing contain various financial covenants requiring minimum financial ratios and results. Such covenants include maintaining minimum levels of liquidity and net worth and not exceeding maximum leverage levels. In addition, certain securitization and non-securitization related debt agreements contain cross-default provisions that would allow certain creditors to declare a default if a default occurred under a different facility. As of September 30, 2012, we were in compliance with all such covenants.

Finance Receivables and Related Debt Measured at Fair Value

In September 2011 we purchased approximately \$217.8 million of finance receivables from Fireside Bank. These receivables and the related acquisition debt are recorded on our balance sheet at fair value. There are no level 1 or level 2 inputs (as described by ASC 820) available to us for measurement of such receivables, or for the related debt. Our level 3, unobservable inputs reflect our own assumptions about the factors that market participants use in pricing similar receivables and debt, and are based on the best information available in the circumstances. The valuation method used to estimate fair value may produce a fair value measurement that may not be indicative of ultimate realizable value. Furthermore, while we believe our valuation methods are appropriate and consistent with those used by other market participants, the use of different methods or assumptions to estimate the fair value of certain financial instruments could result in different estimates of fair

CONSUMER PORTFOLIO SERVICES, INC. AND SUBSIDIARIES
NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

value. Those estimated values may differ significantly from the values that would have been used had a readily available market for such receivables or debt existed, or had such receivables or debt been liquidated, and those differences could be material to the financial statements.

(2) Finance Receivables

Our portfolio of finance receivables consists of small-balance homogeneous contracts comprising a single segment and class that is collectively evaluated for impairment on a portfolio basis according to delinquency status. Our contract purchase guidelines are designed to produce a homogenous portfolio. For key terms such as interest rate, length of contract, monthly payment and amount financed, there is relatively little variation from the average for the portfolio. We report delinquency on a contractual basis. Once a contract becomes greater than 90 days delinquent, we do not recognize additional interest income until the obligor under the contract makes sufficient payments to be less than 90 days delinquent. Any payments received on a contract that is greater than 90 days delinquent are first applied to accrued interest and then to principal reduction.

The following table presents the components of Finance Receivables, net of unearned interest:

	September 30, 2012	December 31, 2011
	(In thousands)	
Finance Receivables

Less: Unearned acquisition fees and originations costs	(30,115)	(20,143)
Finance Receivables	<u>\$ 687,096</u>	<u>\$ 516,630</u>

We consider an automobile contract delinquent when an obligor fails to make at least 90% of a contractually due payment by the following due date, which date may have been extended within limits specified in the servicing agreements. The period of delinquency is based on the number of days payments are contractually past due, as extended where applicable. Automobile contracts less than 31 days delinquent are not included. In certain circumstances we will grant obligors one-month payment extensions to assist them with temporary cash flow problems. The only modification of terms is to advance the obligor's next due date by one month and extend the maturity date of the receivable by one month. In some cases, a two-month extension may be granted. There are no other concessions such as a reduction in interest rate, forgiveness of principal or of accrued interest. Accordingly, we consider such extensions to be insignificant delays in payments rather than troubled debt restructurings. The following table summarizes the delinquency status of finance receivables as of September 30, 2012 and December 31, 2011:

	September 30, 2012	December 31, 2011
	(In thousands)	
Delinquency Status		
Current	\$ 694,126	\$ 512,802
31 - 60 days	13,836	9,344
61 - 90 days	6,428	6,034
91 + days	2,821	8,593
	<u>\$ 717,211</u>	<u>\$ 536,773</u>

Finance receivables totaling \$2.9 million and \$13.0 million at September 30, 2012 and December 31, 2011, respectively, including all receivables greater than 90 days delinquent, have been placed on non-accrual status as a result of their delinquency status.

We use a loss allowance methodology commonly referred to as "static pooling," which stratifies our finance receivable portfolio into separately identified pools based on the period of origination. Using analytical and formula driven techniques, we estimate an allowance for finance credit losses, which we believe is adequate for probable credit losses that can be reasonably estimated in our portfolio of automobile contracts. The

CONSUMER PORTFOLIO SERVICES, INC. AND SUBSIDIARIES
NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

estimate for probable credit losses is reduced by our estimate for future recoveries on previously incurred losses. Provision for losses is charged to our consolidated statement of operations. Net losses incurred on finance receivables are charged to the allowance. For finance receivables originated through December 31, 2010 we established the allowance at the time of the acquisition of the receivable. Beginning January 1, 2011, we establish the allowance for new receivables over the 12-month period following their acquisition.

The following table presents a summary of the activity for the allowance for credit losses for the three-month and nine-month periods ended September 30, 2012 and 2011:

(4) Securitization Trust Debt

We have completed a number of securitization transactions that are structured as secured borrowings for financial accounting purposes. The debt issued in these transactions is shown on our Unaudited Condensed Consolidated Balance Sheets as "Securitization trust debt," and the components of such debt are summarized in the following table:

(1) The Final Scheduled Payment Date represents final legal maturity of the securitization trust debt. Securitization trust debt is expected to become due and to be paid prior to those dates, based on amortization of the finance receivables pledged to the Trusts. Expected payments, which will depend on the performance of such receivables, as to which there can be no assurance, are \$76.9 million in 2012, \$255.9 million in 2013, \$176.9 million in 2014, \$125.3 million in 2015, \$66.6 million in 2016 and \$19.8 million in 2017.

All of the secu

ritization trust debt was sold in private placement transactions to qualified institutional buyers. The debt was issued through our wholly-owned bankruptcy remote subsidiaries and is secured by the assets of such subsidiaries, but not by our other assets. Principal of \$39.2 million, and the related interest payments, are guaranteed by financial guaranty insurance policies issued by a third party financial institution.

The terms of the securitization agreements related to the issuance of the securitization trust debt and the warehouse credit facilities require that we meet certain delinquency and credit loss criteria with respect to the

CONSUMER PORTFOLIO SERVICES, INC. AND SUBSIDIARIES
NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

pool of receivables, and certain of the agreements require that we maintain minimum levels of liquidity and not exceed maximum leverage levels. In addition, certain securitization and non-securitization related debt contain cross-default provisions, which would allow certain creditors to declare a default if a default were declared under a different facility.

We are responsible for the administration and collection of the automobile contracts. The securitization agreements also require certain funds be held in restricted cash accounts to provide additional collateral for the borrowings or to be applied to make payments on the securitization trust debt. As of September 30, 2012, restricted cash under the various agreements totaled approximately \$107.2 million. Interest expense on the securitization trust debt consists of the stated rate of interest plus amortization of additional costs of borrowing. Additional costs of borrowing include facility fees, insurance and amortization of deferred financing costs and discounts on notes sold. Deferred financing costs and discounts on notes sold related to the securitization trust debt are amortized using a level yield method. Accordingly, the effective cost of the securitization trust debt is greater than the contractual rate of interest disclosed above.

Our wholly-owned bankruptcy remote subsidiaries were formed to facilitate the above asset-backed financing transactions. Similar bankruptcy remote subsidiaries issue the debt outstanding under our credit facilities. Bankruptcy remote refers to a legal structure in which it is expected that the applicable entity would not be included in any bankruptcy filing by its parent or affiliates. All of the assets of these subsidiaries have been pledged as collateral for the related debt. All such transactions, treated as secured financings for accounting and tax purposes, are treated as sales for all other purposes, including legal and bankruptcy purposes. None of the assets of these subsidiaries are available to pay other creditors.

(7) Earnings (Loss) Per Share

Earnings (loss) per share for the three-month and nine-month periods ended September 30, 2012 and 2011 were calculated using the weighted average number of shares outstanding for the related period. The following table reconciles the number of shares used in the computations of basic and diluted earnings (loss) per share for the three-month and nine-month periods ended September 30, 2012 and 2011:

	Three Months Ended		September 30,		Nine Months Ended		September 30,

Weighted average number of common shares used to compute diluted earnings (loss) per share		<u>25,695</u>		<u>19,821</u>		<u>24,026</u>		<u>18,794</u>

If the anti-dilutive effects of common stock equivalents were considered, shares included in the diluted earnings (loss) per share calculation for the three-month and nine-month periods ended September 30, 2011 would have included an additional 2.8 million and 3.0 million shares, respectively, attributable to the exercise of outstanding options and warrants.

(8) Income Taxes

We file numerous consolidated and separate income tax returns with the United States and with many states. With few exceptions, we are no longer subject to U.S. federal, state, or local examinations by tax authorities for years before 2007.

We have subsidiaries in various states that are currently under audit for years ranging from 2003 through 2006. To date, no material adjustments have been proposed as a result of these audits.

We do not anticipate that total unrecognized tax benefits will significantly change due to any settlements of audits or expirations of statutes of limitations over the next 12 months.

The Company and its subsidiaries file a consolidated federal income tax return and combined or stand-alone state franchise tax returns for certain states. We utilize the asset and liability method of accounting for income taxes, under which deferred income taxes are recognized for the future tax consequences attributable to the differences between the financial statement values of existing assets and liabilities and their respective tax bases.

CONSUMER PORTFOLIO SERVICES, INC. AND SUBSIDIARIES
NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred taxes of a change in tax rates is recognized in income in the period that includes the enactment date. We have estimated a valuation allowance against that portion of the deferred tax asset whose utilization in future periods is not more than likely. Our net deferred tax asset of \$15.0 million as of September 30, 2012 is net of a valuation allowance of \$59.9 million.

On a quarterly basis, we determine whether a valuation allowance is necessary for our deferred tax asset. In performing this analysis, we consider all evidence currently available, both positive and negative, in determining whether, based on the weight of that evidence, the deferred tax asset will be realized. We establish a valuation allowance when it is more likely than not that a recorded tax benefit will not be realized. The expense to create the valuation allowance is recorded as additional income tax expense in the period the valuation allowance is established. During the first nine months of 2012, we decreased our valuation allowance by \$1.8 million, which was offset by the decrease in our gross deferred tax assets, resulting in no change to the deferred tax assets and no income tax expense for the period.

In determining the possible future realization of deferred tax assets, we have considered the taxes paid in the current and prior years that may be available to recapture, as well as future taxable income from the following sources: (a) reversal of taxable temporary differences; and (b) tax planning strategies that, if necessary, would be implemented to accelerate taxable income into years in which net operating losses might otherwise expire. Our tax planning strategies include the prospective sale of certain assets such as finance receivables, residual interests in securitized finance receivables, charged off receivables and base servicing rights. The expected proceeds for such asset sales have been estimated based on our expectation of what buyers of the assets would consider to be reasonable assumptions for net cash flows and required rates of return for each of the various asset types. Our estimates for net cash flows and required rates of return are subjective and inherently subject to future events that may significantly affect actual net proceeds we may receive from executing our tax planning strategies.

We believe such asset sales can produce at least \$37.5 million in taxable income within the relevant carryforward period. Such strategies could be implemented without significant effect on our core business or our ability to generate future growth. The costs related to the implementation of these tax strategies were considered in evaluating the amount of taxable income that could be generated in order to realize our deferred tax assets.

(9) Legal Proceedings

Griffith Litigation. We were named as defendant in a putative class action brought in federal district court in Chicago, Illinois. In June 2012 the court gave final approval to a settlement agreed to between us and the plaintiffs, pursuant to which (i) a class was certified for settlement purposes only, and (ii) we agreed to pay a fixed amount of plaintiff attorney fees and also make payments against claims made by members of the class, the amount of which would depend on class members' responses to our notice of the settlement. As of September 30, 2012 all amounts payable pursuant to the settlement have been paid, and the matter is fully and finally settled. The amount paid had been recorded as a liability as of June 30, 2012.

Stanwich Litigation. We were for some time a defendant in a class action (the "Stanwich Case") brought in the California Superior Court, Los Angeles County. The original plaintiffs in that case were persons entitled to receive regular payments (the "Settlement Payments") under out-of-court settlements reached with third party defendants, Stanwich Financial Services Corp. ("Stanwich"), then an affiliate of our former chairman of the board of directors, is the entity that was obligated to pay the Settlement Payments. Stanwich had defaulted on its payment obligations to the plaintiffs and in September 2001 filed for reorganization under the Bankruptcy Code, in the federal Bankruptcy Court of Connecticut. By February 2005, we had settled all claims brought against us in the Stanwich Case.

In November 2001, one of the defendants in the Stanwich Case, Jonathan Pardee, asserted claims for indemnity against us in a separate action, which is now pending in federal district court in Rhode Island. We have filed counterclaims in the Rhode Island federal court against Mr. Pardee, and have filed a separate action

CONSUMER PORTFOLIO SERVICES, INC. AND SUBSIDIARIES
NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

against Mr. Pardee's Rhode Island attorneys, in the same court. As of December 31, 2010, these actions in the court in Rhode Island had been stayed, awaiting resolution of an adversary action brought against Mr. Pardee in the bankruptcy court, which is hearing the bankruptcy of Stanwich.

On April 6, 2011, that adversary action was dismissed, pursuant to an agreement between us and the representative of creditors in the Stanwich bankruptcy. Under that agreement, CPS has paid the bankruptcy estate \$800,000 and abandoned its claims against the estate, and the estate has abandoned its adversary action against Mr. Pardee. The entire payment in this matter was included in our legal contingency liability as of December 31, 2010. With the dismissal of the adversary action, all known claims asserted against Mr. Pardee have been resolved, without his incurring any liability. Accordingly, we believe that this resolution of the adversary action will result in limitation of our exposure to Mr. Pardee to no more than some portion of his attorneys fees incurred. The stay in the action against us in Rhode Island has been lifted, and we expect that the Court will set a trial date for spring 2013.

The reader should consider that any adverse judgment against us in this case for indemnification, in an amount materially in excess of any liability already recorded in respect thereof, could have a material adverse effect on our financial position. There can be no assurance as to the ultimate outcome of this matter.

Other Litigation.

We are routinely involved in various legal proceedings resulting from our consumer finance activities and practices, both continuing and discontinued. We believe that there are substantive legal defenses to such claims, and intend to defend them vigorously. There can be no assurance, however, as to the outcome.

We have recorded a liability as of September 30, 2012 that we believe represents an appropriate allowance for legal contingencies, including those described above. Any adverse judgment against us, if in an amount materially in excess of the recorded liability, could have a material adverse effect on our financial position.

(10) Employee Benefits

On March 8, 2002 we acquired MFN Financial Corporation and its subsidiaries in a merger. We sponsor the MFN Financial Corporation Benefit Plan (the "Plan"). Plan benefits were frozen June 30, 2001. The table below sets forth the Plan's net periodic benefit cost for the three-month and nine-month periods ended September 30, 2012 and 2011.

We contributed \$1.2 million to the Plan during the nine-month period ended September 30, 2012 and we anticipate making contributions in the amount of \$258,000 for the remainder of 2012.

(11) Fair Value Measurements

ASC 820, "Fair Value Measurements" clarifies the principle that fair value should be based on the assumptions market participants would use when pricing an asset or liability and establishes a fair value hierarchy that prioritizes the information used to develop those assumptions. Under the standard, fair value measurements would be separately disclosed by level within the fair value hierarchy.

CONSUMER PORTFOLIO SERVICES, INC. AND SUBSIDIARIES
NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

ASC 820 defines fair value, establishes a framework for measuring fair value, establishes a three-level valuation hierarchy for disclosure of fair value measurement and enhances disclosure requirements for fair value measurements. The three levels are defined as follows: level 1 - inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets; level 2 - inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument; and level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

At the time of issuance, five warrants issued between 2008 and 2010 in conjunction with various debt financing transactions contained features that make them subject to derivative accounting. We valued these warrants using a binomial valuation model using a weighted average volatility assumption of 41%, weighted average term of 8 years and a risk free rate of 3.3%. On March 29, 2012 we agreed with the holders to amend three of the five warrants to remove the price reset features that resulted in derivative accounting. On the date of the amendment, we valued each of the three warrants using a binomial pricing model as described above. The aggregate value of the three amended warrants of \$1.1 million was then reclassified from Accounts payable to Common stock. On June 25, 2012 we agreed with the holder to amend one other warrant that contained the "down round," or price reset, features to remove those specific price reset terms. The \$250,000 aggregate value of this amended warrant was reclassified from Accounts payable to Common Stock on the date of the amendment. The remaining warrant subject to derivative accounting has not been amended, was valued at September 30, 2012 at \$95,000, and is classified as a liability on our consolidated balance sheet as of September 30, 2012.

In September 2008 we sold automobile contracts in a securitization that was structured as a sale for financial accounting purposes. In that sale, we retained both securities and a residual interest in the transaction that are measured at fair value. We describe below the valuation methodologies we use for the securities retained and the residual interest in the cash flows of the transaction, as well as the general classification of such instruments pursuant to the valuation hierarchy. The residual interest in such securitization is \$4.9 million as of September 30, 2012 and is classified as level 3 in the three-level valuation hierarchy. We determine the value of that residual interest using a discounted cash flow model that includes estimates for prepayments and losses. We use a discount rate of 20% per annum and a cumulative net loss rate of 13%. The assumptions we use are based on historical performance of automobile contracts we have originated and serviced in the past, adjusted for current market conditions. No gain or loss was recorded as a result of the re-securitization transaction described above.

Repossessed vehicle inventory, which is included in Other assets on our balance sheet, is measured at fair value using level 2 assumptions based on our actual loss experience on sale of repossessed vehicles. At September 30, 2012, the finance receivables related to the repossessed vehicles in inventory totaled \$9.6 million. We have applied a valuation adjustment of \$4.9 million, which is based on a recovery rate of 50%, resulting in an estimated fair value and carrying amount of \$4.7 million.

We have no level 3 assets that are measured at fair value on a non-recurring basis. The table below presents a reconciliation for level 3 assets measured at fair value on a recurring basis using significant unobservable inputs:

In September 2011, we acquired \$217.8 million of finance receivables from Fireside Bank for a purchase price of \$201.3 million. The receivables were acquired by our wholly-owned special purpose subsidiary, CPS Fender Receivables, LLC, which issued a note for \$197.3 million, with a fair value of \$196.5 million. Since the Fireside receivables were originated by another entity with its own underwriting guidelines and procedures, we have elected to account for the Fireside receivables and the related debt secured by those receivables at their estimated fair values so that changes in fair value will be reflected in our results of operations as they occur. Interest income from the receivables and interest expense on the note are included in interest income and interest expense, respectively. Changes to the fair value of the receivables and debt are also to be included in interest income and interest expense, respectively. Our level 3, unobservable inputs reflect our own assumptions about the factors that market participants use in pricing similar receivables and debt, and are based on the best information available in the circumstances. They include such inputs as estimated net charge-offs and timing of the amortization of the portfolio of finance receivables. The table below presents a reconciliation of the acquired finance receivables and related debt measured at fair value on a recurring basis using significant unobservable inputs:

The following summary presents a description of the methodologies and assumptions used to estimate the fair value of our financial instruments. Much of the information used to determine fair value is highly subjective. When applicable, readily available market information has been utilized. However, for a significant portion of our financial instruments, active markets do not exist. Therefore, significant elements of judgment were required in estimating fair value for certain items. The subjective factors include, among other things, the estimated timing and amount of cash flows, risk characteristics, credit quality and interest rates, all of which are subject to change. Since the fair value is estimated as of September 30, 2012 and December 31, 2011, the amounts that will actually be realized or paid at settlement or maturity of the instruments could be significantly different. The estimated fair values of financial assets and liabilities at September 30, 2012 and December 31, 2011, were as follows:

(12) Liquidity, Results of Operations and Management's Plans

Our business requires substantial cash to support our purchases of automobile contracts and other operating activities. Our primary sources of cash have been cash flows from operating activities, including proceeds from term securitization transactions and other sales of automobile contracts, amounts borrowed under various revolving credit facilities (also sometimes known as warehouse credit facilities), servicing fees on portfolios of automobile contracts previously sold in securitization transactions or serviced for third parties, customer payments of principal and interest on finance receivables, fees for origination of automobile contracts, and releases of cash from securitized pools of automobile contracts in which we have retained a residual ownership interest and from the spread account associated with such pools. Our primary uses of cash have been the purchases of automobile contracts, repayment of amounts borrowed under lines of credit and otherwise, operating expenses such as employee, interest, occupancy expenses and other general and administrative expenses, the establishment of spread account and initial overcollateralization, if any, and the increase of credit enhancement to required levels in securitization transactions, and income taxes. There can be no assurance that internally generated cash will be sufficient to meet our cash demands. The sufficiency of internally generated cash will depend on the performance of securitized pools (which determines the level of releases from those pools and their related spread accounts), the rate of expansion or contraction in our managed portfolio, and the terms upon which we are able to acquire and borrow against automobile contracts.

We purchase automobile contracts from dealers for a cash price approximating their principal amount, adjusted for an acquisition fee which may either increase or decrease the automobile contract purchase price. Those automobile contracts generate cash flow, however, over a period of years. As a result, we have been dependent on credit facilities to purchase automobile contracts, and on the availability of cash from outside sources in order to finance our continuing operations, as well as to fund the portion of automobile contract purchase prices not financed under revolving credit facilities.

The acquisition of automobile contracts for subsequent financing in securitization transactions, and the need to fund spread accounts and initial overcollateralization, if any, and increase credit enhancement levels when those transactions take place, results in a continuing need for capital. The amount of capital required is most heavily dependent on the rate of our automobile contract purchases, the required level of initial credit enhancement in securitizations, and the extent to which the previously established trusts and their related spread accounts either release cash to us or capture cash from collections on securitized automobile contracts. Of those, the factor most subject to our control is the rate at which we purchase automobile contracts.

We are and may in the future be limited in our ability to purchase automobile contracts due to limits on our capital. As of September 30, 2012, we had unrestricted cash of \$10.5 million. We had \$100.0 million available under the Page Six Funding credit facility and \$79.6 million available under the Page Eight Funding credit facility (all of our credit facilities require eligible collateral for advances). Our plans to manage our liquidity include maintaining our rate of automobile contract purchases at a level that matches our available capital, and, wherever appropriate, reducing our operating costs. If we are unable to complete such securitizations, we may be unable to increase our rate of automobile contract purchases, in which case our interest income and other portfolio related income would decrease.

Our liquidity will also be affected by releases of cash from the trusts established with our securitizations. While the specific terms and mechanics of each spread account vary among transactions, our securitization agreements generally provide that we will receive excess cash flows, if any, only if the amount of credit enhancement has reached specified levels and the delinquency, defaults or net losses related to the automobile contracts in the pool are below certain predetermined levels. In the event delinquencies, defaults or net losses on the automobile contracts exceed such levels, the terms of the securitization: (i) may require increased credit enhancement to be accumulated for the particular pool; (ii) may restrict the distribution to us of excess cash flows associated with other pools; or (iii) in certain circumstances, may permit the insurers to require the transfer of servicing on some or all of the automobile contracts to another servicer. There can be no assurance that collections from the related trusts will continue to generate sufficient cash. Moreover, most of our spread account balances are pledged as collateral to our residual interest financing. As such, most of the current

CONSUMER PORTFOLIO SERVICES, INC. AND SUBSIDIARIES
NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

releases of cash from our securitization trusts would be directed to pay the obligations of our residual interest financing if certain pool performance measures are not met.

We have and will continue to have a substantial amount of indebtedness. At September 30, 2012, we had approximately \$908.2 million of debt outstanding. Such debt consisted primarily of \$721.4 million of securitization trust debt, \$76.6 million in debt secured by receivables measured at fair value (Fireside Bank portfolio acquisition debt), \$20.4 million in warehouse lines of credit, \$13.8 million of residual interest financing, \$54.5 million of senior secured related party debt and \$21.5 million in subordinated notes. We are also currently offering the subordinated notes to the public on a continuous basis, and such notes have maturities that range from three months to 10 years.

As of September 30, 2012 we have a shareholders' deficit of \$7.5 million and our recent operating results include net losses of \$14.5 million and \$33.8 million in 2011 and 2010, respectively. We believe that our results have been materially and adversely affected by the disruption in the capital markets that began in the fourth quarter of 2007, by the recession that began in December 2007, and by related high levels of unemployment. Our ability to repay or refinance maturing debt may be adversely affected by prospective lenders' consideration of our operating losses in 2008 through 2011.

Although we believe we are able to service and repay our debt, there is no assurance that we will be able to do so. If our plans for future operations do not generate sufficient cash flows and operating profits, our ability to make required payments on our debt would be impaired. Failure to pay our indebtedness when due could have a material adverse effect, and might require us to issue additional debt or equity securities.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Overview

We are a specialty finance company focused on consumers who have limited credit histories, low incomes or past credit problems, whom we refer to as sub-prime customers. Our business is to purchase and service retail automobile contracts originated primarily by franchised automobile dealers and, to a lesser extent, by select independent dealers in the United States in the sale of new and used automobiles, light trucks and passenger vans. Through our automobile contract purchases, we provide indirect financing to sub-prime customers of dealers. We serve as an alternative source of financing for dealers, facilitating sales to customers who otherwise might not be able to obtain financing from traditional sources, such as commercial banks, credit unions and the captive finance companies affiliated with major automobile manufacturers. In addition to purchasing installment purchase contracts directly from dealers, we have also (i) acquired installment purchase contracts in four merger and acquisition transactions, (ii) purchased immaterial amounts of vehicle purchase money loans from non-affiliated lenders, and (iii) lent money directly to consumers for an immaterial amount of vehicle purchase money loans. In this report, we refer to all of such contracts and loans as "automobile contracts."

We were incorporated and began our operations in March 1991. From inception through September 30, 2012, we have purchased a total of approximately \$9.5 billion of automobile contracts from dealers. In addition, we obtained a total of approximately \$842.0 million of automobile contracts in mergers and acquisitions in 2002, 2003, 2004 and 2011. In 2004 and 2009, we were appointed as a third-party servicer for certain portfolios of automobile receivables originated and owned by non-affiliated entities. Beginning in 2008 through the third quarter of 2011, our managed portfolio decreased each year due to our strategy of limiting contract purchases in 2008 and 2009 to conserve our liquidity, as discussed further below. However, since October 2009 we have gradually increased contract purchases resulting in aggregate purchases of \$284.2 million in 2011, compared to \$113.0 million in 2010 and \$8.6 million in 2009. In September 2011 we purchased a \$217.8 million portfolio of automobile contracts from Fireside Bank, a subsidiary of Kemper Corporation. During the nine months ended September 30, 2012 we purchased \$400.1 million of contracts compared to \$192.0 million in the nine months ended September 30, 2011. Our total managed portfolio was \$844.9 million at September 30, 2012, compared to \$827.8 million at September 30, 2011. This increase is a result of our increased purchases of new contracts from dealers.

We are headquartered in Irvine, California, where most operational and administrative functions are centralized. Credit and underwriting functions are performed in our California headquarters with certain of these functions also performed in our Florida branch. We service our automobile contracts from our California headquarters and our branches in Virginia, Florida and Illinois.

We purchase contracts in our own name ("CPS") and, until July 2008, also in the name of our wholly-owned subsidiary, TFC. Programs marketed under the CPS name are intended to serve a wide range of sub-prime customers, primarily through franchised new car dealers. Our TFC program served vehicle purchasers enlisted in the U.S. Armed Forces, primarily through independent used car dealers. In July 2008, we suspended contract purchases under our TFC program. We purchase automobile contracts with the intention of financing them on a long-term basis through securitizations. Securitizations are transactions in which we sell a specified pool of contracts to a special purpose entity of ours, which in turn issues asset-backed securities to fund the purchase of the pool of contracts from us.

Securitization and Warehouse Credit Facilities

Throughout the period for which information is presented in this report, we have purchased automobile contracts with the intention of financing them on a long-term basis through securitizations, and on an interim basis through warehouse credit facilities. All such financings have involved identification of specific automobile contracts, sale of those automobile contracts (and associated rights) to one of our special-purpose subsidiaries, and issuance of asset-backed securities or loans to fund the transactions. Depending on the structure, these transactions may properly be accounted for under generally accepted accounting principles as sales of the automobile contracts or as secured financings.

When structured to be treated as a secured financing for accounting purposes, the subsidiary is consolidated with us. Accordingly, the sold automobile contracts and the related debt appear as assets and liabilities, respectively, on our consolidated balance sheet. We then periodically (i) recognize interest and fee income on the contracts, (ii) recognize interest expense on the securities issued in the transaction and (iii) record as expense a provision for credit losses on the contracts.

Since the third quarter of 2003, we have conducted 30 term securitizations. Of these 30, 24 were periodic (generally quarterly) securitizations of automobile contracts that we purchased from automobile dealers under our regular programs. In addition, in March 2004 and November 2005, we completed securitizations of our retained interests in other securitizations that we and our affiliates previously sponsored. The debt from the March 2004 transaction was repaid in August 2005, and the debt from the November 2005 transaction was repaid in May 2007. Also, in June 2004, we completed a securitization of automobile contracts purchased under our TFC program and acquired in a bulk purchase. Further, in December 2005 and May 2007 we completed securitizations that included automobile contracts purchased under the TFC programs, automobile contracts purchased under the CPS programs and automobile contracts we repurchased upon termination of prior securitizations. Since July 2003 all such securitizations have been structured as secured financings, except our September 2008 and September 2010 securitizations. These transactions were in substance sales of the underlying receivables and were treated as sales for financial accounting purposes.

Our September 2012 securitization included a pre-funding feature in which a portion of the receivables to be pledged to the securitization trust were not scheduled to be delivered to the trust until after the initial closing. As a result, our restricted cash balance at September 30, 2012 included \$41.7 million from the proceeds of the sale of the securitization notes that were held by the trustee pending delivery of the remaining receivables. In October 2012, the requisite additional receivables were delivered to the trust and we received the related restricted cash, most of which was used to repay amounts owed under our warehouse credit facilities.

Portfolio Acquisitions

As stated above, we have acquired approximately \$822.8 million in finance receivables through four acquisitions. These transactions took place in 2002, 2003, 2004 and September 2011. The September 2011 acquisition consisted of approximately \$217.8 million of finance receivables that we purchased from Fireside Bank of Pleasanton, California.

Uncertainty of Capital Markets and General Economic Conditions

We depend upon the availability of credit facilities and access to long-term financing through the issuance of asset-backed securities collateralized by our automobile contracts. Since 1994, we have completed 56 term securitizations of approximately \$7.5 billion in contracts. We conducted four term securitizations in 2006, four in 2007, two in 2008, one in 2010, three in 2011 and three so far in 2012. From July 2003 through April 2008 all of our securitizations were structured as secured financings. The second of our two securitization transactions in 2008 (completed in September 2008) and our securitization in September 2010 (a re-securitization of the remaining receivables from the September 2008 transaction) were each in substance a sale of the related contracts, and have been treated as sales for financial accounting purposes. During 2011, we completed three securitizations of approximately \$335.6 million, representing our first securitizations of newly originated contracts since April 2008. In March 2012, we completed a \$155.0 million securitization that included \$117.8 million in newly originated contracts and \$37.2 million in seasoned contracts that were called from earlier securitizations. In June 2012 we completed a securitization of \$141.5 million in newly originated contracts, and in September 2012, we completed a \$147.0 million securitization that included \$136.7 million in newly originated contracts and \$10.3 million in seasoned contracts that were called from earlier securitizations. All of the 2011 and 2012 securitizations were structured as secured financings.

From the fourth quarter of 2007 through the end of 2009, however, we observed unprecedented adverse changes in the market for securitized pools of automobile contracts. These changes included reduced liquidity, and reduced demand for asset-backed securities, particularly for securities carrying a financial guaranty and for securities backed by sub-prime automobile receivables. Moreover, many of the firms that previously provided

financial guarantees, which were an integral part of our securitizations, suspended offering such guarantees. The adverse changes that took place in the market from the fourth quarter of 2007 through the end of 2009 caused us to conserve liquidity by significantly reducing our purchases of automobile contracts. However, since October 2009, we have gradually increased our contract purchases by utilizing one \$50 million revolving credit facility that we established in September 2009 and another \$50 million term funding facility that we established in March 2010. In September 2010 we took advantage of improvement in the market for asset-backed securities by re-securitizing the remaining underlying receivables from our unrated September 2008 securitization. By doing so we were able to pay off the bonds associated with the September 2008 transaction and issue rated bonds with a significantly lower weighted average coupon. The September 2010 transaction was our first rated term securitization since 1993 that did not utilize a financial guaranty. More recently, we increased our short-term funding capacity by \$200 million with the establishment of a \$100 million credit facility in December 2010 and an additional \$100 million credit facility in February 2011. The September 2009 revolving facility terminated in September 2011, and the March 2010 term facility was fully utilized by December 2010. In February 2012, we amended the February 2011 facility to extend the revolving period from February 2012 to May 2012 and reduced the maximum advance from \$100 million to \$35 million. In May 2012, the revolving period of the February 2011 facility expired by its terms and we entered into a new \$100 million credit facility with a different lender. Our current maximum revolving warehouse financing capacity is \$200 million. Since the beginning of 2011, we have completed six securitizations of approximately \$779.1million in receivables. Despite the improvements we have seen in the capital markets, if the trend of improvement in the markets for asset-backed securities should reverse, or if we should be unable to obtain additional credit facilities or to complete additional term securitizations, we may curtail or cease our purchases of new automobile contracts, which could lead to a material adverse effect on our operations.

The downturn in economic conditions and the capital markets that began in the fourth quarter of 2007 negatively affected many aspects of our industry. First, throughout 2008 and 2009 there was reduced demand for asset-backed securities secured by consumer finance receivables, including sub-prime automobile receivables, as compared to 2007 and earlier. During 2010, however, we observed that yield requirements for investors that purchase securities backed by consumer finance receivables, including sub-prime automobile receivables, decreased significantly and approached pre-2008 levels, albeit with significantly fewer transactions in the market. Second, there have been fewer lenders who provide short-term warehouse credit facilities for sub-prime automobile finance companies due to more uncertainty regarding the prospects of obtaining long-term financing through the issuance of asset-backed securities than before 2008. Many capital market participants such as investment banks, financial guaranty providers and institutional investors who previously played a role in the sub-prime auto finance industry have withdrawn from the industry, or in some cases, have ceased to do business. These developments resulted in our incurring higher interest costs for receivables we financed in 2009 and 2010 compared to pre-2008 levels. However, since December 2010 we have had access to warehouse credit lines with significantly lower costs of funds than the facilities we used in 2009 and 2010. Finally, broad economic weakness and high levels of unemployment from 2008 onward have made many of our customers less willing or able to pay, resulting in higher than expected delinquencies, charge-offs and losses for contracts we purchased prior to 2009. Each of these factors has adversely affected our results of operations. Should existing economic conditions worsen, both our ability to purchase new contracts and the performance of our existing managed portfolio may be impaired, which, in turn, could have a further material adverse effect on our results of operations.

Financial Covenants

Certain of our securitization transactions, our warehouse credit facilities and our residual interest financing contain various financial covenants requiring certain minimum financial ratios and results. Such covenants include maintaining minimum levels of liquidity and net worth and not exceeding maximum leverage levels. As of September 30, 2012 we were in compliance with all such covenants. In addition, certain securitization and non-securitization related debt contain cross-default provisions that would allow certain creditors to declare a default if a default occurred under a different facility.

Results of Operations

Comparison of Operating Results for the three months ended September 30, 2012 with the three months ended September 30, 2011

Revenues. During the three months ended September 30, 2012, revenues were \$47.9 million, an increase of \$14.1 million, or 41.7%, from the prior year revenue of \$33.8 million. The primary reason for the increase in revenues is an increase in interest income. Interest income for the three months ended September 30, 2012 increased \$14.8 million, or 49.0%, to \$45.1 million from \$30.2 million in the prior year. The primary reasons for the increase in interest income are the September 2011 acquisition of the \$217.8 million Fireside Bank portfolio and the increase in finance receivables held by consolidated subsidiaries, which increased from \$734.8 million at September 30, 2011 to \$807.1 million at September 30, 2012. The table below shows the average balances of our portfolio held by consolidated subsidiaries for the three months ended September 2012 and 2011:

	Average Balances for the Three Months Ended	
	September 30, 2012	September 30, 2011
	Amount	Amount
Finance Receivables Owned by Consolidated Subsidiaries	(\$ in millions)	
CPS Originated Receivables	\$ 702.6	\$ 521.4
Fireside	87.7	70.3
Total	\$ 790.3	\$ 591.7

Servicing fees totaling \$502,000 in the three months ended September 30, 2012 decreased \$484,000, or 49.1%, from \$986,000 in the prior year. The decrease in servicing fees is due to the amortization and resulting decrease in the principal balance of the two portfolios on which we earn base servicing fees. We earned base servicing fees on our September 2010 term securitization transaction (a re-securitization of the remaining receivables from the September 2008 securitization, treated as a sale for financial accounting purposes) and on a portfolio of sub-prime automobile receivables owned by a bankruptcy remote subsidiary of CompuCredit Corporation. As of September 30, 2012 and 2011, our managed portfolio owned by consolidated vs. non-consolidated subsidiaries and other third parties was as follows:

	September 30, 2012		September 30, 2011

(2) Percentages may not add up to 100% due to rounding.

At September 30, 2012, we were generating income and fees on a managed portfolio with an outstanding principal balance of \$844.9 million (this amount includes \$22.4 million of automobile contracts on which we earn servicing fees and own a residual interest and also includes another \$15.4 million of automobile contracts on which we earn servicing fees and own a note collateralized by such contracts), compared to a managed portfolio with an outstanding principal balance of \$827.8 million as of September 30, 2011. At September 30, 2012 and 2011, the managed portfolio composition was as follows:

Originating Entity	September 30, 2012		September 30, 2011	
	Amount (1)	%(2)	Amount (1)	%(2)
	(\$ in millions)			
CPS	\$ 748.8	88.6%	\$ 572.5	69.2%

Total	\$ 844.9	100.0%	\$ 827.8	100.0%

(1) Contractual balances.

(2) Percentages may not add up to 100% due to rounding.

Other income decreased by \$228,000, or 8.8%, to \$2.4 million in the three months ended September 30, 2012 from \$2.6 million during the prior year. This decrease is the combination of a \$227,000 mark down of the fair value of the receivables and debt associated with the Fireside Bank portfolio acquisition, decreases in sales tax refunds of \$17,000, and a decrease of \$54,000 in recoveries on receivables from the 2002 acquisition of MFN Financial Corporation. These decreases in other income were partially offset by an increase of \$31,000 in income from direct mail and other related products and services that we offer to our dealers and an increase of \$37,000 in remittances from third-party providers of convenience fees paid by our customers for web based and other electronic payments.

Expenses. Our operating expenses consist largely of provision for credit losses, interest expense, employee costs and general and administrative expenses. Provision for credit losses and interest expense are significantly affected by the volume of automobile contracts we purchased during the 12-month trailing period and by the outstanding balance of finance receivables held by consolidated subsidiaries. Employee costs and general and administrative expenses are incurred as applications and automobile contracts are received, processed and serviced. Factors that affect margins and net income (loss) include changes in the automobile and automobile finance market environments, and macroeconomic factors such as interest rates and changes in the unemployment level.

Employee costs include base salaries, commissions and bonuses paid to employees, and certain expenses related to the accounting treatment of outstanding stock options, and are one of our most significant operating expenses. These costs (other than those relating to stock options) generally fluctuate with the level of applications and automobile contracts processed and serviced.

Other operating expenses consist largely of facilities expenses, telephone and other communication services, credit services, computer services, marketing and advertising expenses, and depreciation and amortization.

Total operating expenses were \$45.2 million for the three months ended September 30, 2012, compared to \$37.9 million for the prior year, an increase of \$7.3 million, or 19.4%. The increase is primarily due to the increase in the amount of new contracts we purchased, the related provision for credit losses and the increased costs to service our growing total managed portfolio.

Employee costs increased by \$474,000 or 5.7%, to \$8.7 million during the three months ended September 30, 2012, representing 19.3% of total operating expenses, from \$8.3 million for the prior year, or 21.8% of total operating expenses. During 2008 and most of 2009, we reduced staff through attrition and reductions in force as a result of the uncertainty in the capital markets and the related limited access to financing for new contract purchases. Since October 2009, however, as we have gradually acquired new financing facilities and

increased our new contract purchases, we have added employees in our Originations and Marketing departments. These additions have offset reductions in our Servicing department staff that have been necessary as our total managed portfolio decreased until September 2011. In September 2011, we hired approximately 65 new Servicing department employees in connection with our acquisition of the Fireside portfolio. At September 30, 2012 we had 530 employees, compared to 525 employees as of September 30, 2011.

General and administrative expenses include costs associated with purchasing and servicing our portfolio of finance receivables, including expenses for facilities, credit services, and telecommunications. General and administrative expenses were \$3.7 million, an increase of 12.3%, compared to the previous year and represented 8.2% of total operating expenses.

Interest expense for the three months ended September 30, 2012 increased by \$549,000 to \$19.6 million, or 2.9%, compared to \$19.0 million in the previous year. In September 2011 we established a credit facility exclusively for the acquisition of the Fireside Bank portfolio. For the three months ended September 30, 2012 we incurred \$3.3 million in interest expense on the Fireside Bank related debt. Interest on securitization trust debt decreased by \$1.9 million in the three months ended September 30, 2012 compared to the prior year. Interest expense on senior secured and subordinated debt increased by \$47,000. Interest expense on residual interest financing decreased \$298,000 in the three months ended September 30, 2012 compared to the prior year as a result of continued principal amortization. Interest expense on warehouse debt decreased by \$1.0 million for the three months ended September 30, 2012 compared to the prior year. Since December 2011 our securitizations have included pre-funding mechanisms which have allowed us to reduce our borrowings under our warehouse credit facilities in the current period compared to the prior year. The interest expense related to the value of outstanding derivative warrants resulted in an increase of \$44,000 in interest expense.

Provision for credit losses was \$9.5 million for the three months ended September 30, 2012, an increase of \$5.5 million, or 137.7% compared to the prior year and represented 20.9% of total operating expenses. The provision for credit losses maintains the allowance for loan losses at levels that we feel are adequate for probable incurred credit losses that can be reasonably estimated. The increase in provision expense is the result of the increase in our contract purchases during the last year and the size of the portfolio owned by our consolidated subsidiaries.

Marketing expenses consist primarily of commission-based compensation paid to our employee marketing representatives. Our marketing representatives earn a salary plus commissions based on our volume of contract purchases and sales of ancillary products and services that we offer our dealers, such as training programs, internet lead sales, and direct mail products. Marketing expenses increased by \$562,000, or 24.0%, to \$2.9 million during the three months ended September 30, 2012, compared to \$2.3 million in the prior year period, and represented 6.4% of total operating expenses. For the three months ended September 30, 2012, we purchased 9,367 contracts representing \$143.1million in receivables in the current period compared to 5,072 contracts representing \$81.1 million in receivables in the prior year.

Occupancy expenses decreased by \$88,000 or 10.4%, to \$723,000 compared to \$811,000 in the previous year and represented 1.6% of total operating expenses.

Depreciation and amortization expenses decreased by \$52,000 or 30.6%, to \$118,000 compared to \$169,000 in the previous year and represented 0.3% of total operating expenses.

For the three months ended September 30, 2012, we recorded no net tax expense and reduced our valuation allowance for our deferred tax assets by \$1.1 million. As of September 30, 2012, our net deferred tax asset of \$15.0 million is net of a valuation allowance of \$59.9 million. We have considered the circumstances that may affect the ultimate realization of our deferred tax assets and have concluded that the valuation allowance is appropriate at this time. However, if future events change our expected realization of our deferred tax assets, we may be required to increase the valuation allowance against that asset in the future.

Revenues. During the nine months ended September 30, 2012, revenues were \$136.6 million, an increase of \$39.2 million, or 40.3%, from the prior year revenue of \$97.4 million. The primary reason for the increase in revenues is an increase in interest income. Interest income for the nine months ended September 30, 2012 increased \$40.6 million, or 46.8%, to \$127.2 million from \$86.6 million in the prior year. The primary reasons for the increase in interest income are the September 2011 acquisition of the \$217.8 million Fireside Bank portfolio and the increase in finance receivables held by consolidated subsidiaries, which increased from \$734.8 million at September 30, 2011 to \$807.1 million at September 30, 2012. The table below shows the average balances of our portfolio held by consolidated subsidiaries for the nine months ended September 2012 and 2011:

	Average Balances for the Nine Months Ended	
	September 30, 2012	September 30, 2011
	Amount	Amount
Finance Receivables Owned by Consolidated Subsidiaries	(\$ in millions)	
CPS Originated Receivables	\$ 634.6	\$ 483.9
Fireside	115.8	70.3
Total	\$ 750.4	\$ 554.2

Servicing fees totaling \$1.9 million in the nine months ended September 30, 2012 decreased \$1.6 million, or 46.3%, from \$3.5 million in the prior year. The decrease in servicing fees is due to the amortization and resulting decrease in the principal balance of the two portfolios on which we earn base servicing fees. We earned base servicing fees on our September 2010 term securitization transaction (a re-securitization of the remaining receivables from the September 2008 securitization, treated as a sale for financial accounting purposes) and on a portfolio of sub-prime automobile receivables owned by a bankruptcy remote subsidiary of CompuCredit Corporation.

Other income increased by \$280,000, or 3.9%, to \$7.5 million in the nine months ended September 30, 2012 from \$7.2 million during the prior year. This increase is the combination of an increase of \$534,000 in income from direct mail and other related products and services that we offer to our dealers and an increase of \$169,000 in remittances from third-party providers of convenience fees paid by our customers for web based and other electronic payments. These increases in other income were partially offset by decreases in sales tax refunds of \$136,000, a \$129,000 mark down of the fair value of the receivables and debt associated with the Fireside Bank portfolio acquisition and a decrease of \$157,000 in recoveries on receivables from the 2002 acquisition of MFN Financial Corporation.

Expenses. Our operating expenses consist largely of provision for credit losses, interest expense, employee costs and general and administrative expenses. Provision for credit losses and interest expense are significantly affected by the volume of automobile contracts we purchased during the 12-month trailing period and by the outstanding balance of finance receivables held by consolidated subsidiaries. Employee costs and general and administrative expenses are incurred as applications and automobile contracts are received, processed and serviced. Factors that affect margins and net income (loss) include changes in the automobile

and automobile finance market environments, and macroeconomic factors such as interest rates and changes in the unemployment level.

Employee costs include base salaries, commissions and bonuses paid to employees, and certain expenses related to the accounting treatment of outstanding stock options, and are one of our most significant operating expenses. These costs (other than those relating to stock options) generally fluctuate with the level of applications and automobile contracts processed and serviced.

Other operating expenses consist largely of facilities expenses, telephone and other communication services, credit services, computer services, marketing and advertising expenses, and depreciation and amortization.

Total operating expenses were \$132.0 million for the nine months ended September 30, 2012, compared to \$112.1 million for the prior year, an increase of \$20.0 million, or 17.8%. The increase is primarily due to the increase in the amount of new contracts we purchased, the related provision for credit losses and the increased costs to service our growing total managed portfolio.

Employee costs increased by \$2.5 million or 10.9%, to \$25.9 million during the nine months ended September 30, 2012, representing 19.6% of total operating expenses, from \$23.3 million for the prior year, or 20.8% of total operating expenses. During 2008 and most of 2009, we reduced staff through attrition and reductions in force as a result of the uncertainty in the capital markets and the related limited access to financing for new contract purchases. Since October 2009, however, as we have gradually acquired new financing facilities and increased our new contract purchases, we have added employees in our Originations and Marketing departments. These additions have offset reductions in our Servicing department staff that have been necessary as our total managed portfolio decreased until September 2011. In September 2011, we hired approximately 65 new Servicing department employees in connection with our acquisition of the Fireside portfolio. At September 30, 2012 we had 530 employees, compared to 525 employees as of September 30, 2011.

General and administrative expenses include costs associated with purchasing and servicing our portfolio of finance receivables, including expenses for facilities, credit services, and telecommunications. General and administrative expenses were \$11.8 million, an increase of 10.0%, compared to the previous year and represented 8.9% of total operating expenses.

Interest expense for the nine months ended September 30, 2012 increased by \$4.3 million to \$61.7 million, or 7.5%, compared to \$57.4 million in the previous year. In September 2011 we established a credit facility exclusively for the acquisition of the Fireside Bank portfolio. For the nine months ended September 30, 2012 we incurred \$13.4million in interest expense on the Fireside Bank related debt. Interest on securitization trust debt decreased by \$6.1 million in the nine months ended September 30, 2012 compared to the prior year. Interest expense on senior secured and subordinated debt increased by \$636,000. Interest expense on residual interest financing decreased \$1.4 million in the nine months ended September 30, 2012 compared to the prior year as a result of continued principal amortization. Interest expense on warehouse debt decreased by \$3.0 million for the nine months ended September 30, 2012 compared to the prior year. Since December 2011 our securitizations have included pre-funding mechanisms which have allowed us to reduce our borrowings under our warehouse facilities in the current period compared to the prior year. The interest expense related to the value of outstanding derivative warrants resulted in an increase of \$836,000 in interest expense.

Provision for credit losses was \$22.0 million for the nine months ended September 30, 2012, an increase of \$10.0 million, or 82.9% compared to the prior year and represented 16.7% of total operating expenses. The provision for credit losses maintains the allowance for loan losses at levels that we feel are adequate for probable incurred credit losses that can be reasonably estimated. The increase in provision expense is the result of the increase in our contract purchases during the last year and the size of the portfolio owned by our consolidated subsidiaries.

Marketing expenses consist primarily of commission-based compensation paid to our employee marketing representatives. Our marketing representatives earn a salary plus commissions based on our volume of contract purchases and sales of ancillary products and services that we offer our dealers, such as training programs, internet lead sales, and direct mail products. Marketing expenses increased by \$2.3 million, or

40.0%, to \$8.1 million, during the nine months ended September 30, 2012 compared to \$5.8 million in the prior year period, and represented 6.1% of total operating expenses. For the nine months ended September 30, 2012, we purchased 26,180 contracts representing \$400.1 million in receivables compared to 12,270 contracts representing \$192.0 million in receivables in the prior year.

Occupancy expenses decreased by \$164,000 or 7.0%, to \$2.2 million compared to \$2.3 million in the previous year and represented 1.6% of total operating expenses.

Depreciation and amortization expenses decreased by \$94,000 or 19.0%, to \$401,000 compared to \$495,000 in the previous year and represented 0.2% of total operating expenses.

For the nine months ended September 30, 2012, we recorded no net tax expense and reduced our valuation allowance for our deferred tax assets by \$1.8 million. As of September 30, 2012, our net deferred tax asset of \$15.0 million is net of a valuation allowance of \$59.9 million. We have considered the circumstances that may affect the ultimate realization of our deferred tax assets and have concluded that the valuation allowance is appropriate at this time. However, if future events change our expected realization of our deferred tax assets, we may be required to increase the valuation allowance against that asset in the future.

Credit Experience

Our financial results are dependent on the performance of the automobile contracts in which we retain an ownership interest. Broad economic factors such as recession and significant changes in unemployment levels influence the credit performance of our portfolio, as does the weighted average age of the receivables at any given time. Our internal credit performance data consistently show that new receivables have lower levels of delinquency and losses early in their lives, with delinquencies increasing throughout their lives and losses gradually increasing to a peak between 36 and 42 months, after which they gradually decrease. The weighted average seasoning of our portfolio represented in the tables below (excluding the Fireside portfolio) was 19 months, 34 months and 27 months as of September 30, 2012, September 30, 2011, and December 31, 2011, respectively. The tables below document the delinquency, repossession and net credit loss experience of all such automobile contracts that we were servicing and owned as of the respective dates shown. The tables do not include the experience of third party servicing portfolios.

(1) All amounts and percentages are based on the amount remaining to be repaid on each automobile contract, including, for pre-computed automobile contracts, any unearned interest. The information in the table represents the gross principal amount of all automobile contracts we have purchased, including automobile contracts subsequently sold to or financed in securitization transactions that we continue to service.
(2) We consider an automobile contract delinquent when an obligor fails to make at least 90% of a contractually due payment by the following due date, which date may have been extended within limits specified in the Servicing Agreements. The period of delinquency is based on the number of days payments are contractually past due, as extended where applicable. Automobile contracts less than 31 days delinquent are not included.
(3) Amount in repossession represents financed vehicles that have been repossessed but not yet liquidated.

(1) All amounts and percentages are based on the principal amount scheduled to be paid on each automobile contract, net of unearned income on pre-computed automobile contracts.

(2) Net charge-offs include the remaining principal balance, after the application of the net proceeds from the liquidation of the vehicle (excluding accrued and unpaid interest) and amounts collected subsequent to the date of charge-off, including some recoveries which have been classified as other income in the accompanying interim financial statements. September 30, 2012 and September 30, 2011 percentage represents nine months ended September 30, 2012 and September 30, 2011 annualized. December 31, 2011 represents 12 months ended December 31, 2011.

(3) Amounts and percentages associated with the Fireside portfolio reflect only the period subsequent to the acquisition of the portfolio in September 2011.

Extensions

In certain circumstances we will grant obligors one-month payment extensions to assist them with temporary cash flow problems. In general, an obligor would not be entitled to more than two such extensions in any 12-month period and no more than six over the life of the contract. The only modification of terms is to advance the obligor's next due date by one month and extend the maturity date of the receivable by one month. In some cases, a two-month extension may be granted. There are no other concessions such as a reduction in interest rate, forgiveness of principal or of accrued interest. Accordingly, we consider such extensions to be insignificant delays in payments rather than troubled debt restructurings.

The basic question in deciding to grant an extension is whether or not we will (a) be delaying the inevitable repossession and liquidation or (b) risk losing the vehicle as a result of not being able to locate the obligor and vehicle. In both of those situations, the loss would likely be higher than if the vehicle had been repossessed without the extension. The benefits of granting an extension include minimizing current losses and delinquencies, minimizing lifetime losses, getting the obligor's account current (or close to it) and building goodwill with the obligor so that he might prioritize us over other creditors on future payments. Our servicing staff are trained to identify when a past due obligor is facing a temporary problem that may be resolved with an extension. In most cases, the extension will be granted in conjunction with our receiving a past due payment (and where allowed by law, a nominal fee) from the obligor, thereby indicating an additional monetary and psychological commitment to the contract on the obligor's part.

The credit assessment for granting an extension is initially made by our collector, who bases the recommendation on the collector's discussions with the obligor. In such assessments the collector will consider, among other things, the following factors: (1) the reason the obligor has fallen behind in payment;

(2) whether or not the reason for the delinquency is temporary, and if it is, have conditions changed such that the obligor can begin making regular monthly payments again after the extension; (3) the obligor's past payment history, including past extensions if applicable; and (4) the obligor's willingness to communicate and cooperate on resolving the delinquency. If the collector believes the obligor is a good candidate for an extension, he must obtain approval from his supervisor, who will review the same factors stated above prior to offering the extension to the obligor. After receiving an extension, an account remains subject to our normal policies and procedures for interest accrual, reporting delinquency and recognizing charge-offs.

We believe that a prudent extension program is an integral component to mitigating losses in our portfolio of sub-prime automobile receivables. The table below summarizes the status, as of September 30, 2012, for accounts that received extensions during 2008, 2009 and 2010 (2011 data are not included at this time due to insufficient passage of time for meaningful evaluation of results of 2011 extensions):

<u>Period of Extension</u>	<u># Extensions Granted</u>	<u>Active or Paid Off at Sept. 30, 2012</u>	<u>% Active or Paid Off at Sept. 30, 2012</u>	<u>Charged Off > 6 Months After Extension</u>	<u>% Charged Off > 6 Months After Extension</u>	<u>Charged Off <= 6 Months After Extension</u>	<u>% Charged Off <= 6 Months After Extension</u>	<u>Avg Months to Charge Off Post Extension</u>
2008	35,588	12,462	35.0%	18,272	51.3%	4,819	13.5%	16
2009	32,004	12,679	39.6%	13,561	42.4%	5,764	18.0%	13
2010	22,593	13,795	61.1%	7,155	31.7%	1,643	7.3%	12

We view these results as a confirmation of the effectiveness of our extension program. For the accounts receiving extensions in 2008, 2009 and 2010, 35.0%, 39.6% and 61.1%, respectively, were either paid in full or active and performing at September 30, 2012. Each of these successful accounts represent continued payments of interest and principal (including payment in full in many cases), where without the extension we likely would have incurred a substantial loss and no interest revenue subsequent to the extension.

For the extension accounts that ultimately charge off, we consider any that charged off more than six months after the extension to be at least partially successful. For the 2008, 2009 and 2010 extensions, of the accounts that charged off, the charge off was incurred, on average, 16, 13 and 12 months, respectively, after the extension, indicating that even in the cases of an ultimate loss, the obligor serviced the account with additional payments of principal and interest.

Additional information about our extensions is provided in the tables below:

Non-Accrual Receivables

It is not uncommon for our obligors to fall behind in their payments. However, with the diligent efforts of our Servicing staff and systems for managing our collection efforts, we regularly work with our customers to resolve delinquencies. Our staff is trained to employ a counseling approach to assist our customers with their cash flow management skills and help them to prioritize their payment obligations in order to avoid losing their vehicle to repossession. Through our experience, we have learned that once a customer becomes greater than 90 days past due, it is not likely that the delinquency will be resolved and will ultimately result in a charge-off. As a result, we do not recognize any interest income or retain on our balance sheet any accrued interest for contracts that are greater than 90 days past due.

If a contract exceeds the 90 days past due threshold at the end of one period, and then makes the necessary payments such that it becomes less than or equal to 90 days delinquent at the end of a subsequent period, it would be restored to full accrual status for our financial reporting purposes. At the time a contract is restored to full accrual in this manner, there can be no assurance that full repayment of interest and principal will ultimately be made. However, we monitor each obligor's payment performance and are aware of the severity of his delinquency at any time. The fact that the delinquency has been reduced below the 90-day threshold is a positive indicator. Should the contract again exceed the 90-day delinquency level at the end of any reporting period, it would again be reflected as a non-accrual account.

Our policy for placing a contract on non-accrual status is independent of our policy to grant an extension. In practice, it would be an uncommon circumstance where an extension was granted and the account remained in a non-accrual status, since the goal of the extension is to bring the contract current (or nearly current).

Liquidity and Capital Resources

Our business requires substantial cash to support our purchases of automobile contracts and other operating activities. Our primary sources of cash have been cash flows from operating activities, including proceeds from term securitization transactions and other sales of automobile contracts, amounts borrowed under various revolving credit facilities (also sometimes known as warehouse credit facilities), servicing fees on portfolios of automobile contracts previously sold in securitization transactions or serviced for third parties, customer payments of principal and interest on finance receivables, fees for origination of automobile contracts, and releases of cash from securitized pools of automobile contracts in which we have retained a residual ownership interest and from the spread account associated with such pools. Our primary uses of cash have been the purchases of automobile contracts, repayment of amounts borrowed under lines of credit and otherwise, operating expenses such as employee, interest, occupancy expenses and other general and administrative expenses, the establishment of spread account and initial overcollateralization, if any, and the increase of credit

enhancement to required levels in securitization transactions, and income taxes. There can be no assurance that internally generated cash will be sufficient to meet our cash demands. The sufficiency of internally generated cash will depend on the performance of securitized pools (which determines the level of releases from those pools and their related spread accounts), the rate of expansion or contraction in our managed portfolio, and the terms upon which we are able to acquire and borrow against automobile contracts.

Net cash provided by operating activities for the nine-month period ended September 30, 2012 was \$16.4 million compared to net cash provided by operating activities for the nine-month period ended September 30, 2011 of \$4.2 million. Cash provided by operating activities is significantly affected by our net income, or loss, before provisions for credit losses.

Net cash used in investing activities for the nine-month period ended September 30, 2012 was \$31.2 million compared to net cash used in investing activities of \$137.8 million in the prior year period. Cash provided by investing activities primarily results from principal payments and other proceeds received on finance receivables held for investment and reductions in restricted cash. At December 31, 2011, our restricted cash balance included \$39.7 million in spread accounts associated with three securitizations from 2006 and two from 2007. In February 2012, we exercised our rights to purchase the outstanding receivables associated with those securitizations, resulting in a release of the related spread account balances, which were used to repay the associated bonds in full. Cash used in investing activities generally relates to purchases of automobile contracts. Purchases of finance receivables held for investment were \$400.9 million and \$192.0 million during the first nine months of 2012 and 2011, respectively.

Net cash provided by financing activities for the nine months ended September 30, 2012 was \$15.2 million compared to \$126.7 million in the prior year period. Cash provided by financing activities is primarily related to the issuance of securitization trust debt, reduced by the amount of repayment of securitization trust debt and net proceeds or repayments on our warehouse lines of credit. In the first nine months of 2012, we issued \$443.5 million in new securitization trust debt compared to \$220.1 million in the same period of 2011. In addition, we repaid \$306.5 million in securitization trust debt and \$97.7 million in debt associated with the Fireside Bank portfolio in the nine months ended September 30, 2012 compared to repayments of securitization trust debt of \$250.4 million in the prior year period. In the nine months ended September 30, 2012, we made net repayments to our warehouse lines of credit of \$5.0 million, compared to net repayments of \$27.9 million in the prior year's period.

We purchase automobile contracts from dealers for a cash price approximating their principal amount, adjusted for an acquisition fee which may either increase or decrease the automobile contract purchase price. Those automobile contracts generate cash flow, however, over a period of years. As a result, we have been dependent on credit facilities to purchase automobile contracts, and on the availability of cash from outside sources in order to finance our continuing operations, as well as to fund the portion of automobile contract purchase prices not financed under revolving credit facilities.

In September 2009 we established a \$50 million secured revolving credit facility with Fortress Credit Corp., which matured in September 2011. The facility was structured to allow us to fund a portion of the purchase price of automobile contracts by borrowing from a credit facility to consolidated subsidiary Page Four Funding LLC. The facility provided for advances up to 75% of eligible finance receivables and the loans under it accrued interest at a rate of one-month LIBOR plus 12.00% per annum, with a minimum rate of 14.00% per annum. As part of the consideration given to Fortress for committing to make loans under this facility, we issued a 10-year warrant to purchase up to 1,158,087 of our common shares, at an exercise price of \$0.879 per share (we refer to this as the Fortress Warrant). Issuance of the Fortress Warrant required an adjustment to the terms of an existing outstanding warrant regarding 1,564,324 shares, reducing the exercise price of such warrant from \$1.44 per share to \$1.40702 per share and increasing the number of shares available for purchase to 1,600,991. In September 2011 the notes were repaid in full and the facility expired by its terms.

In December 2010 we entered into a \$100 million two-year warehouse credit line with affiliates of Goldman, Sachs & Co. and Fortress Investment Group. The facility is structured to allow us to fund a portion of the purchase price of automobile contracts by borrowing from a credit facility to our consolidated subsidiary Page Six Funding, LLC. The facility provided for advances up to 75% of eligible finance receivables and the loans

under it accrued interest at a rate of one-month LIBOR plus 5.00% per annum, with a minimum one-month LIBOR rate of 1.5% per annum. In September 2011 this facility was amended to increase the maximum advance rate to 82% of eligible finance receivables and the interest rate to one-month LIBOR plus 5.73%. At September 30, 2012, there were no amounts outstanding under this facility.

On February 24, 2011, we entered into an additional \$100 million two-year warehouse credit line with UBS Real Estate Securities, Inc. The facility revolved during the first year and amortizes during the second year. The facility is structured to allow us to fund a portion of the purchase price of automobile contracts by drawing against a floating rate variable funding note issued by our consolidated subsidiary Page Seven Funding, LLC. The facility provided for effective advances up to 76.5% of eligible finance receivables and the notes under it accrue interest at one-month LIBOR plus 6.00% per annum. In February 2012, we amended this facility to extend the revolving period from February 2012 to May 2012 and reduced the maximum advance from \$100 million to \$35 million. Once the revolving period ended in May 2012, the interest rate increased to one-month LIBOR plus 7.00% per annum. At September 30, 2012 there was \$22,000 outstanding under this facility.

On May 11, 2012, we entered into an additional \$100 million one-year warehouse credit line with Citibank, N.A. The facility is structured to allow us to fund a portion of the purchase price of automobile contracts by borrowing from a credit facility to our consolidated subsidiary Page Eight Funding, LLC. The facility provides for effective advances up to 88.4% of eligible finance receivables. The loans under the facility accrue interest at one-month LIBOR plus 6.00% per annum, with a minimum rate of 6.75% per annum. At September 30, 2012 there was \$20.4 million outstanding under this facility.

In March 2010, we entered into a \$50 million term funding facility with a syndicate of note purchasers including affiliates of Angelo, Gordon & Co., L.P. and an affiliate of Cohen & Company Securities. Under the term funding facility, the note purchasers agreed to purchase up to \$50 million in asset-backed notes through December 31, 2010, subject to collateral eligibility and other terms and conditions, through the end of 2010. The interest rate on notes outstanding was 11.00%, which could be decreased to 9.00% should the notes receive investment grade ratings from at two credit rating agencies. Principal payments on the notes are due as the underlying receivables are paid or charged off, and the final maturity is July 17, 2017. In connection with the establishment of this term funding facility, we paid a closing fee of \$750,000 and issued to certain of the note purchasers or their designees warrants to purchase 500,000 shares of our common stock at an exercise price of \$1.41 per share (we refer to this as the Page Five Warrant). Issuance of the Page Five Warrant required adjustments to the terms of two existing outstanding warrants. The first warrant related to 1,600,991 shares, on which the exercise price was decreased from \$1.407 per share to \$1.398 per share and the number of shares available for purchase was increased to 1,611,114. The second affected warrant related to 283,985 shares, which was increased to 285,781 shares. In June 2011, we restructured the facility to get the senior notes rated investment grade and issued an additional \$9.8 million in three tranches of new subordinated notes. The interest rate on the senior notes was reduced to 9.25% as a result of getting the investment grade rating. As of September 30, 2012, there was \$24.6 million outstanding under the facility and no additional advances are expected to be made.

In July 2007, we established a combination term and revolving residual credit facility and have used eligible residual interests in securitizations as collateral for floating rate borrowings. The amount that we were able to borrow was computed using an agreed valuation methodology of the residuals, subject to an overall maximum principal amount of \$120 million, represented by (i) a \$60 million Class A-1 variable funding note (the "revolving note"), and (ii) a \$60 million Class A-2 term note (the "term note"). The term note was fully drawn in July 2007 and was originally due in July 2009. As of July 2008, we had drawn \$26.8 million on the revolving note. The facility's revolving feature expired in July 2008. On July 10, 2008 we amended the terms of the combination term and revolving residual credit facility, (i) eliminating the revolving feature and increasing the interest rate, (ii) consolidating the amounts then owing on the Class A-1 note with the Class A-2 note, (iii) establishing an amortization schedule for principal reductions on the Class A-2 note, and (iv) providing for an extension, at our option if certain conditions were met, of the Class A-2 note maturity from June 2009 to June 2010. In June 2009 we met all such conditions and extended the maturity. In conjunction with the amendment, we reduced the principal amount outstanding to \$70 million by delivering to the lender (i) warrants valued as being equivalent to 2,500,000 common shares, or \$4,071,429, and (ii) cash of

\$12,765,244. The warrants represent the right to purchase 2,500,000 CPS common shares at a nominal exercise price, at any time prior to July 10, 2018. In March 2010, we paid \$979,855 to repurchase the warrants to purchase 500,000 of such 2,500,000 shares. In May 2010, we extended the maturity date from June 2010 to May 2011. In May 2011, we extended the maturity date of the facility from May 2011 to May 2012. In February 2012, we exchanged certain previously pledged residual interests with new, previously unpledged, residual interests and extended the maturity date to February 2013. In September 2012, the maturity date was again extended to September 2013 and the requirement for monthly principal repayments was eliminated if certain pool performance measures are met. As of September 30, 2012 the aggregate indebtedness under this facility was \$13.8 million.

On June 30, 2008, we entered into a series of agreements pursuant to which an affiliate of Levine Leichtman Capital Partners (“LLCP”) purchased a \$10 million five-year, fixed rate, senior secured note from us. The indebtedness is secured by substantially all of our assets, though not by the assets of our special-purpose financing subsidiaries. In July 2008, in conjunction with the amendment of the combination term and revolving residual credit facility as discussed above, the lender purchased an additional \$15 million note with substantially the same terms as the \$10 million note. Pursuant to the June 30, 2008 securities purchase agreement, we issued to the lender 1,225,000 shares of common stock. In addition, we issued the lender two warrants: (i) warrants that we refer to as the FMV Warrants, which are exercisable for 1,611,114 shares of our common stock, at an exercise price of \$1.39818 per share, and (ii) warrants that we refer to as the N Warrants, which are exercisable for 285,781 shares of our common stock, at a nominal exercise price. Both the FMV Warrants and the N Warrants are exercisable in whole or in part and at any time up to and including June 30, 2018. We valued the warrants using the Black-Scholes valuation model and recorded their value as a liability on our balance sheet because the terms of the warrants also included a provision whereby the lender could require us to purchase the warrants for cash. That provision was eliminated by mutual agreement in September 2008. The FMV Warrants were initially exercisable to purchase 1,500,000 shares for \$2.573 per share, were adjusted in connection with the July 2008 issuance of other warrants to become exercisable to purchase 1,564,324 shares at \$2.4672 per share, and were further adjusted in connection with a July 2009 amendment of our option plan to become exercisable at \$1.44 per share. Upon issuance in September 2009 of the Fortress Warrant, the FMV Warrant was further adjusted to become exercisable to purchase 1,600,991 shares at an exercise price of \$1.407 per share. Upon issuance in March 2010 of the Page Five Warrant, the FMV Warrant was further adjusted to become exercisable to purchase 1,611,114 shares at an exercise price of \$1.39818 per share. In November 2009 we sold an additional \$5 million note to LLCP which was repaid in December 2010. At that time LLCP purchased a new \$27.8 million note under substantially the same terms as the \$10 million and \$15 million notes issued in 2008. The \$27.8 million note accrues interest at 16.0% and matures in December 2013. Concurrent with the issuance of the \$27.8 million note, the maturity dates of the \$10 and \$15 million notes were amended to December 2013. In conjunction with the issuance of the \$27.8 million note, we issued 880,000 shares of common stock and 1,870 shares of Series B convertible preferred stock. Each share of the Series B convertible preferred stock was exchanged for 1,000 shares of our common stock on June 15, 2011. At the time of issuance, the value of the common stock and Series B preferred stock was \$753,000 and \$1.6 million, respectively. In March 2011, we sold an additional \$5 million note to LLCP which was due in February 2012. In February 2012, we extended the maturity of this note to March 2012 when it was repaid in full. In April 2011 we purchased from LLCP a portion of an outstanding subordinated note issued by our CPS Cayman Residual Trust 2008-A, and financed that purchase by issuing to LLCP a new \$3 million note, which was fully repaid in June 2012. In November 2011, we sold an additional \$5 million note due October 2012, which was repaid in full in October 2012. Each of these last three notes discussed accrued interest at 14% per annum.

In August 2011 we entered into a series of agreements with affiliates of Fortress Investment Group and Goldman, Sachs & Co. to finance our acquisition of the Fireside Bank portfolio, which we purchased in September 2011. Under the agreements, our consolidated subsidiary CPS Fender Receivables, LLC borrowed \$197.3 million with a maturity date of March 14, 2014. The loan is secured by all of the finance receivables and related cash flows associated with the Fireside Bank portfolio and accrues interest at a rate of one-month LIBOR plus 7.00% per annum, with a minimum rate of 8.0% per annum. All excess cash flow on the receivables after the payment of servicing fees, interest expense, preferred dividend and other

administrative fees is used to repay the loan until paid in full and then to return our initial investment. Thereafter all excess cash flow shall be split; the lenders will receive 80% and we will receive 20%. At September 30, 2012, \$62.6 million was outstanding under this facility.

The acquisition of automobile contracts for subsequent sale in securitization transactions, and the need to fund spread accounts and initial overcollateralization, if any, and increase credit enhancement levels when those transactions take place, results in a continuing need for capital. The amount of capital required is most heavily dependent on the rate of our automobile contract purchases, the required level of initial credit enhancement in securitizations, and the extent to which the previously established trusts and their related spread accounts either release cash to us or capture cash from collections on securitized automobile contracts. Of those, the factor most subject to our control is the rate at which we purchase automobile contracts.

We are and may in the future be limited in our ability to purchase automobile contracts due to limits on our capital. As of September 30, 2012, we had unrestricted cash of \$10.5 million. We had \$100.0 million available under the Page Six Funding credit facility and \$79.6 million available under the Page Eight Funding credit facility (all of our credit facilities advances require eligible collateral for advances). Our plans to manage our liquidity include maintaining our rate of automobile contract purchases at a level that matches our available capital, and, wherever appropriate, reducing our operating costs. If we are unable to complete such securitizations, we may be unable to increase our rate of automobile contract purchases, in which case our interest income and other portfolio related income would decrease.

Our liquidity will also be affected by releases of cash from the trusts established with our securitizations. While the specific terms and mechanics of each spread account vary among transactions, our securitization agreements generally provide that we will receive excess cash flows, if any, only if the amount of credit enhancement has reached specified levels and the delinquency, defaults or net losses related to the automobile contracts in the pool are below certain predetermined levels. In the event delinquencies, defaults or net losses on the automobile contracts exceed such levels, the terms of the securitization: (i) may require increased credit enhancement to be accumulated for the particular pool; (ii) may restrict the distribution to us of excess cash flows associated with other pools; or (iii) in certain circumstances, may permit the insurers to require the transfer of servicing on some or all of the automobile contracts to another servicer. There can be no assurance that collections from the related trusts will continue to generate sufficient cash. Moreover, most of our spread account balances are pledged as collateral to our residual interest financing. As such, most of the current releases of cash from our securitization trusts would be directed to pay the obligations of our residual interest financing if certain pool performance measures are not met.

Certain of our securitization transactions, our warehouse credit facilities and our residual interest financing contain various financial covenants requiring certain minimum financial ratios and results. Such covenants include maintaining minimum levels of liquidity and net worth and not exceeding maximum leverage levels. As of September 30, 2012, we were in compliance with all such covenants. In addition, certain securitization and non-securitization related debt contain cross-default provisions that would allow certain creditors to declare a default if a default occurred under a different facility.

Our plan for future operations and meeting the obligations of our financing arrangements includes returning to profitability (which we accomplished in the fourth quarter of 2011 and through the first nine months of 2012) and eliminating our shareholders' deficit by gradually increasing the amount of our contract purchases with the goal of increasing the balance of our outstanding managed portfolio. We have successfully increased our quarterly contract purchases during each of the first three quarters of 2012 and our outstanding managed portfolio has increased during the second and third quarters of 2012. Our plans also include financing future contract purchases with credit facilities and term securitizations that offer a lower overall cost of funds compared to the facilities we used in 2009 and 2010. To illustrate, in the last six months of 2009 we purchased \$6.1 million in contracts and our sole credit facility had a minimum interest rate of 14.00% per annum. By comparison, in 2010 we purchased \$113.0 million in contracts and, in March 2010, entered into a \$50 million term funding facility which had an interest rate of 11.00% per annum and the ability to decrease such rate to 9.00% per annum if certain conditions were met. During 2011, we used our Page Six Funding and Page Seven Funding credit facilities to purchase \$284.2 million in new contracts. During the first nine months of 2012, we

purchased \$400.9 million in new contracts primarily with our Page Six Funding and Page Eight Funding credit facilities.

More importantly, the weighted average effective coupons of our last seven term securitizations were 3.44%, 3.77%, 4.51%, 4.93%, 3.47%, 3.15% and 2.45%, respectively, and did not include financial guaranty policies. These transactions demonstrate our ability to access the lower cost of long-term funding available in the current market environment without the financial guaranties we historically incorporated into our term securitization structures. We expect to complete one more term securitizations in 2012. In addition, less competition in the auto financing marketplace has resulted in better terms for our recent contract purchases compared to years before 2008. The following table summarizes the average acquisition fees we charged dealers and the weighted average annual percentage rate on our purchased contracts for the periods shown:

	<u>9 Months Ended Sept. 30, 2012</u>	<u>2011</u>	<u>2010</u>	<u>2009</u>	<u>2008</u>
Average acquisition fee amount	\$ 895	\$ 1,155	\$ 1,382	\$ 1,508	\$ 592
Average acquisition fee as % of amount financed	5.8%	7.4%	9.2%	11.7%	3.9%
Weighted average annual percentage interest rate	20.3%	20.1%	20.1%	19.9%	18.5%

We have and will continue to have a substantial amount of indebtedness. At September 30, 2012, we had approximately \$908.2 million of debt outstanding. Such debt consisted primarily of \$721.4 million of securitization trust debt, \$76.6 million in debt secured by receivables measured at fair value (Fireside portfolio acquisition debt), \$20.4 million in warehouse lines of credit, \$13.8 million of residual interest financing, \$54.5 million of senior secured related party debt and \$21.5 million in subordinated notes. We are also currently offering the subordinated notes to the public on a continuous basis, and such notes have maturities that range from three months to 10 years.

As of September 30, 2012 we have a shareholders' deficit of \$7.5 million and our recent operating results include net losses of \$14.5 million and \$33.8 million in 2011 and 2010, respectively. We believe that our results have been materially and adversely affected by the disruption in the capital markets that began in the fourth quarter of 2007, by the recession that began in December 2007, and by related high levels of unemployment. Our ability to repay or refinance maturing debt may be adversely affected by prospective lenders' consideration of our operating losses in 2008 through 2011.

Although we believe we are able to service and repay our debt, there is no assurance that we will be able to do so. If our plans for future operations do not generate sufficient cash flows and operating profits, our ability to make required payments on our debt would be impaired. Failure to pay our indebtedness when due could have a material adverse effect, and might require us to issue additional debt or equity securities.

Critical Accounting Policies

We believe that our accounting policies related to (a) Allowance for Finance Credit Losses, (b) Amortization of Deferred Originations Costs and Acquisition Fees, (c) Term Securitizations, (d) Finance Receivables and Related Debt Measured at Fair Value, and (e) Income Taxes are the most critical to understanding and evaluating our reported financial results. Such policies are described below.

Allowance for Finance Credit Losses

In order to estimate an appropriate allowance for losses to be incurred on finance receivables, we use a loss allowance methodology commonly referred to as "static pooling," which stratifies our finance receivable portfolio into separately identified pools based on the period of origination. Using analytical and formula driven techniques, we estimate an allowance for finance credit losses, which we believe is adequate for probable credit losses that can be reasonably estimated in our portfolio of automobile contracts. The estimate

for probable credit losses is reduced by our estimate for future recoveries on previously incurred losses. Provision for losses is charged to our consolidated statement of operations. Net losses incurred on finance receivables are charged to the allowance. We evaluate the adequacy of the allowance by examining current delinquencies, the characteristics of the portfolio, prospective liquidation values of the underlying collateral and general economic and market conditions. As circumstances change, our level of provisioning and/or allowance may change as well. Our allowance as a percentage of finance receivables has decreased in recent years due primarily to the continued seasoning of our portfolio. Our historical static loss data shows that, in general, incremental monthly losses increase to a peak between months 36 and 42 of the life of a static portfolio, after which such monthly incremental losses tend to decrease. As of September 30, 2012 the weighted average age of our portfolio of finance receivables was 18 months. In addition, receivables originated after the second quarter of 2008 have exhibited significantly better credit performance metrics than earlier portfolios at similar aging stages.

Amortization of Deferred Originations Costs and Acquisition Fees

Upon purchase of a contract from a dealer, we generally either charge or advance the dealer an acquisition fee. In addition, we incur certain direct costs associated with originations of our contracts. All such acquisition fees and direct costs are applied to the carrying value of finance receivables and are accreted into earnings as an adjustment to the yield over the estimated life of the contract using the interest method.

Term Securitizations

Our term securitization structure has generally been as follows:

We sell automobile contracts we acquire to a wholly-owned special purpose subsidiary, which has been established for the limited purpose of buying and reselling our automobile contracts. The special-purpose subsidiary then transfers the same automobile contracts to another entity, typically a statutory trust. The trust issues interest-bearing asset-backed securities, in a principal amount equal to or less than the aggregate principal balance of the automobile contracts. We typically sell these automobile contracts to the trust at face value and without recourse, except that representations and warranties similar to those provided by the dealer to us are provided by us to the trust. One or more investors purchase the asset-backed securities issued by the trust; the proceeds from the sale of the asset-backed securities are then used to purchase the automobile contracts from us. We may retain or sell subordinated asset-backed securities issued by the trust or by a related entity. We structure our securitizations to include internal credit enhancement for the benefit of the investors (i) in the form of an initial cash deposit to an account ("spread account") held by the trust, (ii) in the form of overcollateralization of the senior asset-backed securities, where the principal balance of the senior asset-backed securities issued is less than the principal balance of the automobile contracts, (iii) in the form of subordinated asset-backed securities, or (iv) some combination of such internal credit enhancements. The agreements governing the securitization transactions require that the initial level of internal credit enhancement be supplemented by a portion of collections from the automobile contracts until the level of internal credit enhancement reaches specified levels, which are then maintained. The specified levels are generally computed as a percentage of the principal amount remaining unpaid under the related automobile contracts. The specified levels at which the internal credit enhancement is to be maintained will vary depending on the performance of the portfolios of automobile contracts held by the trusts and on other conditions, and may also be varied by agreement among us, our special purpose subsidiary, the insurance company and the trustee. Such levels have increased and decreased from time to time based on performance of the various portfolios, and have also varied from one transaction to another. The agreements governing the securitizations generally grant us the option to repurchase the sold automobile contracts from the trust when the aggregate outstanding balance of the automobile contracts has amortized to a specified percentage of the initial aggregate balance.

Upon each transfer of automobile contracts in a transaction structured as a secured financing for financial accounting purposes, we retain on our consolidated balance sheet the related automobile contracts as assets and record the asset-backed notes issued in the transaction as indebtedness.

We receive periodic base servicing fees for the servicing and collection of the automobile contracts. Under our securitization structures treated as secured financings for financial accounting purposes, such servicing fees are included in interest income from the automobile contracts. In addition, we are entitled to the cash

flows from the trusts that represent collections on the automobile contracts in excess of the amounts required to pay principal and interest on the asset-backed securities, base servicing fees, and certain other fees and expenses (such as trustee and custodial fees).

If the amount of cash required for payment of fees, expenses, interest and principal on the senior asset-backed notes exceeds the amount collected during the collection period, the shortfall is withdrawn from the spread account, if any. If the cash collected during the period exceeds the amount necessary for the above allocations plus required principal payments on the subordinated asset-backed notes, and there is no shortfall in the related spread account or the required overcollateralization level, the excess is released to us. If the spread account and overcollateralization is not at the required level, then the excess cash collected is retained in the trust until the specified level is achieved. Although spread account balances are held by the trusts on behalf of our special-purpose subsidiaries as the owner of the residual interests or the trusts, we are restricted in use of the cash in the spread accounts. Cash held in the various spread accounts is invested in high quality, liquid investment securities, as specified in the securitization agreements.

Finance Receivables and Related Debt Measured at Fair Value

In September 2011 we purchased finance receivables from Fireside Bank. These receivables are secured by debt that was structured specifically for the acquisition of this portfolio. Since the Fireside receivables were originated by another entity with its own underwriting guidelines and procedures, we have elected to account for the Fireside receivables and the related debt secured by those receivables at their estimated fair values so that changes in fair value will be reflected in our results of operations as they occur. There are limited observable inputs available to us for measurement of such receivables, or for the related debt. We use our own assumptions about the factors that we believe market participants would use in pricing similar receivables and debt, and are based on the best information available in the circumstances. The valuation method used to estimate fair value may produce a fair value measurement that may not be indicative of ultimate realizable value. Furthermore, while we believe our valuation methods are appropriate and consistent with those used by other market participants, the use of different methods or assumptions to estimate the fair value of certain financial instruments could result in different estimates of fair value. Those estimated values may differ significantly from the values that would have been used had a readily available market for such receivables or debt existed, or had such receivables or debt been liquidated, and those differences could be material to the financial statements.

Income Taxes

We account for income taxes under the asset and liability method, which requires the recognition of deferred tax assets and liabilities for the expected future tax consequences of events that have been included in the financial statements. Under this method, deferred tax assets and liabilities are determined based on the differences between the financial statements and tax basis of assets and liabilities using enacted tax rates in effect for the year in which the differences are expected to reverse. The effect of a change in tax rates on deferred tax assets and liabilities is recognized in income in the period that includes the enactment date. Deferred tax assets are recognized subject to management's judgment that realization is more likely than not. Although realization is not assured, we believe that the realization of the recognized net deferred tax asset of \$15.0 million is more likely than not based on available tax planning strategies that could be implemented if necessary to prevent a carryforward from expiring. Our net deferred tax asset of \$15.0 million is net of a valuation allowance of \$59.9 million and consists of approximately \$11.5 million of net U.S. federal deferred tax assets and \$3.5 million of net state deferred tax assets. The major components of the deferred tax asset are \$67.0 million in net operating loss carryforwards and built in losses and \$11.5 million in net deductions which have not yet been taken on a tax return. We estimate that we would need to generate approximately \$37.5 million of taxable income during the applicable carryforward periods to realize fully our federal and state net deferred tax assets.

We are in a three-year cumulative pretax loss position at September 30, 2012. A cumulative loss position is considered significant negative evidence in assessing the realizability of a deferred tax asset. In determining

the possible future realization of deferred tax assets, we have considered future taxable income from the following sources: (a) reversal of taxable temporary differences; and (b) tax planning strategies available to us in accordance with ASC 740, "Income Taxes" that, if necessary, would be implemented to accelerate taxable income into years in which net operating losses might otherwise expire. Our tax planning strategies include the prospective sale of certain assets such as finance receivables, residual interests in securitized finance receivables, charged off receivables and base servicing rights. The expected proceeds for such asset sales have been estimated based on our expectation of what buyers of the assets would consider to be reasonable assumptions for net cash flows and required rates of return for each of the various asset types. Our estimates for net cash flows and required rates of return are subjective and inherently subject to future events which may significantly affect actual net proceeds we may receive from executing our tax planning strategies. Nevertheless, we believe such asset sales can produce significant taxable income within the relevant carryforward period. Such strategies could be implemented without significant effect on our core business or our ability to generate future growth. The costs related to the implementation of these tax strategies were considered in evaluating the amount of taxable income that could be generated in order to realize our deferred tax assets.

Based upon the tax planning opportunities and other factors discussed below, we have concluded that the U.S. and state net operating loss carryforward periods provide enough time to utilize the deferred tax assets pertaining to the existing net operating loss carryforwards and any net operating loss that would be created by the reversal of the future net deductions which have not yet been taken on a tax return. Although our core business has produced strong earnings in the past, even with intermittent loss periods resulting from economic cycles not unlike, although not as severe as, the current economic downturn we have not used expected future taxable income in our evaluation of the value of our net deferred tax asset. We have already taken steps to reduce our cost structure and have adjusted the contract interest rates and purchase prices applicable to our purchases of automobile contracts from dealers. We have been able to increase our acquisition fees and reduce our purchase prices because of lessened competition for our services. Our estimates of taxable income that may be derived from the implementation of our tax planning strategies is a forward-looking statement, and there can be no assurance that our estimates of such taxable income will be correct. Factors discussed under "Risk Factors," and in particular under the subheading "Risk Factors -- Forward-Looking Statements" may affect whether such projections prove to be correct.

We recognize interest and penalties related to unrecognized tax benefits within the income tax expense line in the accompanying consolidated statement of operations. Accrued interest and penalties are included within the related tax liability line in the consolidated balance sheet.

Forward Looking Statements

This report on Form 10-Q includes certain "forward-looking statements." Forward-looking statements may be identified by the use of words such as "anticipates," "expects," "plans," "estimates," or words of like meaning. Our provision for credit losses is a forward-looking statement, as it is dependent on our estimates as to future chargeoffs and recovery rates. Factors that could affect charge-offs and recovery rates include changes in the general economic climate, which could affect the willingness or ability of obligors to pay pursuant to the terms of automobile contracts, changes in laws respecting consumer finance, which could affect our ability to enforce rights under automobile contracts, and changes in the market for used vehicles, which could affect the levels of recoveries upon sale of repossessed vehicles. Factors that could affect our revenues in the current year include the levels of cash releases from existing pools of automobile contracts, which would affect our ability to purchase automobile contracts, the terms on which we are able to finance such purchases, the willingness of dealers to sell automobile contracts to us on the terms that we offer, and the terms on which and whether we are able to complete term securitizations once automobile contracts are acquired. Factors that could affect our expenses in the current year include competitive conditions in the market for qualified personnel and interest rates (which affect the rates that we pay on notes issued in our securitizations).

Item 4. Controls and Procedures

We maintain a system of internal controls and procedures designed to provide reasonable assurance as to the reliability of our published financial statements and other disclosures included in this report. As of the end of the period covered by this report, we evaluated the effectiveness of the design and operation of such disclosure controls and procedures. Based upon that evaluation, the principal executive officer (Charles E. Bradley, Jr.) and the principal financial officer (Jeffrey P. Fritz) concluded that the disclosure controls and procedures are effective in recording, processing, summarizing and reporting, on a timely basis, material information relating to us that is required to be included in our reports filed under the Securities Exchange Act of 1934. There have been no changes in our internal controls over financial reporting during our most recently completed fiscal quarter that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II — OTHER INFORMATION

Item 1. *Legal Proceedings*

The information provided under the caption "Legal Proceedings," Note 9 to the Unaudited Condensed Consolidated Financial Statements, included in Part I of this report, is incorporated herein by reference.

Item 1A. *Risk Factors*

We remind the reader that risk factors are set forth in Item 1A of our report on Form 10-K, filed with the U.S. Securities and Exchange Commission on March 6, 2012. Where we are aware of material changes to such risk factors as previously disclosed, we set forth below an updated discussion of such risks. The reader should note that the other risks identified in our report on Form 10-K remain applicable to us.

We have substantial indebtedness.

We have and will continue to have a substantial amount of indebtedness. At September 30, 2012 and December 31, 2011, we had approximately \$908.2 million and \$876.2 million, respectively, of debt outstanding. Such debt consisted, as of December 31, 2011, primarily of \$583.1 million of securitization trust debt, and also included \$166.8 million in receivable financing debt at fair value, \$25.4 million of warehouse indebtedness, \$21.9 million of residual interest financing, \$58.3 million of senior secured debt and \$20.8 million owed under a subordinated notes program. At September 30, 2012, such debt consisted primarily of \$721.4 million of securitization trust debt, and also included \$76.6 million in receivable financing debt at fair value, \$20.4 million of warehouse indebtedness, \$13.8 million of residual interest financing, \$54.5 million of senior secured debt, and \$21.5 million owed under a subordinated notes program. Such subordinated notes may be offered to the public on a continuous basis, and such notes have maturities that range from three months to 10 years.

Our substantial indebtedness could adversely affect our financial condition by, among other things:

- increasing our vulnerability to general adverse economic and industry conditions;
- requiring us to dedicate a substantial portion of our cash flow from operations to payments on our indebtedness, thereby reducing amounts available for working capital, capital expenditures and other general corporate purposes;
- limiting our flexibility in planning for, or reacting to, changes in our business and the industry in which we operate;
- placing us at a competitive disadvantage compared to our competitors that have less debt; and
- limiting our ability to borrow additional funds.

Although we believe we are able to service and repay such debt, there is no assurance that we will be able to do so. If we do not generate sufficient operating profits, our ability to make required payments on our debt would be impaired. Failure to pay our indebtedness when due could have a material adverse effect.

If an increase in interest rates results in a decrease in our cash flow from excess spread, our results of operations may be impaired.

Our profitability is largely determined by the difference, or "spread," between (i) the effective interest rate received on the automobile contracts that we purchase and (ii) the interest rates payable on the asset-backed securities issued in our securitizations (or any alternate permanent financing transactions) and, to a lesser extent, under our credit facilities. Disruptions in the market for asset-backed securities in the years 2008, 2009 and 2010 resulted in our paying higher interest rates than previously. While such disruptions appear to have eased, there can be no assurance that the interest rates that we will be required to pay in the future will not increase.

In addition to the interest rates payable in our financing transactions, there are other factors that affect our ability to manage interest rate risk. Specifically, we are subject to interest rate risk during the period between when automobile contracts are purchased from dealers and when such contracts are sold and financed in a securitization or any alternate permanent financing transaction. Interest rates on our warehouse credit facilities are adjustable while the interest rates on the automobile contracts are fixed. Therefore, if interest rates increase, the interest we must pay to the lenders under our warehouse credit facilities is likely to increase while the interest realized by us from those warehoused automobile contracts remains the same, and thus, during the warehousing period, the excess spread cash flow received by us would likely decrease. Additionally, contracts warehoused and then securitized during a rising interest rate environment may result in less excess spread cash flow realized by us under those securitizations as, historically, our securitization facilities pay interest to security holders on a fixed rate basis set at prevailing interest rates at the time of the closing of the securitization, which may be several months after the securitized contracts were originated and entered the warehouse, while our customers pay fixed rates of interest on the contracts, set at the time they purchase the underlying vehicles. A decrease in excess spread cash flow could adversely affect our earnings and cash flow.

To mitigate, but not eliminate, the short-term risk relating to interest rates payable by us under the warehouse facilities, we have generally held automobile contracts in the warehouse credit facilities for less than four months. The disruptions in the market for asset-backed securities caused us to lengthen that period during 2008, 2009 and 2010, which has reduced the effectiveness of this mitigation strategy. With our improved access to the credit markets in 2011 and 2012, we have completed six term securitizations in the last 18 months. As a result, we have been able to re-employ this strategy. To mitigate, but not eliminate, the long-term risk relating to interest rates payable by us in securitizations, we have in the past, and we may in the future, structure some of our securitization transactions to include pre-funding structures, whereby the amount of securities issued exceeds the amount of contracts initially sold into the securitization. In pre-funding, the proceeds from the pre-funded portion are held in an escrow account until we sell the additional contracts into the securitization in amounts up to the balance of the pre-funded escrow account. In pre-funded securitizations, we effectively lock in our borrowing costs with respect to the contracts we subsequently sell into the securitization. However, we incur an expense in pre-funded securitizations equal to the difference between the money market yields earned on the proceeds held in escrow prior to subsequent delivery of contracts and the interest rate paid on the securities issued in the securitization. The amount of such expense may vary. Our four most recent securitization transactions included pre-funding features. Despite these mitigation strategies, an increase in prevailing interest rates would cause us to receive less excess spread cash flows on automobile contracts, and thus could adversely affect our earnings and cash flows.

Forward-Looking Statements

Discussions of certain matters contained in this report may constitute forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the "Securities Act") and Section 21E of the Exchange Act, and as such, may involve risks and uncertainties. These forward-looking statements relate to, among other things, expectations of the business environment in which we operate, projections of future performance, perceived opportunities in the market and statements regarding our mission and vision. You can generally identify forward-looking statements as statements containing the words "will," "would," "believe," "may," "could," "expect," "anticipate," "intend," "estimate," "assume" or other similar expressions. Our actual results, performance and achievements may differ materially from the results, performance and achievements expressed or implied in such forward-looking statements. The discussion under "Risk Factors" identifies some of the factors that might cause such a difference, including the following:

- changes in general economic conditions;
- our ability or inability to obtain necessary financing
- changes in interest rates;
- our ability to generate sufficient operating and financing cash flows;
- competition;
- level of future provisioning for receivables losses; and
- regulatory requirements.

Forward-looking statements are not guarantees of performance. They involve risks, uncertainties and assumptions. Actual results may differ from expectations due to many factors beyond our ability to control or predict, including those described herein, and in documents incorporated by reference in this report. For these statements, we claim the protection of the safe harbor for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995.

We undertake no obligation to publicly update any forward-looking information. You are advised to consult any additional disclosure we make in our periodic reports filed with the SEC. See "Where You Can Find More Information" and "Documents Incorporated by Reference."

(iv) Temporary Regulation S Global Note to Rule 144A Global Note. If a holder of a beneficial interest in the Temporary Regulation S Global Note registered in the name of the Clearing Agency or its nominee wishes at any time to exchange its interest in such Temporary Regulation S Global Note for an interest in the Rule 144A Global Note, or to transfer its interest in such Temporary Regulation S Global Note to a Person who wishes to take delivery thereof in the form of an interest in the Rule 144A Global Note, such holder may, subject to the rules and procedures of Euroclear or Clearstream and the Clearing Agency, as the case may be, exchange or cause the exchange or transfer of such interest for an equivalent beneficial interest in the Rule 144A Global Note. Upon receipt by the Note Registrar of (1) instructions from Euroclear or Clearstream or the Clearing Agency, as the case may be, directing the Note Registrar to credit or cause to be credited a beneficial interest in the Rule 144A Global Note equal to the beneficial interest in the Temporary Regulation S Global Note to be exchanged or transferred, such instructions to contain information regarding the agent member's account with the Clearing Agency to be credited with such increase, and, with respect to an exchange or transfer of an interest in the Temporary Regulation S Global Note after the Exchange Date, information regarding the agent member's account with the Clearing Agency to be debited with such decrease, and (2) with respect to an exchange or transfer of an interest in the Temporary Regulation S Global Note for an interest in the Rule 144A Global Note prior to the Exchange Date, a certificate in the form of Exhibit C-5 attached hereto given by the holder of such beneficial interest and stating that the Person transferring such interest in the Temporary Regulation S Global Note reasonably believes that the Person acquiring such interest in the Rule 144A Global Note is a QIB and is obtaining such beneficial interest in a transaction meeting the requirements of Rule 144A, Euroclear or Clearstream or the Note Registrar, as the case may be, shall instruct the Clearing Agency

to reduce the Temporary Regulation S Global Note by the aggregate principal amount of the beneficial interest in the Temporary Regulation S Global Note to be exchanged or transferred, and the Note Registrar shall instruct the Clearing Agency, concurrently with such reduction, to increase the principal amount of the Rule 144A Global Note by the aggregate principal amount of the beneficial interest in the Temporary Regulation S Global Note to be so exchanged or transferred, and to credit or cause to be credited to the account of the Person specified in such instructions a beneficial interest in the Rule 144A Global Note equal to the reduction in the principal amount of the Temporary Regulation S Global Note.

(v) Permanent Regulation S Global Note to Rule 144A Global Note. If a holder of a beneficial interest in the Permanent Regulation S Global Note registered in the name of the Clearing Agency or its nominee wishes at any time to exchange its interest in such Permanent Regulation S Global Note for an interest in the Rule 144A Global Note, or to transfer its interest in such Permanent Regulation S Global Note to a Person who wishes to take delivery thereof in the form of an interest in the Rule 144A Global Note, such holder may, subject to the rules and procedures of Euroclear or Clearstream and the Clearing Agency, as the case may be, exchange or cause the exchange or transfer of such interest for an equivalent beneficial interest in the Rule 144A Global Note. Upon receipt by the Note Registrar of (1) instructions from Euroclear or Clearstream or the Clearing Agency, as the case may be, directing the Note Registrar to credit or cause to be credited a beneficial interest in the Rule 144A Global Note equal to the beneficial interest in the Permanent Regulation S Global Note to be exchanged or transferred, such instructions to contain information regarding the agent member's account with the Clearing Agency to be credited with such increase, and (2) a certificate in the form of Exhibit C-5 attached hereto given by the holder of such beneficial interest and stating that the Person transferring such interest in the Permanent Regulation S Global Note reasonably believes that the Person acquiring such interest in the Rule 144A Global Note is a QIB and is obtaining such beneficial interest in a transaction meeting the requirements of Rule 144A, Euroclear or Clearstream or the Note Registrar, as the case may be, shall instruct the Clearing Agency to reduce the Permanent Regulation S Global Note by the aggregate principal amount of the beneficial interest in the Permanent Regulation S Global Note to be exchanged or transferred, and the Note Registrar shall instruct the Clearing Agency, concurrently with such reduction, to increase the principal amount of the Rule 144A Global Note by the aggregate principal amount of the beneficial interest in the Permanent Regulation S Global Note to be so exchanged or transferred, and to credit or cause to be credited to the account of the Person specified in such instructions a beneficial interest in the Rule 144A Global Note equal to the reduction in the principal amount of the Permanent Regulation S Global Note.

(vi) Definitive Note to Rule 144A Global Note or Regulation S Global Note. If a Holder of a Definitive Note wishes at any time to exchange

such Definitive Note for an interest in a Rule 144A Global Note or, with respect to any Class other than the Class E Notes, a Regulation S Global Note of the same Class, or to transfer a Definitive Note to a Person who wishes to take delivery thereof in the form of an interest in a Rule 144A Global Note or, with respect to any Class other than the Class E Notes, Regulation S Global Note of the same Class, such holder may, subject to the rules and procedures of the Clearing Agency, and any requirements of the Trustee, exchange or cause the exchange or transfer of such Definitive Note for an equivalent beneficial interest in a Rule 144A Global Note or Regulation S Global Note; provided, however, that any Noteholder wishing to make such exchange in a Rule 144A Global Note or Regulation S Global Note or such transferee of a Rule 144A Global Note or a Regulation S Global Note shall execute and deliver to the Note Registrar a letter in substantially the form of Exhibit B hereto. Any Noteholder requesting such an exchange shall pay the reasonable fees and expenses relating to such exchange, including registration of such Rule 144A Global Note or Regulation S Global Note with the Clearing Agency, if applicable, and the reasonable expenses of the Note Registrar and Trustee and the Clearing Agency. In addition, any Noteholder requesting such an exchange shall deliver to the Trustee such security or indemnity as may be reasonably required by it to hold the Issuer and the Trustee harmless with respect to such exchange.

(vii) Rule 144A Global Note or Permanent Regulation S Global Note to Definitive Note. If a holder of a beneficial interest in a Rule 144A Global Note or a Permanent Regulation S Global Note registered in the name of the Clearing Agency or its nominee wishes at any time to exchange its interest in such Rule 144A Global Note or Permanent Regulation S Global Note for a Definitive Note, or to transfer its interest in such Rule 144A Global Note or Permanent Regulation S Global Note to a Person who wishes to take delivery thereof in the form of a Definitive Note (including in connection with a transfer of such Note to an Institutional Accredited Investor), such holder may, subject to the rules and procedures of the Clearing Agency, the provisions of Section 2.12 and any requirements of the Trustee, exchange or cause the exchange or transfer of such Rule 144A Global Note or Permanent Regulation S Global Note for one or more Definitive Notes (that in the aggregate represent an equivalent interest in such Rule 144A Global Note or Permanent Regulation S Global Note).

(e) All Notes issued upon any registration of transfer or exchange of Notes shall be the valid obligations of the Issuer, evidencing the same debt, and entitled to the same benefits under this Indenture, as the Notes surrendered upon such registration of transfer or exchange.

(f) Every Note presented or surrendered for registration of transfer or exchange shall be (i) duly endorsed by, or accompanied by a written instrument of transfer in the form attached to Exhibits A-1, A-2, A-3, A-4 and A-5 and duly executed by, the Holder thereof or such Holder's attorney, duly authorized in writing, with such signature guaranteed by an "eligible guarantor institution" meeting the requirements of the Note Registrar which requirements include

membership or participation in Securities Transfer Agents Medallion Program ("STAMP") or such other "signature guarantee program" as may be determined by the Note Registrar in addition to, or in substitution for, STAMP, all in accordance with the Exchange Act and (ii) accompanied by such other documents as the Trustee may require.

(g) Unless the acquisition and holding of Notes will be covered by Prohibited Transaction Class Exemption ("PTCE") 84-14, PTCE 90-1, PTCE 91-38, PTCE 95-60, PTCE 96-23 or a similar U.S. Department of Labor class exemption or other similar exemption, no Noteholder may acquire any Notes with the assets of any "employee benefit plan" as defined in Section 3(3) of ERISA which is subject to Title I of ERISA or any "plan" as defined in Section 4975 of the Internal Revenue Code (each, a "Benefit Plan"); provided, however, that no Holder of a Class D Note or a Class E Note may acquire a Class D Note or Class E Note with the assets of a Benefit Plan regardless of the availability of a PTCE.

(h) No service charge shall be made to a Holder for any registration of transfer or exchange of Notes, but the Note Registrar may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with any registration of transfer or exchange of Notes, other than exchanges or issuances pursuant to Section 2.3 or Section 9.6 not involving any transfer.

(i) The preceding provisions of this Section 2.4 notwithstanding, the Issuer shall not be required to make and the Note Registrar shall not register transfers or exchanges of Notes selected for redemption or of any Note for a period of 15 days preceding the due date for any payment with respect to the Notes.

(j) Transfers between participants of Euroclear and Clearstream, and between participants in the Clearing Agency, will be effected in the ordinary manner in accordance with their respective rules and operating procedures.

(k) The Issuer shall provide to any Noteholder and any prospective transferee designated by any such Noteholder, information regarding the Notes, the Trust Estate and such other information as shall be necessary to satisfy the condition to eligibility set forth in Rule 144A(d)(4) for transfer of any such Note without registration thereof under the Securities Act pursuant to the registration exemption provided by Rule 144A. The Trustee and the Servicer shall cooperate with the Issuer in providing the Rule 144A information referenced in the preceding sentence, including providing to the Issuer such information regarding the Notes, the Trust Estate and other matters as the Issuer shall reasonably request to meet its obligation under the preceding sentence. Each Noteholder desiring to effect such transfer shall, and does hereby agree to, indemnify the Issuer, the Trustee and the Servicer against any liability that may result if the transfer is not so exempt or is not made in accordance with such Federal and State securities laws.

SECTION 2.5 Mutilated, Destroyed, Lost or Stolen Notes.

(a) If (i) any mutilated Note is surrendered to the Trustee, or the Trustee receives evidence to its satisfaction of the destruction, loss or theft of any Note, and (ii) there is delivered to the Trustee such security or indemnity as may be required by it to hold the Issuer and the

Trustee harmless, then, in the absence of notice to the Issuer, the Note Registrar or the Trustee that such Note has been acquired by a bona fide purchaser, and, provided that the requirements of Section 8-405 and 8-406 of the UCC are met, the Issuer shall execute, and upon request by the Issuer, the Trustee shall authenticate and deliver in exchange for or in lieu of any such mutilated, destroyed, lost or stolen Note, a replacement Note; provided, however, that if any such destroyed, lost or stolen Note, but not a mutilated Note, shall have become, or within seven days shall be, due and payable or shall have been called for redemption, instead of issuing a replacement Note, the Issuer may direct the Trustee, in writing, to pay such destroyed, lost or stolen Note when so due or payable or upon the Redemption Date without surrender thereof. If, after the delivery of such replacement Note or payment of a destroyed, lost or stolen Note pursuant to the proviso to the preceding sentence, a bona fide purchaser of the original Note in lieu of which such replacement Note was issued, presents for payment such original Note, the Issuer and the Trustee shall be entitled to recover such replacement Note (or such payment) from the Person to whom it was delivered or any Person taking such replacement Note from such Person to whom such replacement Note was delivered or any assignee of such Person, except a bona fide purchaser, and shall be entitled to recover upon the security or indemnity provided therefor to the extent of any loss, damage, cost or expense incurred by the Issuer or the Trustee in connection therewith.

(b) Upon the issuance of any replacement Note under this Section, the Issuer may require the payment by the Holder of such Note of a sum sufficient to cover any tax or other governmental charge that may be imposed in relation thereto and any other reasonable expenses (including the fees and expenses of the Trustee) connected therewith.

(c) Every replacement Note issued pursuant to this Section in replacement of any mutilated, destroyed, lost or stolen Note shall constitute an original additional contractual obligation of the Issuer, whether or not the mutilated, destroyed, lost or stolen Note shall be at any time enforceable by anyone, and shall be entitled to all the benefits of this Indenture equally and proportionately with any and all other Notes duly issued hereunder.

(d) The provisions of this Section are exclusive and shall preclude (to the extent lawful) all other rights and remedies with respect to the replacement or payment of mutilated, destroyed, lost or stolen Notes.

SECTION 2.6 Persons Deemed Owner. Prior to due presentment for registration of transfer of any Note, the Issuer, the Trustee and any agent of the Issuer and the Trustee may treat the Person in whose name any Note is registered (as of the applicable Record Date) as the owner of such Note for the purpose of receiving payments of principal of and interest, if any, on such Note, for all other purposes whatsoever subject to Section 11.3(e) and whether or not such Note be overdue, and none of the Issuer, the Trustee nor any agent of the Issuer or the Trustee shall be affected by notice to the contrary.

SECTION 2.7 Payment of Principal and Interest; Defaulted Interest.

(a) The Notes shall accrue interest as provided in the forms of the Class A Note, the Class B Note, the Class C Note, the Class D Note and the Class E Note attached hereto as Exhibits A-1, A-2, A-3, A-4 and A-5, respectively, and such interest shall be payable on each

Payment Date as specified therein. Any installment of interest or principal, if any, or any other amount payable on any Note which is punctually paid or duly provided for by the Issuer on the applicable Payment Date shall be paid to the Person in whose name such Note (or one or more Predecessor Notes) is registered on the related Record Date, by check mailed first-class, postage prepaid, to such Person's address as it appears on the Note Register on such Record Date, or by wire transfer in immediately available funds to the account designated in writing to the Trustee by such Person at least five Business Days prior to the related Record Date, except that, unless Definitive Notes have been issued pursuant to [Section 2.12](#), with respect to Notes registered on the related Record Date in the name of the nominee of the Clearing Agency (initially, such nominee to be Cede & Co.), payment will be made by wire transfer in immediately available funds to the account designated by such nominee, except for the final installment of principal payable with respect to such Note on a Payment Date or on the Final Scheduled Payment Date (and except for the Redemption Price for any Note called for redemption pursuant to [Section 10.1](#)), which shall be payable as provided below. The funds represented by any such checks returned undelivered shall be held in accordance with [Section 3.3](#).

(b) The principal of each Note shall be payable in installments on each Payment Date as provided in the forms of the Class A Note, the Class B Note, the Class C Note, the Class D Note and the Class E Note attached hereto as [Exhibits A-1, A-2, A-3, A-4 and A-5](#), respectively. Notwithstanding the foregoing, the entire unpaid principal amount of the Notes shall be due and payable, if not previously paid, on the date on which an Event of Default shall have occurred and be continuing in the manner and under the circumstances provided in [Section 5.2](#). All principal payments on a Class of Notes shall be made pro rata to the Noteholders of such Class entitled thereto. Upon written notice from the Issuer, the Trustee shall notify the Person in whose name a Note is registered at the close of business on the Record Date preceding the Payment Date on which the Issuer expects that the final installment of principal of and interest on (or any other amount in respect of) such Note will be paid. Such notice shall be mailed or transmitted by facsimile prior to such final Payment Date and shall specify that such final installment will be payable only upon presentation and surrender of such Note and shall specify the place where such Note may be presented and surrendered for payment of such installment. Notices in connection with redemptions of Notes shall be mailed to Noteholders as provided in [Section 10.2](#).

(c) If the Issuer defaults in a payment of interest on any Class of Notes entitled thereto, the Issuer shall pay defaulted interest (plus interest on such defaulted interest to the extent lawful) at the applicable Interest Rate in any lawful manner. The Issuer may pay such defaulted interest to the Persons who are Noteholders on a subsequent special record date, which date shall be at least five Business Days prior to the Payment Date. The Issuer shall fix or cause to be fixed any such special record date and Payment Date, and, at least 15 days before any such special record date, the Issuer shall mail to each Noteholder of each affected Class and the Trustee a notice that states the special record date, the Payment Date and the amount of defaulted interest to be paid.

(d) All distributions in respect of Notes represented by a Temporary Regulation S Global Note will be made only with respect to that portion of the Temporary Regulation S Global Note in respect of which Euroclear or Clearstream shall have delivered to the Trustee a certificate or certificates substantially in the form of [Exhibit C-1](#). The delivery to the Trustee by Euroclear or

Clearstream of the certificate or certificates referred to above may be relied upon by the Issuer and the Trustee as conclusive evidence that the certificate or certificates referred to therein has or have been delivered to Euroclear or Clearstream pursuant to the terms of this Indenture and the Temporary Regulation S Global Note.

SECTION 2.8 Cancellation. All Notes surrendered for payment, registration of transfer, exchange or redemption shall, if surrendered to any Person other than the Trustee, be delivered to the Trustee and shall be promptly canceled by the Trustee. The Issuer may at any time deliver to the Trustee for cancellation any Notes previously authenticated and delivered hereunder that the Issuer may have acquired in any manner whatsoever, and all Notes so delivered shall be promptly canceled by the Trustee. No Notes shall be authenticated in lieu of or in exchange for any Notes canceled as provided in this Section, except as expressly permitted by this Indenture. All canceled Notes may be held or disposed of by the Trustee in accordance with its standard retention or disposal policy as in effect at the time unless the Issuer shall direct by an Issuer Order that they be destroyed or returned to it; provided that such Issuer Order is timely and the Notes have not been previously disposed of by the Trustee.

SECTION 2.9 Release of Collateral. The Trustee shall, on or after the later of (i) the Termination Date and (ii) the date upon which all Issuer Secured Obligations have been satisfied, release any remaining portion of the Trust Estate from the lien created by this Indenture and deposit in the Collection Account any funds then on deposit in any other Trust Account. The Trustee shall release property from the lien created by this Indenture pursuant to this Section 2.9 only upon receipt of an Issuer Request accompanied by an Officer's Certificate and an Opinion of Counsel meeting the applicable requirements of Section 11.1.

SECTION 2.10 Book-Entry Notes.

(a) Notes sold to QIBs pursuant to Rule 144A and to Non-U.S. Persons in offers and sales that occur outside of the United States, upon original issuance, will be issued in the form of typewritten Notes representing the Book-Entry Notes, to be delivered to DTC or to the Trustee as custodian for the initial Clearing Agency, by, or on behalf of, the Issuer. Such Notes shall initially be registered on the Note Register in the name of Cede & Co., the nominee of the initial Clearing Agency, and no Note Owner of such Notes will receive a Definitive Note representing such Note Owner's interest in such Note, except as provided in Section 2.12. Unless and until definitive, fully registered Notes (the "Definitive Notes") have been issued pursuant to Section 2.12:

(i) the provisions of this Section shall be in full force and effect;

(ii) the Note Registrar and the Trustee shall be entitled to deal with the Clearing Agency for all purposes of this Indenture (including the payment of principal of and interest on the Notes and the giving of instructions or directions hereunder) as the sole Holder of the Notes, and shall have no obligation to the Note Owners;

(iii) to the extent that the provisions of this Section conflict with any other provisions of this Indenture, the provisions of this Section shall control;

(iv) the rights of Note Owners shall be exercised only through the Clearing Agency and shall be limited to those established by law and agreements between such Note Owners and the Clearing Agency and/or the Clearing Agency Participants. Unless and until Definitive Notes are issued pursuant to Section 2.12, the Clearing Agency will make book-entry transfers among the Clearing Agency Participants and receive and transmit payments of principal of and interest on the Notes to such Clearing Agency Participants;

(v) whenever this Indenture requires or permits actions to be taken based upon instructions or directions of Holders of Notes evidencing a specified percentage of the Outstanding Amount of the Notes or any Class thereof, the Clearing Agency shall be deemed to represent such percentage only to the extent that it has received instructions to such effect from Note Owners and/or Clearing Agency Participants owning or representing, respectively, such required percentage of the beneficial interest in the Notes of such Class and has delivered such instructions to the Trustee; and

(vi) Note Owners may receive copies of any reports sent to Noteholders pursuant to this Indenture, upon written request, together with a certification that they are Note Owners and payment of reproduction and postage expenses associated with the distribution of such reports, from the Trustee at the Corporate Trust Office.

(b) Subject to Section 2.4(j), the provisions of the "Operating Procedures of the Euroclear System" and the "Terms and Conditions Governing Use of Euroclear" and the "Management Regulations" and "Instructions to Participants" of Clearstream, respectively, shall be applicable to a Global Note insofar as interests in such Global Note are held by the agent members of Euroclear or Clearstream (which shall only occur in the case of the Temporary Regulation S Global Note and the Permanent Regulation S Global Note). Account holders or participants in Euroclear and Clearstream shall have no rights under this Indenture with respect to such Global Note and the registered holder may be treated by the Issuer, the Indenture, any Agent and any agent of the Issuer or the Trustee as the owner of such Global Note for all purposes whatsoever.

SECTION 2.11 Notices to Clearing Agency. Whenever a notice or other communication to the Noteholders is required under this Indenture, unless and until Definitive Notes shall have been issued to Note Owners pursuant to Section 2.12, the Trustee shall give all such notices and communications specified herein to be given to Holders of the Book-Entry Notes to the Clearing Agency and shall have no obligation to deliver such notices or communications to the Note Owners.

SECTION 2.12 Definitive Notes.

(a) Notes issued to Institutional Accredited Investor pursuant to Regulation D will be issued only as Definitive Notes. If a holder of a Note in the form of a Rule 144A Global Note or, with respect to any Class other than the Class E Notes, a Regulation S Global Note wishes at any time to exchange its interest in such Rule 144A Global Note or Regulation S Global Note for an equivalent interest in a Definitive Note, or to transfer its interest in such Rule 144A Global Note or Regulation S Global Note to a Person who wishes to take delivery thereof in the form of a Definitive Note, such holder may, subject to the rules and procedures of the Clearing Agency, and any requirements of the Trustee, exchange or cause the exchange or transfer of such 144A Global Note or Regulation S Global Note for an equivalent interest in a Definitive Note; provided that, the holder wishing to make such exchange or the transferee taking delivery of a Definitive Note is an Institutional Accredited Investor and has executed and delivered to the Note Registrar a letter substantially in the form of Exhibit B hereto.

(b) If (i) the Servicer advises the Trustee in writing that the Clearing Agency is no longer willing or able to properly discharge its responsibilities with respect to the Book-Entry Notes, and the Servicer is unable to locate a qualified successor, (ii) the Servicer at its option advises the Trustee in writing that it elects to terminate the book-entry system through the Clearing Agency or (iii) after the occurrence of an Event of Default, Note Owners representing beneficial interests aggregating at least a majority of the Outstanding Amount of such Book-Entry Notes advise the Trustee through the Clearing Agency in writing that the continuation of a book entry system through the Clearing Agency is no longer in the best interests of such Note Owners, then the Clearing Agency shall notify all such Note Owners and the Trustee of the occurrence of any such event and of the availability of Definitive Notes to Note Owners requesting the same. Upon surrender to the Trustee of the typewritten Note or Notes representing the Book-Entry Notes by the Clearing Agency, accompanied by registration instructions, the Issuer shall execute and the Trustee shall authenticate the Definitive Notes in accordance with the instructions of the Clearing Agency. None of the Issuer, the Note Registrar or the Trustee shall be liable for any delay in delivery of such instructions and may conclusively rely on, and shall be protected in relying on, such instructions. Upon the issuance of Definitive Notes, the Trustee and the Note Registrar shall recognize the Holders of the Definitive Notes as Noteholders.

(c) Interests in a Temporary Regulation S Note may only be exchanged for Definitive Notes upon the receipt by the Trustee from Euroclear or Clearstream, as the case may be, of a certificate substantially in the form of Exhibit C-1 to the effect that Euroclear or Clearstream, as applicable, has received a certificate substantially in the form of Exhibit C-2 from the holder of a beneficial interest in such Note. Notwithstanding the foregoing, Definitive Notes shall not be issued in exchange for Temporary Regulation S Notes until on or after the Exchange Date.

SECTION 2.13 Restrictions on Transfer of Notes.

(a) The Notes have not been registered or qualified under the Securities Act, or any State securities laws or "Blue Sky" laws, and the Notes are being offered and sold in reliance upon exemptions from the registration requirements of the Securities Act and such Blue Sky or State securities laws. No transfer, sale, pledge or other disposition of any Note shall be made unless such disposition is made (1) to the Seller or an Affiliate of the Seller, (2) to a QIB in a transaction pursuant to Rule 144A, (3) with respect to the Class A Notes, Class B Notes, Class C Notes and Class D Notes, to a Non-U.S. Person in a transaction pursuant to Regulation S or (4) to an Institutional Accredited Investor in a

transaction exempt from the registration requirements of the Securities Act. In the event that a transfer of an Ownership Interest in a Book-Entry Note is to be made in reliance upon (2) or (3) in the preceding sentence, the transferee will be deemed to have made the same representations and warranties as required of an initial purchaser of such Ownership Interest as set forth in Section 2.13(b) below. The Trustee or the Note Registrar shall require, in order to assure compliance with the Securities Act and the other terms of the Basic Documents, that the prospective transferee of a Holder of a Definitive Note desiring to effect a transfer certify to the Trustee or the Note Registrar in writing the facts surrounding such disposition pursuant to a letter, substantially in the form of Exhibit B hereto. None of the Seller, the Issuer or the Trustee is obligated under this Indenture to register the Notes under the Securities Act or any other securities law or to take any action not otherwise required under this Indenture to permit the transfer of such Notes without such registration or qualification.

(b) Each Person (other than the Seller or an Affiliate of the Seller) who has or who acquires an Ownership Interest in the Notes shall be deemed by the acceptance or acquisition of such Ownership Interest to have represented and agreed, as follows:

(i) Such Person either (A) is a QIB purchasing for its own account or for the account of another QIB and (II) is aware that the sale of the Notes to such Person is being made in reliance on Rule 144A under the Securities Act, (B) is an Institutional Accredited Investor or (C) with respect to Holders of any class of Notes other than the Class E Notes, is a Non-U.S. Person and is acquiring such Notes pursuant to an offer and sale that occur outside of the United States in compliance with Regulation S under the Securities Act.

(ii) Such Person understands that the Notes have not been and will not be registered under the Securities Act, and are being sold to it in a transaction that is exempt from the registration requirements of the Securities Act, and that, if in the future it decides to offer, resell, pledge or otherwise transfer the Notes, the Notes may be offered, sold, pledged or otherwise transferred only (A) to the Seller or an Affiliate of the Seller, (B) to a person whom the seller reasonably believes is a QIB in a transaction meeting the requirements of Rule 144A, (C) to a Non-U.S. Person pursuant to an offer and sale that occurs outside of the United States in compliance with Regulation S under the Securities Act or (D) with respect to Holders of any Class of Notes other than the Class E Notes (the transferee of which takes delivery thereof in the form of a Definitive Note), to an Institutional Accredited Investor, in each case in a transaction otherwise exempt from the registration requirements of the Securities Act and applicable securities laws of any state of the United States or any other territory or jurisdiction, and in compliance with the Indenture. Such Person further understands that no representation is made as to the availability of the exemption provided by Rule 144A for resales of the Notes.

(iii) Such Person further understands that a Rule 144A Global Note and a Regulation S Global Note for each class of Notes (other than with respect to the Class E Notes for which there is no Regulation S Global Note) has been registered in the name of the nominee of the Clearing Agency, or, in the case of Definitive Notes, such Definitive Notes have been registered in the name of such Person or its nominee, and each Note bears a legend to as to the transfer restrictions therefor as reflected on the face of such Note, forms of which are attached hereto as Exhibits A-1, A-2, A-3 and A-4.

(iv) Such Person is either (i) not acquiring the Offered Notes with the assets of any "employee benefit plan" as defined in Section 3(3) of ERISA which is subject to Title I of ERISA or any "plan" as defined in Section 4975 of the Internal Revenue Code or (ii) it is acquiring a Class A Note, a Class B Note or a Class C Note and the acquisition and holding of such Class A Note, Class B Note or Class C Note, as applicable, will be covered by Prohibited Transaction Class Exemption ("PTCE") 84-14, PTCE 90-1, PTCE 91-38, PTCE 95-60, PTCE 96-23 or a similar U.S. Department of Labor class exemption or other similar exemption.

The Issuer will maintain in Minneapolis, Minnesota, an office or agency where Notes may be surrendered for registration of transfer or exchange, and where notices and demands to or upon the Issuer in respect of the Notes and this Indenture may be served. The Issuer hereby initially appoints the Trustee to serve as its agent for the foregoing purposes. The Issuer will give prompt written notice to the Trustee of the location, and of any change in the location, of any such office or agency. If at any time the Issuer shall fail to maintain any such office or agency or shall fail to furnish the Trustee with the address thereof, such surrenders, notices and demands may be made or served at the Corporate Trust Office, and the Issuer hereby appoints the Trustee as its agent to receive all such surrenders, notices and demands.

SECTION 3.3 Money for Payments to be Held in Trust.

(a) On or before each Payment Date and Redemption Date, the Issuer shall deposit or cause to be deposited in the Principal Distribution Account from the Collection Account an aggregate sum sufficient to pay principal then becoming due under the Notes, such sum to be held in trust for the benefit of the Persons entitled thereto and (unless the Note Paying Agent is the Trustee) shall promptly notify the Trustee of its action or failure so to act.

(b) The Issuer shall cause each Note Paying Agent other than the Trustee to execute and deliver to the Trustee an instrument in which such Note Paying Agent shall agree with the Trustee (and if the Trustee acts as Note Paying Agent, it hereby so agrees), subject to the provisions of this Section, that such Note Paying Agent shall:

(i) hold all sums held by it for the payment of amounts due with respect to the Notes in trust for the benefit of the Persons entitled thereto until such sums shall be paid to such Persons or otherwise disposed of as herein provided and pay such sums to such Persons as herein provided;

(ii) give the Trustee notice of any default by the Issuer (or any other obligor upon the Notes) of which it has actual knowledge in the making of any payment required to be made with respect to the Notes;

(iii) at any time during the continuance of any such default, upon the written request of the Trustee, forthwith pay to the Trustee all sums so held in trust by such Note Paying Agent;

(iv) immediately resign as a Note Paying Agent and forthwith pay to the Trustee all sums held by it in trust for the payment of Notes if at any time it ceases to meet the standards required to be met by a Note Paying Agent at the time of its appointment; and

(v) comply with all requirements of the Code with respect to the withholding from any payments made by it on any Notes of any applicable withholding taxes imposed thereon and with respect to any applicable reporting requirements in connection therewith.

(c) The Issuer may at any time, for the purpose of obtaining the satisfaction and discharge of this Indenture or for any other purpose, by Issuer Order direct any Note Paying Agent to pay to the Trustee all sums held in trust by such Note Paying Agent, such sums to be held by the Trustee upon the same trusts as those upon which the sums were held by such Note Paying Agent; and upon such a payment by any Note Paying Agent to the Trustee, such Note Paying Agent shall be released from all further liability with respect to such money.

(d) Subject to applicable laws with respect to the escheat of funds, any money held by the Trustee or any Note Paying Agent in trust for the payment of any amount due with respect to any Note and remaining unclaimed for two years after such amount has become due and payable shall be discharged from such trust and be paid to the Issuer on Issuer Request and shall be deposited by the Trustee in the Collection Account; and the Holder of such Note shall thereafter,

as an unsecured general creditor, look only to the Issuer for payment thereof (but only to the extent of the amounts so paid to the Issuer), and all liability of the Trustee or such Note Paying Agent with respect to such trust money shall thereupon cease; provided, however, that the Trustee or such Note Paying Agent, before being required to make any such repayment, shall at the expense of the Issuer cause to be published once, in a newspaper published in the English language, customarily published on each Business Day and of general circulation in the City of New York, notice that such money remains unclaimed and that, after a date specified therein, which shall not be less than 30 days from the date of such publication, any unclaimed balance of such money then remaining will be repaid to the Issuer. The Trustee shall also adopt and employ, at the expense of the Issuer, any other reasonable means of notification of such repayment (including mailing notice of such repayment to Holders whose Notes have been called but have not been surrendered for redemption or whose right to or interest in moneys due and payable but not claimed is determinable from the records of the Trustee or of any Note Paying Agent, at the last address of record for each such Holder).

SECTION 3.4 Existence. Except as otherwise permitted by the provisions of Section 3.10, the Issuer will keep in full effect its existence, rights and franchises as a statutory trust under the laws of the State of Delaware (unless it becomes, or any successor Issuer hereunder is or becomes, organized under the laws of any other State or of the United States of America, in which case the Issuer will keep in full effect its existence, rights and franchises under the laws of such other jurisdiction) and will obtain and preserve its qualification to do business in each jurisdiction in which such qualification is or shall be necessary to protect the validity and enforceability of this Indenture, the Notes, the Collateral, the Sale and Servicing Agreement and each other instrument or agreement included in the Trust Estate.

SECTION 3.5 Protection of Trust Estate. The Issuer intends the security interest Granted pursuant to this Indenture in favor of the Trustee for the benefit of the Noteholders to be prior to all other liens in respect of the Trust Estate, and the Issuer shall take all actions necessary to obtain and maintain, in favor of the Trustee, for the benefit of the Noteholders, a first lien on and a first priority, perfected security interest in the Trust Estate. The Issuer will from time to time prepare (or shall cause to be prepared), execute and deliver all such supplements and amendments hereto and all such financing statements, continuation statements, instruments of further assurance and other instruments, and will take such other action necessary or advisable to:

- (i) Grant more effectively all or any portion of the Trust Estate;
 - (ii) maintain or preserve the lien and security interest (and the priority thereof) in favor of the Trustee for the benefit of the Noteholders created by this Indenture or carry out more effectively the purposes hereof;
 - (iii) perfect, publish notice of or protect the validity of any Grant made or to be made by this Indenture;
 - (iv) enforce any of the Collateral;
-

(v) preserve and defend title to the Trust Estate and the rights of the Trustee in such Trust Estate against the claims of all persons and parties; and

(vi) pay all taxes or assessments levied or assessed upon the Trust Estate when due.

The Issuer hereby designates the Trustee its agent and attorney-in-fact to execute any financing statement, continuation statement or other instrument required by the Trustee pursuant to this Section.

The Issuer hereby authorizes the filing, transmitting, or communicating, as applicable, financing statements and amendments thereto describing the Collateral in which the Issuer has granted a security interest to the Trustee as "all personal property of debtor" or "all assets of debtor" or words of similar effect, including all proceeds thereof.

SECTION 3.6 Opinions as to Trust Estate.

(a) On the Closing Date, and on the date of execution of each indenture supplemental hereto, the Issuer shall furnish to the Trustee an Opinion of Counsel either stating that, in the opinion of such counsel, such action has been taken with respect to the recording and filing of this Indenture, any indentures supplemental hereto, and any other requisite documents, and with respect to the filing of any financing statements and continuation statements, as are necessary to perfect and make effective the first priority lien and security interest in favor of the Trustee in the Receivables, for the benefit of the Noteholders, created by this Indenture and reciting the details of such action, or stating that, in the opinion of such counsel, no such action is necessary to make such lien and security interest effective.

(b) Within 90 days after the beginning of each calendar year, commencing in 2013, the Issuer shall furnish to the Trustee an Opinion of Counsel either stating that, in the opinion of such counsel, such action has been taken with respect to the recording, filing, re-recording and re-filing of this Indenture, any indentures supplemental hereto and any other requisite documents and with respect to the filing of any financing statements and continuation statements as are necessary to maintain the first priority lien and security interest created by this Indenture in the Receivables and reciting the details of such action or stating that in the opinion of such counsel no such action is necessary to maintain such lien and security interest. Such Opinion of Counsel shall also describe any action necessary (as of the date of such opinion) to be taken in the following year to maintain the lien and security interest of this Indenture.

SECTION 3.7 Performance of Obligations; Servicing of Receivables.

(a) The Issuer will not take any action and will use its best efforts not to permit any action to be taken by others that would release any Person from any of such Person's material covenants or obligations under any instrument or agreement included in the Trust Estate or that would result in the amendment, hypothecation, subordination, termination or discharge of or impair the validity or effectiveness of, any such instrument or agreement, except as ordered by any bankruptcy or other court or as expressly provided in this Indenture, the Basic Documents or such other instrument or agreement.

(b) The Issuer may contract with other Persons to assist it in performing its duties under this Indenture, and any performance of such duties by a Person identified to the Trustee in an Officer's Certificate of the Issuer shall be deemed to be action taken by the Issuer. Initially, the Issuer has contracted with the Servicer to assist the Issuer in performing its duties under this Indenture.

(c) The Issuer will punctually perform and observe all of its obligations and agreements contained in this Indenture, the Basic Documents and in the instruments and agreements included in the Trust Estate, including preparing (or causing to be prepared) and filing (or causing to be filed) all UCC financing statements and continuation statements required to be filed by the terms of this Indenture and the Sale and Servicing Agreement in accordance with and within the time periods provided for herein and therein.

(d) If a responsible officer of the Owner Trustee shall have written notice or actual knowledge of the occurrence of a Servicer Termination Event under the Sale and Servicing Agreement, the Issuer shall promptly notify the Trustee and the Rating Agencies thereof in accordance with Section 11.4, and shall specify in such notice the action, if any, the Issuer is taking in respect of such default. If a Servicer Termination Event shall arise from the failure of the Servicer to perform any of its duties or obligations under the Sale and Servicing Agreement with respect to the Receivables, the Issuer shall take all reasonable steps available to it to remedy such failure.

(e) The Issuer agrees that it will not waive timely performance or observance by the Servicer or the Seller of their respective duties under the Basic Documents if the effect thereof would adversely affect the Holders of the Notes.

SECTION 3.8 Negative Covenants. So long as any Notes are Outstanding, the Issuer shall not:

(i) except as expressly permitted by this Indenture or the Basic Documents, without the consent of the Controlling Party and the satisfaction of the Rating Agency Condition, sell, transfer, exchange or otherwise dispose of any of the properties or assets of the Issuer, including those included in the Trust Estate, unless directed to do so in writing by the Trustee in accordance with the terms of the Basic Documents;

(ii) claim any credit on, or make any deduction from the principal or interest payable in respect of, the Notes (other than amounts properly withheld from such payments under the Code) or assert any claim against any present or former Noteholder by reason of the payment of the taxes levied or assessed upon any part of the Trust Estate; or

(iii) (A) permit the validity or effectiveness of this Indenture to be impaired, or permit the lien in favor of the Trustee created by this Indenture to be amended, hypothecated, subordinated, terminated or discharged, or permit any Person to be released from any covenants or obligations with respect to the Notes under this Indenture or any other Basic Document except as may be

expressly permitted hereby or thereby, (B) permit any lien, charge, excise, claim, security interest, mortgage or other encumbrance (other than the lien of this Indenture) to be created on or extend to or otherwise arise upon or burden the Trust Estate, any Collateral or any part thereof or any interest therein or the proceeds thereof (other than tax liens, mechanics' liens and other liens that arise by operation of law, in each case on a Financed Vehicle and arising solely as a result of an action or omission of the related Obligor), (C) permit the lien of this Indenture not to constitute a valid first priority (other than with respect to any such tax, mechanics' or other lien) perfected security interest in the Trust Estate or any Collateral, (D) except as otherwise provided in the Basic Documents, amend, modify or fail to comply with the provisions of the Basic Documents without the prior written consent of the Controlling Party, and if such amendments or modifications would adversely affect the interests of any Noteholder in any material respect, the consent of such Noteholder or the satisfaction of the Rating Agency Condition with respect to the applicable Class of Notes; or

- (iv) engage in any business or activity other than as permitted by the Trust Agreement; or
- (v) incur or assume any indebtedness or guarantee any indebtedness of any Person, except for such indebtedness incurred pursuant to Section 3.15; or
- (vi) dissolve or liquidate in whole or in part or merge or consolidate with any other Person, other than in compliance with Section 3.10; or
- (vii) take any action that would result in the Issuer becoming taxable as a corporation for federal income tax purposes or for the purposes of any applicable State tax.

SECTION 3.9 Annual Statement as to Compliance. The Issuer will deliver to the Trustee on or before March 31 of each year, beginning March 31, 2013, an Officer's Certificate, dated as of December 31 of the preceding calendar year, stating, as to the Authorized Officer signing such Officer's Certificate, that

(i) a review of the activities of the Issuer during such preceding year (or, in the case of the first such Officer's Certificate, since the Closing Date) and of its performance under this Indenture has been made under such Authorized Officer's supervision; and

(ii) to the best of such Authorized Officer's knowledge, based on such review, the Issuer has complied with all conditions and covenants under this Indenture throughout such year (or, in the case of the first such Officer's Certificate, since the Closing Date), or, if there has been a default in the compliance of any such condition or covenant, specifying each such default known to such Authorized Officer and the nature and status thereof.

SECTION 3.10 Asset Sale; Merger or Consolidation of Issuer. The Issuer shall not consolidate or merge with or into any other Person, or convey or transfer all or substantially all of its properties or assets, including those included in the Trust Estate, to any Person without Controlling Party consent and unless the Rating Agency Condition shall have been satisfied with respect to such transaction.

SECTION 3.11 Successor or Transferee.

(a) Upon any consolidation or merger of the Issuer in accordance with Section 3.10 and upon satisfaction of each of the conditions specified in Section 3.10, the Person formed by or surviving such consolidation or merger (if other than the Issuer) shall succeed to, and be substituted for, and may exercise every right and power of, the Issuer under this Indenture with the same effect as if such Person had been named as the Issuer herein.

(b) Upon a conveyance or transfer of all the assets and properties of the Issuer pursuant to Section 3.10 and upon satisfaction of each of the conditions specified in Section 3.10, CPS Auto Receivables Trust 2012-C will be released from every covenant and agreement of this Indenture to be observed or performed on the part of the Issuer with respect to the Notes immediately upon the delivery of written notice to the Trustee stating that CPS Auto Receivables Trust 2012-C is to be so released.

SECTION 3.12 No Other Business. The Issuer shall not engage in any business other than financing, purchasing, owning, selling and managing the Receivables in the manner contemplated by this Indenture and the Basic Documents and activities incidental thereto. After the end of the Funding Period, the Issuer will not purchase any additional Receivables.

SECTION 3.13 No Borrowing. The Issuer shall not issue, incur, assume, guarantee or otherwise become liable, directly or indirectly, for any Indebtedness except for (i) the Notes and (ii) any other Indebtedness permitted by or arising under the Basic Documents. The proceeds of the Notes shall be used exclusively to fund the Issuer's purchase of the Receivables and the other assets specified in the Sale and Servicing Agreement, to fund (on behalf of the Seller) the Pre-Funding Account and the Series 2012-C Spread Account and to pay the Issuer's organizational, transactional and start-up expenses.

SECTION 3.14 Servicer's Obligations. The Issuer shall cause the Servicer to comply with Sections 4.9, 4.10, 4.11, 5.11 and 12.1 of the Sale and Servicing Agreement.

SECTION 3.15 Guarantees, Loans, Advances and Other Liabilities. Except as contemplated by the Basic Documents, the Issuer shall not make any loan or advance or credit to, or guarantee (directly or indirectly or by an instrument having the effect of assuring another's payment or performance on any obligation or capability of so doing or otherwise), endorse or otherwise become contingently liable, directly or indirectly, in connection with the obligations, stocks or dividends of, or own, purchase, repurchase or acquire (or agree contingently to do so) any stock, obligations, assets or securities of, or any other interest in, or make any capital contribution to, any other Person.

SECTION 3.16 Capital Expenditures. The Issuer shall not make any expenditure (by long-term or operating lease or otherwise) for capital assets (either realty or personalty).

SECTION 3.17 Compliance with Laws. The Issuer shall comply with the requirements of all applicable laws.

SECTION 3.18 Restricted Payments. The Issuer shall not, directly or indirectly, (i) pay any dividend or make any distribution (by reduction of capital or otherwise), whether in cash, property, securities or a combination thereof, to the Owner Trustee or any owner of a beneficial interest in the Issuer or otherwise with respect to any ownership or equity interest or security in or of the Issuer or to the Servicer, (ii) redeem, purchase, retire or otherwise acquire for value any such ownership or equity interest or security or (iii) set aside or otherwise segregate any amounts for any such purpose; provided, however, that the Issuer may make, or cause to be made, distributions to the Servicer, the Owner Trustee, the Trustee, the Backup Servicer, the Noteholders and the Certificateholders as permitted by, and to the extent funds are available for such purpose under, the Sale and Servicing Agreement, the Trust Agreement or any other Basic Document. The Issuer will not, directly or indirectly, make payments to or distributions from the Collection Account except in accordance with this Indenture and the Basic Documents.

SECTION 3.19 Notice of Events of Default. Upon a responsible officer of the Owner Trustee having notice or actual knowledge thereof, the Issuer agrees to give the Trustee and the Rating Agencies prompt written notice of each Event of Default hereunder and each default on the part of the Servicer or the Seller of its obligations under any of the Basic Documents.

SECTION 3.20 Further Instruments and Acts. Upon request of the Trustee or the Controlling Party, the Issuer will execute and deliver such further instruments and do such further acts as may be reasonably necessary or proper to carry out more effectively the purpose of this Indenture.

SECTION 3.21 Amendments of Sale and Servicing Agreement and Trust Agreement. The Issuer shall not agree to any amendment to Section 13.1 of the Sale and Servicing Agreement or Section 11.1 of the Trust Agreement to eliminate the requirements thereunder that the Trustee or the Holders of the Notes consent to amendments thereto as provided therein.

SECTION 3.22 Income Tax Characterization. For purposes of federal income tax, State and local income tax, franchise tax and any other income taxes, the Issuer and each Noteholder, by its acceptance of its Note or in the case of a Note Owner, by its acceptance of a beneficial interest in a Note, will treat such Note as indebtedness of the Issuer and hereby instructs the Trustee to treat the Notes as indebtedness of the Issuer for federal and State tax reporting purposes.

SECTION 3.23 Separate Existence of the Issuer. During the term of this Indenture, the Issuer shall observe the applicable legal requirements for the recognition of the Issuer as a legal entity separate and apart from its Affiliates, including as follows:

- (a) The Issuer shall maintain business records and books of account separate from those of its Affiliates;
 - (b) Except as otherwise provided in the Basic Documents, the Issuer shall not commingle its assets and funds with those of its Affiliates;
-

(c) The Issuer shall at all times hold itself out to the public under the Issuer's own name as a legal entity separate and distinct from its Affiliates; and

(d) All transactions and dealings between the Issuer and its Affiliates will be conducted on an arm's-length basis.

SECTION 3.24 Representations and Warranties of the Issuer.

The Issuer hereby makes the following representations and warranties as to the Trust Estate to the Trustee for the benefit of the Noteholders:

(i) Creation of Security Interest. This Indenture creates a valid and continuing security interest (as defined in the UCC) in the Trust Estate in favor of the Trustee for the benefit of the Noteholders, which security interest is prior to all other Liens (except, as to priority, for any tax liens or mechanics' lien which may arise after the Closing Date or as a result of an Obligor's failure to pay its obligations, as applicable) and is enforceable as such against creditors of and purchasers from the Issuer.

(ii) Perfection of Security Interest in Trust Property. The Issuer has caused, on or prior to the Closing Date, the filing of all appropriate financing statements in the proper filing office in the appropriate jurisdictions under applicable law in order to perfect the security interest in the Trust Estate Granted to the Trustee for the benefit of the Noteholders hereunder.

(iii) No other Security Interests. Other than the security interest Granted to the Trustee for the benefit of the Noteholders hereunder, the Issuer has not pledged, assigned, sold, granted a security interest in, or otherwise conveyed any of the Trust Estate. The Issuer has not authorized the filing of and is not aware of any financing statements filed against the Issuer that include a description of collateral covering the Trust Estate other than any financing statement relating to the security interest Granted to the Trustee for the benefit of the Noteholders hereunder or that has been terminated. The Issuer is not aware of any judgment or tax lien filings against the Issuer.

(iv) Notations on Contracts; Financing Statement Disclosure. The Servicer has in its possession copies of all the original Contracts that constitute or evidence the Initial Receivables and, from and after each Subsequent Transfer Date, will have in its possession copies of all the original Contracts that constitute or evidence the related Subsequent Receivables. The Contracts that constitute or evidence the Receivables do not and will not have any marks or notations indicating that they have been pledged, assigned or otherwise conveyed to any Person other than the Issuer and/or the Trustee for the benefit of the Noteholders. All financing statements filed or to be filed against the Issuer in favor of the Trustee in connection herewith describing the Trust Estate contain a statement to the following effect: "A purchase of or security interest in any collateral described in this financing statement will

violate the rights of Wells Fargo Bank, National Association, as Trustee and secured party.”

(v) Title. Immediately prior to the Grant herein contemplated, the Issuer had good and marketable title to each Receivable and the other property Granted hereunder and was the sole owner thereof, free and clear of all liens, claims, encumbrances, security interests, and rights of others, and, immediately upon the transfer thereof, the Trustee for the benefit of the Noteholders shall have good and marketable title to each such Receivable and other property and will be the sole owner thereof, free and clear of all liens, encumbrances, security interests, and rights of others, and the transfer has been perfected under the UCC.

The representations and warranties of the Issuer in this Section 3.24 may not be waived, modified or amended in any material respect without the prior written consent of the Trustee and satisfaction of the Rating Agency Condition with respect to each Class of Notes then rated, and shall survive the satisfaction and discharge of this Indenture.

ARTICLE IV

Satisfaction and Discharge

SECTION 4.1 Satisfaction and Discharge of Indenture. This Indenture shall cease to be of further effect with respect to the Notes except as to (i) rights of registration of transfer and exchange, (ii) substitution of mutilated, destroyed, lost or stolen Notes, (iii) rights of Noteholders to receive payments of principal thereof and interest thereon, (iv) Sections 2.9, 3.3, 3.4, 3.5, 3.8, 3.10, 3.12, 3.13, 3.20, 3.21, 3.22 and 11.17, (v) the rights, obligations and immunities of the Trustee hereunder (including the rights of the Trustee under Section 6.7 and the obligations of the Trustee under Section 4.2) and (vi) the rights of Noteholders as beneficiaries hereof with respect to the property so deposited with the Trustee payable to all or any of them, and the Trustee, on demand of and at the expense of the Issuer, shall execute proper instruments acknowledging satisfaction and discharge of this Indenture with respect to the Notes, when

(a) all Notes theretofore authenticated and delivered (other than (i) Notes that have been destroyed, lost or stolen and that have been replaced or paid as provided in Section 2.5 and (ii) Notes for whose payment money has theretofore been deposited in trust or segregated and held in trust by the Issuer and thereafter repaid to the Issuer or discharged from such trust, as provided in Section 3.3) have been delivered to the Trustee for cancellation;

(b) the Issuer has paid or caused to be paid all Issuer Secured Obligations; and

(c) the Issuer has delivered to the Trustee an Officer’s Certificate and an Opinion of Counsel, each meeting the applicable requirements of Section 11.1(a) and each stating that all conditions precedent herein provided for relating to the satisfaction and discharge of this Indenture have been complied with.

SECTION 4.2 Application of Trust Money. All moneys deposited with the Trustee pursuant to Section 4.1 hereof shall be held in trust and applied by it, in accordance with the

provisions of the Notes and this Indenture, to the payment, either directly or through any Note Paying Agent, as the Trustee may determine, to the Holders of the particular Notes for the payment or redemption of which such moneys have been deposited with the Trustee, of all sums due and to become due thereon for principal and interest; but such moneys need not be segregated from other funds except to the extent required herein or in the Sale and Servicing Agreement or required by law.

SECTION 4.3 **Repayment of Moneys Held by Note Paying Agent.** In connection with the satisfaction and discharge of this Indenture with respect to the Notes, all moneys then held by any Note Paying Agent other than the Trustee under the provisions of this Indenture with respect to such Notes shall, upon demand of the Issuer, be paid to the Trustee to be held and applied according to Section 3.3 and thereupon such Note Paying Agent shall be released from all further liability with respect to such moneys.

ARTICLE V

Remedies

SECTION 5.1 Events of Default.

(a) "Event of Default", wherever used herein, means any one of the following events (whatever the reason for such Event of Default and whether it shall be voluntary or involuntary or be effected by operation of law or pursuant to any judgment, decree or order of any court or any order, rule or regulation of any administrative or governmental body):

(i) default in the payment of any interest on (A) any Class A Note, or (B) if no Class A Note remains Outstanding, any Class B Note, or (C) if no Class A Note or Class B Note remains Outstanding, any Class C Note, or (D) if no Class A Note or Class B Note or Class C Note remains Outstanding, any Class D Note, or (E) if no Class A Note or Class B Note or Class C Note or Class D Note remains Outstanding, any Class E Note in each case when the same becomes due and payable, and such default shall continue for a period of five days (solely for purposes of this clause, a payment on the Notes funded from the Series 2012-C Spread Account shall be deemed to be a payment made by the Issuer); or

(ii) default in the payment of the principal of any Note on the Final Scheduled Payment Date and such default shall continue for a period of five days (solely for purposes of this clause, a payment on the Notes funded from the Series 2012-C Spread Account shall be deemed to be a payment made by the Issuer); or

(iii) a default in the observance or performance in any material respect of any covenant or agreement of the Issuer, the Seller or the Servicer made in this Indenture or any other Basic Document (other than a covenant or agreement, a default in the observance or performance of which is elsewhere

in this Section specifically dealt with), or any representation or warranty or statement of the Issuer, the Servicer or the Seller made in this Indenture or in any other Basic Document or in any certificate, report or other writing delivered in connection with the Basic Documents proving to have been incorrect in any material respect as of the time when the same shall have been made, which default materially and adversely affects the rights of the Noteholders, and such default shall continue or not be cured, or the circumstance or condition in respect of which such misrepresentation or warranty was incorrect shall not have been eliminated or otherwise cured, for a period of 30 days (or such longer period not in excess of 90 days as is reasonably necessary to cure such default; provided that such default is capable of remedy within 90 days or less and the Servicer on behalf of the Owner Trustee delivers an officer's certificate to the Trustee to the effect that the Issuer has commenced, or will promptly commence and diligently pursue, all reasonable efforts to remedy such default) after written notice thereof shall have been given to the Issuer by the Trustee or to the Issuer and the Trustee by the Holders of at least 25% of the Outstanding Amount of each class of Notes, specifying such default or incorrect representation or warranty and requiring it to be remedied and stating that such notice is a "Notice of Default" hereunder; or

(iv) the occurrence of an Insolvency Event with respect to the Issuer.

(b) The Issuer shall deliver to the Trustee, within five days after the occurrence thereof, written notice in the form of an Officer's Certificate of any event which with the giving of notice or the lapse of time or both would become an Event of Default under clause (iii), its status and what action the Issuer is taking or proposes to take with respect thereto.

SECTION 5.2 Rights Upon Event of Default.

(a) If an Event of Default shall have occurred and be continuing, the Trustee may, and at the direction of the Controlling Party shall, declare by written notice to the Issuer that the Notes have become immediately due and payable, and upon any such declaration the unpaid principal amount of the Notes, together with accrued and unpaid interest thereon, shall become immediately due and payable; provided, however, the occurrence of an Event of Default of the type described in clause (iv) of Section 5.1 shall, without any further action by any Person, automatically result in the Notes becoming immediately due and payable as of the occurrence of such Event of Default.

(b) At any time after such declaration of acceleration of maturity has been made and before a judgment or decree for payment of the money due has been obtained by the Trustee as hereinafter provided in this Article V, the Controlling Party, in their sole discretion, by written notice to the Issuer and the Trustee, may rescind and annul such declaration and its consequences if:

(i) the Issuer has paid or deposited with the Trustee a sum sufficient to pay:

(A) all payments of principal of and interest on all Notes and all other amounts that would then be due hereunder or upon such Notes if the Event of Default giving rise to such acceleration had not occurred; and

(B) all sums paid or advanced by the Trustee hereunder and the reasonable compensation, expenses, disbursements and advances of the Trustee and its agents and counsel; and

(ii) all Events of Default, other than the nonpayment of the principal of the Notes that has become due solely by such acceleration, have been cured or waived as provided in Section 5.13.

No such rescission shall affect any subsequent default or impair any right consequent thereto.

SECTION 5.3 Collection of Indebtedness and Suits for Enforcement by Trustee.

(a) The Issuer covenants that if (i) default is made in the payment of any interest on any Note when the same becomes due and payable, and such default continues for a period of five days, or (ii) default is made in the payment of the principal of or any installment of the principal of any Note when the same becomes due and payable and such default continues for a period of five days, the Issuer will, upon demand of the Trustee, pay to it, for the benefit of the Holders of the Notes, the whole amount then due and payable on such Notes for principal and interest, with interest upon the overdue principal, and, to the extent payment at such rate of interest shall be legally enforceable, upon overdue installments of interest, at the applicable Interest Rate and in addition thereto such further amount as shall be sufficient to cover the costs and expenses of collection, including the reasonable compensation, expenses, disbursements and advances of the Trustee and its agents and counsel.

(b) Each Noteholder by its acceptance of a Note irrevocably and unconditionally appoints the Controlling Party, to the extent the Controlling Party is granted rights under this Indenture or any other Basic Document to direct the Trustee or consent to or take any action hereunder or under the other Basic Documents, as the true and lawful attorney-in-fact of such Noteholder with respect to such consent or action and for so long as such Noteholder is not the Controlling Party, with full power of substitution, to execute, acknowledge and deliver any notice, document, certificate, paper, pleading or instrument and to do in the name of the Controlling Party as well as in the name, place and stead of such Noteholder such acts, things and deeds for or on behalf of and in the name of such Noteholder under this Indenture (including specifically under Section 5.4) and under the Basic Documents which such Noteholder could or might do or that may be necessary, desirable or convenient in such Controlling Party's sole discretion to effect the purposes contemplated hereunder and under the Basic Documents and, without limitation, following the occurrence of an Event of Default, exercise full right, power and authority to take, or defer from taking, any and all acts with respect to the administration, maintenance or disposition of the Trust Estate.

(c) If an Event of Default occurs and is continuing, the Trustee may in its discretion, and at the direction of the Controlling Party shall, proceed to protect and enforce its rights and the rights of the Noteholders by such appropriate Proceedings as the Trustee, in its discretion or as directed by the Controlling Party, shall deem most effective to protect and enforce any such rights, whether for the specific enforcement of any covenant or agreement in this Indenture or in aid of the exercise of any power granted herein, or to enforce any other proper remedy or legal or equitable right vested in the Trustee by this Indenture or by law.

(d) In case there shall be pending, relative to the Issuer or any other obligor upon the Notes or any Person having or claiming an ownership interest in the Trust Estate, proceedings under Title 11 of the United States Code or any other applicable Federal or State bankruptcy, insolvency or other similar law, or in case a receiver, assignee or trustee in bankruptcy or reorganization, liquidator, sequestrator or similar official shall have been appointed for or taken possession of the Issuer or its property or such other obligor or Person, or in case of any other comparable judicial proceedings relative to the Issuer or other obligor upon the Notes, or to the creditors or property of the Issuer or such other obligor, the Trustee, irrespective of whether the principal of any Notes shall then be due and payable as therein expressed or by declaration or otherwise and irrespective of whether the Trustee shall have made any demand pursuant to the provisions of this Section, subject to the direction of the Controlling Party, shall be entitled and empowered, by intervention in such proceedings or otherwise:

(i) to file and prove a claim or claims for the whole amount of principal and interest owing and unpaid in respect of the Notes and to file such other papers or documents as may be necessary or advisable in order to have the claims of the Trustee (including any claim for reasonable compensation to the Trustee and each predecessor Trustee, and their respective agents, attorneys and counsel, and for reimbursement of all expenses and liabilities incurred, and all advances made, by the Trustee and each predecessor Trustee, except as a result of negligence, bad faith or willful misconduct) and of the Noteholders allowed in such proceedings;

(ii) unless prohibited by applicable law and regulations, to vote on behalf of the Holders of Notes in any election of a trustee, a standby trustee or person performing similar functions in any such Proceedings;

(iii) to collect and receive any moneys or other property payable or deliverable on any such claims and to distribute all amounts received with respect to the claims of the Noteholders and of the Trustee on their behalf; and

(iv) to file such proofs of claim and other papers or documents as may be necessary or advisable in order to have the claims of the Trustee or the Holders of Notes allowed in any judicial proceedings relative to the Issuer, its creditors and its property;

and any trustee, receiver, liquidator, custodian or other similar official in any such proceeding is hereby authorized by each of such Noteholders to make payments to the Trustee, and, in the event that the Trustee shall consent to the making of payments

directly to such Noteholders, to pay to the Trustee such amounts as shall be sufficient to cover reasonable compensation to the Trustee, each predecessor Trustee and their respective agents, attorneys and counsel, and all other expenses and liabilities incurred, and all advances made, by the Trustee and each predecessor Trustee except as a result of negligence or bad faith.

(e) Nothing herein contained shall be deemed to authorize the Trustee to authorize or consent to or vote for or accept or adopt on behalf of any Noteholder any plan of reorganization, arrangement, adjustment or composition affecting the Notes or the rights of any Holder thereof or to authorize the Trustee to vote in respect of the claim of any Noteholder in any such proceeding except, as aforesaid, to vote for the election of a trustee in bankruptcy or similar person.

(f) All rights of action and of asserting claims under this Indenture, any other Basic Document or under any of the Notes, may be enforced by the Trustee without the possession of any of the Notes or the production thereof in any trial or other proceedings relative thereto, and any such action or proceedings instituted by the Trustee shall be brought in its own name as trustee of an express trust, and any recovery of judgment, subject to the payment of the expenses, disbursements and compensation of the Trustee, each predecessor Trustee and their respective agents and attorneys, shall be for the ratable benefit of the Holders of the Notes.

(g) In any Proceedings brought by the Trustee (and also any proceedings involving the interpretation of any provision of this Indenture or any other Basic Document), the Trustee shall be held to represent all the Holders of the Notes, and it shall not be necessary to make any Noteholder a party to any such proceedings.

SECTION 5.4 **Remedies.** If an Event of Default shall have occurred and be continuing, the Trustee may, in its discretion, or at the direction of the Controlling Party shall, do one or more of the following (subject to [Section 5.5](#)):

(i) institute Proceedings in its own name and as trustee of an express trust for the collection of all amounts then payable on the Notes or under this Indenture with respect thereto, whether by declaration or otherwise, enforce any judgment obtained, and collect from the Issuer and any other obligor upon such Notes moneys adjudged due;

(ii) institute Proceedings from time to time for the complete or partial foreclosure of this Indenture with respect to the Trust Estate;

(iii) exercise any remedies of a secured party under the UCC and take any other appropriate action to protect and enforce the rights and remedies of the Trustee and Holders of the Notes; and

(iv) sell the Trust Estate or any portion thereof or rights or interest therein, at one or more public or private sales called and conducted in any manner permitted by law; provided that, the Trustee may not sell or otherwise liquidate the Trust Estate following an Event of Default unless (A) such Event of Default is of the type described in [Section 5.1\(a\)\(i\)](#) or [\(a\)\(ii\)](#) or (B) either

(x) the Holders of 100% of the Outstanding Amount of the Notes consent thereto, or (y) the proceeds of such sale or liquidation distributable to the Noteholders are sufficient to discharge in full all amounts then due and unpaid upon such Notes for principal and interest.

In determining such sufficiency or insufficiency with respect to clause (y) of subsection (iv), the Trustee may, but need not, obtain and rely upon an opinion of an Independent investment banking or accounting firm of national reputation as to the feasibility of such proposed action and as to the sufficiency of the Trust Estate for such purpose.

SECTION 5.5 Optional Preservation of the Receivables. If the Notes have been declared to be due and payable under Section 5.2 following an Event of Default and such declaration and its consequences have not been rescinded and annulled, the Trustee may, but need not, elect to maintain possession of the Trust Estate. It is the desire of the parties hereto and the Noteholders that there be at all times sufficient funds for the payment of principal of and interest and any other amounts on the Notes and the Trustee shall take such desire into account when determining whether or not to maintain possession of the Trust Estate. In determining whether to maintain possession of the Trust Estate, the Trustee may, but need not, obtain and rely upon an opinion of an Independent investment banking or accounting firm of national reputation as to the feasibility of such proposed action and as to the sufficiency of the Trust Estate for such purpose.

SECTION 5.6 Priorities.

(a) Following the acceleration of principal of and interest on the Notes upon or after the occurrence of an Event of Default pursuant to Section 5.2, the Total Distribution Amount, including any money or property collected pursuant to Section 5.4 shall be applied by the Trustee on the related Payment Date in the following order of priority:

any remaining amount.

to the Certificate Distribution Account, for distribution by the Trust Paying Agent in accordance with the provisions of the Trust Agreement,

(b) The Trustee may fix a record date and payment date for any payment to Noteholders pursuant to this Section. At least 15 days before such record date the Issuer shall mail to each Noteholder and the Trustee a notice that states such record date, the payment date and the amount to be paid.

SECTION 5.7 Limitation of Suits. No Residual Certificateholder shall have any right to institute any proceeding, judicial or otherwise, with respect to this Indenture, or for the appointment of a receiver or trustee, or for any other remedy hereunder while any Issuer Secured Obligations remain outstanding. No Holder of any Note shall have any right to institute any proceeding, judicial or otherwise, with respect to this Indenture, or for the appointment of a receiver or trustee, or for any other remedy hereunder, unless:

- (i) such Holder has previously given written notice to the Trustee of a continuing Event of Default;
- (ii) the Holders of not less than 25% of the Outstanding Amount of each class of Notes have made written request to the Trustee to institute such proceeding in respect of such Event of Default in its own name as Trustee hereunder;
- (iii) such Holder or Holders have offered to the Trustee indemnity reasonably satisfactory to it against the costs, expenses and liabilities to be incurred in complying with such request;
- (iv) the Trustee for 60 days after its receipt of such notice, request and offer of indemnity has failed to institute such proceedings; and
- (v) no direction inconsistent with such written request has been given to the Trustee during such 60-day period by the Controlling Party;

it being understood and intended that no one or more Holders of Notes shall have any right in any manner whatever by virtue of, or by availing of, any provision of this Indenture to affect, disturb or prejudice the rights of any other Holders of Notes or to obtain or to seek to obtain priority or preference over any other Holders or to enforce any right under this Indenture, except in the manner herein provided.

SECTION 5.8 Unconditional Rights of Noteholders To Receive Principal and Interest. Notwithstanding any other provisions of this Indenture, the Holder of any Note shall have the right, which is absolute and unconditional, to receive payment of the principal of and interest, if

any, on such Note on or after the respective due dates thereof expressed in such Note or in this Indenture (or, in the case of redemption, on or after the Redemption Date) and to institute suit for the enforcement of any such payment, and such right shall not be impaired without the consent of such Holder.

SECTION 5.9 Restoration of Rights and Remedies. If the Controlling Party or any Noteholder has instituted any proceeding to enforce any right or remedy under this Indenture and such proceeding has been discontinued or abandoned for any reason or has been determined adversely to the Trustee or to such Noteholder, then and in every such case the Issuer, the Trustee and the Noteholders shall, subject to any determination in such Proceeding, be restored severally and respectively to their former positions hereunder, and thereafter all rights and remedies of the Trustee and the Noteholders shall continue as though no such proceeding had been instituted.

SECTION 5.10 Rights and Remedies Cumulative. No right or remedy herein conferred upon or reserved to the Controlling Party or to the Noteholders is intended to be exclusive of any other right or remedy, and every right and remedy shall, to the extent permitted by law, be cumulative and in addition to every other right and remedy given hereunder or now or hereafter existing at law or in equity or otherwise. The assertion or employment of any right or remedy hereunder, or otherwise, shall not prevent the concurrent assertion or employment of any other appropriate right or remedy.

SECTION 5.11 Delay or Omission Not a Waiver. No delay or omission of the Trustee, the Controlling Party or any Holder of any Note to exercise any right or remedy accruing upon any Default or Event of Default shall impair any such right or remedy or constitute a waiver of any such Default or Event of Default or an acquiescence therein. Every right and remedy given by this Article V or by law to the Trustee, the Controlling Party or to the Noteholders may be exercised from time to time, and as often as may be deemed expedient, by the Trustee, the Controlling Party or by the Noteholders, as the case may be.

SECTION 5.12 Control by Noteholders. The Controlling Party shall have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or the Noteholders with respect to the Notes or exercising any trust or power conferred on the Trustee or the Controlling Party; provided that

- (i) such direction shall not be in conflict with any rule of law or with this Indenture;
 - (ii) any direction to the Trustee to sell or liquidate the Trust Estate shall be subject to the express terms of Section 5.4;
 - (iii) if the conditions set forth in Section 5.5 have been satisfied and the Trustee elects to retain the Trust Estate pursuant to such Section, then any direction to the Trustee by Holders of Notes representing less than 100% of the Outstanding Amount of each class of Notes to sell or liquidate the Trust Estate shall be of no force and effect; and
-

(iv) the Trustee may take any other action deemed proper by the Trustee that is not inconsistent with such direction;

provided, however, that, subject to Section 6.1, the Trustee need not take any action that it determines might involve it in liability or might materially adversely affect the rights of any Noteholders not consenting to such action.

SECTION 5.13 Waiver of Past Defaults. Prior to the declaration of the acceleration of the maturity of the Notes as provided in Section 5.2, the Controlling Party may waive any past Default or Event of Default and its consequences except a Default or Event of Default (i) in payment of principal of or interest on any of the Notes or (ii) in respect of a covenant or provision hereof which cannot be modified or amended without the consent of the Holder of each Note. In the case of any such waiver, the Issuer, the Trustee and the Holders of the Notes shall be restored to their former positions and rights hereunder, respectively; but no such waiver shall extend to any subsequent or other Default or Event of Default or impair any right consequent thereto.

Upon any such waiver, such Default or Event of Default shall cease to exist and be deemed to have been cured and not to have occurred, and any Event of Default arising therefrom shall be deemed to have been cured and not to have occurred, for every purpose of this Indenture; but no such waiver shall extend to any subsequent or other Default or Event of Default or impair any right consequent thereto.

SECTION 5.14 Undertaking for Costs. All parties to this Indenture agree, and each Holder of any Note by such Holder's acceptance thereof shall be deemed to have agreed, that any court may in its discretion require, in any suit for the enforcement of any right or remedy under this Indenture, or in any suit against the Trustee for any action taken, suffered or omitted by it as Trustee, the filing by any party litigant in such suit of an undertaking to pay the costs of such suit, and that such court may in its discretion assess reasonable costs, including reasonable attorneys' fees, against any party litigant in such suit, having due regard to the merits and good faith of the claims or defenses made by such party litigant; but the provisions of this Section shall not apply to (a) any suit instituted by the Trustee, (b) any suit instituted by any Noteholder, or group of Noteholders, in each case holding in the aggregate more than 10% of the Outstanding Amount of each class of Notes or (c) any suit instituted by any Noteholder for the enforcement of the payment of principal of or interest on any Note on or after the respective due dates expressed in such Note and in this Indenture (or, in the case of redemption, on or after the Redemption Date).

SECTION 5.15 Waiver of Stay or Extension Laws. The Issuer covenants (to the extent that it may lawfully do so) that it will not at any time insist upon, or plead or in any manner whatsoever, claim or take the benefit or advantage of, any stay or extension law wherever enacted, now or at any time hereafter in force, that may affect the covenants or the performance of this Indenture; and the Issuer (to the extent that it may lawfully do so) hereby expressly waives all benefit or advantage of any such law, and covenants that it will not hinder, delay or impede the execution of any power granted to the Trustee herein and any right of the Issuer to take such action shall be suspended.

ARTICLE VI

The Trustee

SECTION 6.1 Duties of Trustee.

- (a) If an Event of Default has occurred and is continuing, the Trustee shall exercise the rights and powers vested in it by this Indenture and the Basic Documents and use the same degree of care and skill in their exercise as a prudent person would exercise or use under the circumstances in the conduct of such person's own affairs.
- (b) Except during the continuance of an Event of Default:
- (i) the Trustee undertakes to perform such duties and only such duties as are specifically set forth in this Indenture and no implied covenants or obligations shall be read into this Indenture against the Trustee; and
 - (ii) in the absence of bad faith on its part, the Trustee may conclusively rely, as to the truth of the statements and the correctness of the opinions expressed therein, upon certificates or opinions furnished to the Trustee and conforming to the requirements of this Indenture; however, the Trustee shall examine the certificates and opinions to determine whether or not they conform on their face to the requirements of this Indenture.
- (c) The Trustee may not be relieved from liability for its own negligent action, its own negligent failure to act or its own willful misconduct, except that:
- (i) this paragraph does not limit the effect of paragraph (b) of this Section;
 - (ii) the Trustee shall not be liable for any error of judgment made in good faith by a Responsible Officer unless it is proved that the Trustee was negligent in ascertaining the pertinent facts; and
 - (iii) the Trustee shall not be liable with respect to any action it takes or omits to take in good faith in accordance with a direction received by it pursuant to Section 5.12.
- (d) The Trustee shall not be liable for interest on any money received by it except as the Trustee may agree in writing with the Issuer.
- (e) Money held in trust by the Trustee need not be segregated from other funds except to the extent required by law or the terms of the Basic Documents.
- (f) No provision of this Indenture shall require the Trustee in any of its capacities to expend or risk its own funds or otherwise incur financial liability in the performance of any of its duties hereunder or in the exercise of any of its rights or powers, if it shall have reasonable grounds to believe that repayment of such funds or adequate indemnity against such risk or liability is not reasonably assured to it.
-

(g) Every provision of this Indenture relating to the conduct or affecting the liability of or affording protection to the Trustee shall be subject to the provisions of this Section.

(h) The Trustee shall permit any representative of the Issuer, during the Trustee's normal business hours, to examine all books of account, records, reports and other papers of the Trustee relating to the Notes, to make copies and extracts therefrom and to discuss the Trustee's affairs and actions, as such affairs and actions relate to the Trustee's duties with respect to the Notes, with the Trustee's officers and employees responsible for carrying out the Trustee's duties with respect to the Notes.

(i) The Trustee shall, and hereby agrees that it will, perform all of the obligations and duties required of it under the Basic Documents.

(j) In no event shall Wells Fargo Bank, National Association, in any of its capacities hereunder, be deemed to have assumed any duties of the Owner Trustee under the Delaware Statutory Trust Statute, common law, or the Trust Agreement.

(k) Except for actions expressly authorized by this Indenture, the Trustee shall take no action reasonably likely to impair the security interests created or existing under any Receivable or Financed Vehicle or to impair the value of any Receivable or Financed Vehicle.

(l) All information obtained by the Trustee regarding the Obligors and the Receivables, whether upon the exercise of its rights under this Indenture or otherwise, shall be maintained by the Trustee in confidence and shall not be disclosed to any other Person, other than the Trustee's attorneys, accountants and agents unless such disclosure is required by this Indenture or any applicable law or regulation.

SECTION 6.2 Rights of Trustee.

(a) Subject to Section 6.1 and other provisions of this Section 6.2, the Trustee shall be protected and shall incur no liability to the Issuer or any Issuer Secured Party in relying upon the accuracy, acting in reliance upon the contents, and assuming the genuineness of any notice, demand, certificate, signature, instrument or other document reasonably believed by the Trustee to be genuine and to have been duly executed by the appropriate signatory, and, except to the extent the Trustee has actual knowledge to the contrary or as required pursuant to Section 6.1 or Section 6.2(g) the Trustee shall not be required to make any independent investigation with respect thereto.

(b) Before the Trustee acts or refrains from acting, it may require an Officer's Certificate. Subject to Section 6.1(c), the Trustee shall not be liable for any action it takes or omits to take in good faith in reliance on the Officer's Certificate.

(c) The Trustee may execute any of the trusts or powers hereunder or perform any duties hereunder either directly or by or through agents or attorneys or a custodian or nominee, and the Trustee shall not be responsible for any misconduct or negligence on the part of, or for the supervision of Consumer Portfolio Services, Inc., or any other such agent, attorney, custodian or nominee appointed with due care by it hereunder.

(d) The Trustee shall not be liable for any action it takes or omits to take in good faith which it believes to be authorized or within its rights or powers; provided, however, that the Trustee's conduct does not constitute willful misconduct, negligence or bad faith.

(e) The Trustee may consult with counsel, and the advice of such counsel or any opinion of counsel with respect to legal matters relating to the Basic Documents and the Notes shall be full and complete authorization and protection from liability in respect to any action taken, omitted or suffered by it hereunder in good faith and in accordance with the advice or opinion of such counsel.

(f) The Trustee shall be under no obligation to institute, conduct or defend any litigation under this Indenture or in relation to this Indenture or any of the Basic Documents, at the request, order or direction of any of the Holders of Notes, pursuant to the provisions of this Indenture, unless such Holders of Notes shall have offered to the Trustee reasonable security or indemnity against the costs, expenses and liabilities that may be incurred therein or thereby; provided, however, that the Trustee shall, upon the occurrence of an Event of Default (that has not been cured or waived), exercise the rights and powers vested in it by this Indenture in accordance with Section 6.1.

(g) The Trustee shall not be bound to make any investigation into the facts or matters stated in any resolution, certificate, statement, instrument, opinion, report, notice, request, consent, order, approval, bond or other paper or document, unless requested in writing to do so by the Controlling Party or Holders of Notes evidencing not less than 25% of the Outstanding Amount of each Class; provided, however, that if the payment within a reasonable time to the Trustee of the costs, expenses or liabilities likely to be incurred by it in the making of such investigation is, in the opinion of the Trustee, not reasonably assured to the Trustee by the security afforded to it by the terms of this Indenture or the Sale and Servicing Agreement, the Trustee may require reasonable indemnity against such cost, expense or liability as a condition to so proceeding; the reasonable expense of every such examination shall be paid by the Person making such request, or, if paid by the Trustee, shall be reimbursed by the Person making such request upon demand.

SECTION 6.3 Individual Rights of Trustee. The Trustee in its individual or any other capacity may become the owner or pledgee of Notes and may otherwise deal with the Issuer or its Affiliates with the same rights it would have if it were not the Trustee. Any Note Paying Agent, Note Registrar, co-registrar or co-paying agent may do the same with like rights. However, the Trustee must comply with Section 6.11.

SECTION 6.4 Trustee's Disclaimer. The Trustee shall not be responsible for and makes no representation as to the validity or adequacy of this Indenture, any Basic Documents, the Trust Estate, the Collateral or the Notes, it shall not be accountable for the Issuer's use of the proceeds from the Notes, and it shall not be responsible for any statement of the Issuer in this Indenture or in any document issued in connection with the sale of the Notes or in the Notes other than the Trustee's certificate of authentication.

SECTION 6.5 Notice of Defaults. If an Event of Default occurs and is continuing and if it is either known by, or written notice of the existence thereof has been delivered to, a

Responsible Officer of the Trustee, the Trustee shall mail to each Noteholder notice of the Default within 30 days after such knowledge or notice occurs. Except in the case of a Default in payment of principal of or interest on any Note (including payments pursuant to the mandatory redemption provisions of such Note, if any), the Trustee may withhold the notice if and so long as a committee of its Responsible Officers in good faith determines that withholding the notice is in the interests of Noteholders.

SECTION 6.6 Reports by Trustee to Holders. The Trustee shall on behalf of the Issuer deliver to each Noteholder such information as may be reasonably required to enable such Holder to prepare its Federal and State income tax returns.

SECTION 6.7 Compensation and Indemnity.

(a) Pursuant to Section 5.7(a) of the Sale and Servicing Agreement and Section 5.6 hereof, the Issuer shall pay to the Trustee from time to time compensation for its services, as separately agreed. The Trustee's compensation shall not be limited by any law on compensation of a trustee of an express trust. The Issuer shall reimburse the Trustee, pursuant to Section 5.7(a) of the Sale and Servicing Agreement and Section 5.6 hereof, for all reasonable out-of-pocket expenses incurred or made by it, including costs of collection, in addition to the compensation for its services. Such expenses shall include the reasonable compensation and expenses, disbursements and advances of the Trustee's agents, counsel, accountants and experts. The Issuer shall or shall cause the Servicer to indemnify the Trustee against any and all loss, liability or expense incurred by the Trustee without willful misfeasance, negligence or bad faith on the Trustee's part arising out of or in connection with the acceptance or the administration of this trust and the performance of its duties hereunder, including the costs and expenses of defending itself against any claim or liability in connection therewith and including any loss, liability or expense directly or indirectly incurred (regardless of negligence on the part of the Trustee or the Issuer) by the Trustee as a result of any penalty or other cost imposed by the Internal Revenue Service or other taxing authority (except any penalties arising out of fees paid to the Trustee or as a result of any action taken contrary to the Indenture) related to the tax status of the Issuer or the Notes. The Trustee shall notify the Issuer and the Servicer promptly of any claim for which it may seek indemnity. Failure by the Trustee to so notify the Issuer and the Servicer shall not relieve the Issuer of its obligations hereunder or the Servicer of its obligations under Article XII of the Sale and Servicing Agreement. The Trustee may have separate counsel and the Issuer shall or shall cause the Servicer to pay the fees and expenses of such counsel. Neither the Issuer nor the Servicer need reimburse any expense or indemnify against any loss, liability or expense incurred by the Trustee through the Trustee's own willful misconduct, negligence or bad faith.

(b) The Issuer's payment obligations to the Trustee pursuant to this Section shall survive the discharge of this Indenture. When the Trustee incurs expenses after the occurrence of a Default specified in Section 5.1(a)(iv) with respect to the Issuer, the expenses are intended to constitute expenses of administration under Title 11 of the United States Code or any other applicable Federal or State bankruptcy, insolvency or similar law. Notwithstanding anything else set forth in this Indenture or the Basic Documents, the recourse of the Trustee hereunder and under the Basic Documents shall be to the Trust Estate only and specifically shall not be recourse to the assets of the Seller, the Depositor, any Noteholder or any Residual Certificateholder. In addition, the Trustee agrees that its recourse to the Trust Estate shall be limited to the right to receive

the distributions referred to in Section 5.7(a) of the Sale and Servicing Agreement and Section 5.6 hereof.

SECTION 6.8 Replacement of Trustee. The Trustee may resign at any time by so notifying the Issuer. The Issuer may remove the Trustee if:

- (i) the Trustee fails to comply with Section 6.11;
- (ii) an Insolvency Event with respect to the Trustee occurs; or
- (iii) the Trustee otherwise becomes incapable of acting.

If the Trustee resigns or is removed or if a vacancy exists in the office of the Trustee for any reason (the Trustee in such event being referred to herein as the retiring Trustee), the Issuer shall promptly appoint a successor Trustee.

A successor Trustee shall deliver a written acceptance of its appointment to the retiring Trustee and the Issuer, whereupon, the resignation or removal of the retiring Trustee shall become effective, and the successor Trustee shall have all the rights, powers and duties of the retiring Trustee under this Indenture, subject to satisfaction of the Rating Agency Condition. The successor Trustee shall mail a notice of its succession to each Noteholder. The retiring Trustee shall promptly transfer all property held by it as Trustee to the successor Trustee.

If a successor Trustee does not take office within 60 days after the retiring Trustee resigns or is removed, the retiring Trustee, the Issuer or the Controlling Party may petition any court of competent jurisdiction for the appointment of a successor Trustee.

Any resignation or removal of the Trustee and appointment of a successor Trustee pursuant to any of the provisions of this Section shall not become effective until acceptance of appointment by the successor Trustee pursuant to Section 6.8.

Notwithstanding the replacement of the Trustee pursuant to this Section, the Issuer's and the Servicer's obligations under Section 6.7 shall continue for the benefit of the retiring Trustee.

SECTION 6.9 Successor Trustee by Merger.

(a) If the Trustee consolidates with, merges or converts into, or transfers all or substantially all its corporate trust business or assets to, another corporation or banking association, the resulting, surviving or transferee corporation without any further act shall be the successor Trustee. The Trustee shall provide the Rating Agencies with written notice of any such transaction.

(b) In case at the time such successor or successors to the Trustee by merger, conversion or consolidation shall succeed to the trusts created by this Indenture any of the Notes shall have been authenticated but not delivered, any such successor to the Trustee may adopt the certificate of authentication of any predecessor trustee, and deliver such Notes so authenticated; and in case at that time any of the Notes shall not have been authenticated, any successor to the Trustee may authenticate such Notes either in the name of any predecessor hereunder or in the name of the

successor to the Trustee; and in all such cases such certificates shall have the full force which it is anywhere in the Notes or in this Indenture provided that the certificate of the Trustee shall have.

SECTION 6.10 Appointment of Co-Trustee or Separate Trustee.

(a) Notwithstanding any other provisions of this Indenture, at any time, for the purpose of meeting any legal requirement of any jurisdiction in which any part of the Trust Estate may at the time be located, the Trustee shall have the power and may execute and deliver all instruments to appoint one or more Persons to act as a co-trustee or co-trustees, or separate trustee or separate trustees, of all or any part of the Trust Estate, and to vest in such Person or Persons, in such capacity and for the benefit of the Noteholders, such title to the Trust Estate, or any part hereof, and, subject to the other provisions of this Section, such powers, duties, obligations, rights and trusts as the Trustee may consider necessary or desirable. No co-trustee or separate trustee hereunder shall be required to meet the terms of eligibility as a successor trustee under Section 6.11 and no notice to Noteholders of the appointment of any co-trustee or separate trustee shall be required under Section 6.8.

(b) Every separate trustee and co-trustee shall, to the extent permitted by law, be appointed and act subject to the following provisions and conditions:

(i) all rights, powers, duties and obligations conferred or imposed upon the Trustee shall be conferred or imposed upon and exercised or performed by the Trustee and such separate trustee or co-trustee jointly (it being understood that such separate trustee or co-trustee is not authorized to act separately without the Trustee joining in such act), except to the extent that under any law of any jurisdiction in which any particular act or acts are to be performed the Trustee shall be incompetent or unqualified to perform such act or acts, in which event such rights, powers, duties and obligations (including the holding of title to the Trust or any portion thereof in any such jurisdiction) shall be exercised and performed singly by such separate trustee or co-trustee, but solely at the direction of the Trustee;

(ii) no trustee hereunder shall be personally liable by reason of any act or omission of any other trustee hereunder, including acts or omissions of predecessor or successor trustees; and

(iii) the Trustee may at any time accept the resignation of or remove any separate trustee or co-trustee.

(c) Any notice, request or other writing given to the Trustee shall be deemed to have been given to each of the then separate trustees and co-trustees, as effectively as if given to each of them. Every instrument appointing any separate trustee or co-trustee shall refer to this Agreement and the conditions of this Article VI. Each separate trustee and co-trustee, upon its acceptance of the trusts conferred, shall be vested with the estates or property specified in its instrument of appointment, either jointly with the Trustee or separately, as may be provided therein, subject to all the provisions of this Indenture, specifically including every provision of

this Indenture relating to the conduct of, affecting the liability of, or affording protection to, the Trustee. Every such instrument shall be filed with the Trustee.

(d) Any separate trustee or co-trustee may at any time constitute the Trustee, its agent or attorney-in-fact with full power and authority, to the extent not prohibited by law, to do any lawful act under or in respect of this Agreement on its behalf and in its name. If any separate trustee or co-trustee shall die, dissolve, become insolvent, become incapable of acting, resign or be removed, all of its estates, properties, rights, remedies and trusts shall vest in and be exercised by the Trustee, to the extent permitted by law, without the appointment of a new or successor trustee.

SECTION 6.11 Eligibility; Disqualification. The Trustee, and any successor thereto, shall at all times have a combined capital and surplus of at least \$50,000,000 as set forth in its most recent published annual report of condition and subject to supervision or examination by federal or State authorities; and having a rating, both with respect to long-term and short-term unsecured obligations, of not less than investment grade by the Rating Agencies.

SECTION 6.12 Reserved

SECTION 6.13 Appointment and Powers. Subject to the terms and conditions hereof, Wells Fargo Bank, National Association is hereby appointed as the Trustee with respect to the Collateral, and Wells Fargo Bank, National Association hereby accepts such appointment and agrees to act as Trustee with respect to the Collateral for the Noteholders, to maintain custody and possession of such Collateral (except as otherwise provided hereunder) and to perform the other duties of the Trustee in accordance with the provisions of this Indenture and the other Basic Documents. Each Issuer Secured Party hereby authorizes the Trustee to take such action on its behalf, and to exercise such rights, remedies, powers and privileges hereunder, as the Controlling Party may direct and as are specifically authorized to be exercised by the Trustee by the terms hereof, together with such actions, rights, remedies, powers and privileges as are reasonably incidental thereto. The Trustee shall act upon and in compliance with the written instructions of the Controlling Party delivered pursuant to this Indenture promptly following receipt of such written instructions; provided that the Trustee shall not act in accordance with any instructions (i) which are not authorized by, or in violation of the provisions of, this Indenture, (ii) which are in violation of any applicable law, rule or regulation or (iii) for which the Trustee has not received reasonable indemnity. Receipt of such instructions shall not be a condition to the exercise by the Trustee of its express duties hereunder, except where this Indenture provides that the Trustee is permitted to act only following and in accordance with such instructions.

SECTION 6.14 Performance of Duties. The Trustee shall have no duties or responsibilities except those expressly set forth in this Indenture and the other Basic Documents to which the Trustee is a party or as directed by the Controlling Party in accordance with this Indenture. The Trustee shall not be required to take any discretionary actions hereunder except at the written direction and with the indemnification of the Controlling Party and as provided in Section 5.12. The Trustee shall, and hereby agrees that it will, perform all of the duties and obligations required of it under the Sale and Servicing Agreement.

SECTION 6.15 Limitation on Liability. Neither the Trustee nor any of its directors, officers or employees shall be liable for any action taken or omitted to be taken by it or them in good faith hereunder, or in connection herewith, except that the Trustee shall be liable for its negligence, bad faith or willful misconduct. Notwithstanding any term or provision of this Indenture, the Trustee shall incur no liability to the Issuer or the Noteholders for any action taken or omitted by the Trustee in connection with the Collateral, except for the negligence, bad faith or willful misconduct on the part of the Trustee, and, further, shall incur no liability to the Noteholder except for negligence, bad faith or willful misconduct in carrying out its duties to the Noteholders. The Trustee shall at all times be free independently to establish to its reasonable satisfaction, but shall have no duty to independently verify, the existence or nonexistence of facts that are a condition to the exercise or enforcement of any right or remedy hereunder or under any of the Basic Documents. The Trustee may consult with counsel, and shall not be liable for any action taken or omitted to be taken by it hereunder in good faith and in accordance with the written advice of such counsel. The Trustee shall not be under any obligation to exercise any of the remedial rights or powers vested in it by this Indenture or to follow any direction from the Controlling Party unless it shall have received reasonable security or indemnity satisfactory to the Trustee against the costs, expenses and liabilities which might be incurred by it.

SECTION 6.16 Reserved.

SECTION 6.17 Successor Trustee.

(a) Merger. Any Person into which the Trustee may be converted or merged, or with which it may be consolidated, or to which it may sell or transfer its trust business and assets as a whole or substantially as a whole, or any Person resulting from any such conversion, merger, consolidation, sale or transfer to which the Trustee is a party, shall (provided it is otherwise qualified to serve as the Trustee hereunder) be and become a successor Trustee hereunder and be vested with all of the title to and interest in the Collateral and all of the trusts, powers, discretions, immunities, privileges and other matters as was its predecessor without the execution or filing of any instrument or any further act, deed or conveyance on the part of any of the parties hereto, anything herein to the contrary notwithstanding, except to the extent, if any, that any such action is necessary to perfect, or continue the perfection of, the security interest of the Noteholders in the Collateral; provided that any such successor shall also be the successor Trustee under Section 6.9.

(b) Reserved.

(c) Acceptance by Successor. The Issuer shall have the sole right to appoint each successor Trustee subject to satisfaction of the Rating Agency Condition. Every temporary or permanent successor Trustee appointed hereunder shall execute, acknowledge and deliver to its predecessor and to the Trustee and the Issuer an instrument in writing accepting such appointment hereunder and the relevant predecessor shall execute, acknowledge and deliver such other documents and instruments as will effectuate the delivery of all Collateral to the successor Trustee, whereupon such successor, without any further act, deed or conveyance, shall become fully vested with all the estates, properties, rights, powers, duties and obligations of its predecessor. Such predecessor shall, nevertheless, on the written request of the Issuer, execute and deliver an instrument transferring to such successor all the estates, properties, rights and

powers of such predecessor hereunder. In the event that any instrument in writing from the Issuer is reasonably required by a successor Trustee to more fully and certainly vest in such successor the estates, properties, rights, powers, duties and obligations vested or intended to be vested hereunder in the Trustee, any and all such written instruments shall at the request of the temporary or permanent successor Trustee, be forthwith executed, acknowledged and delivered by the Trustee or the Issuer, as the case may be. The designation of any successor Trustee and the instrument or instruments removing any Trustee and appointing a successor hereunder, together with all other instruments provided for herein, shall be maintained with the records relating to the Collateral and, to the extent required by applicable law, filed or recorded by the successor Trustee in each place where such filing or recording is necessary to effect the transfer of the Collateral to the successor Trustee or to protect or continue the perfection of the security interests granted hereunder.

SECTION 6.18 Reserved.

SECTION 6.19 Representations and Warranties of the Trustee. The Trustee represents and warrants to the Issuer and to each Issuer Secured Party as follows:

- (a) Due Organization. The Trustee is a national banking association, duly organized, validly existing and in good standing under the laws of the United States and is duly authorized and licensed under applicable law to conduct its business as presently conducted.
- (b) Corporate Power. The Trustee has all requisite right, power and authority to execute and deliver this Indenture and to perform all of its duties as Trustee hereunder.
- (c) Due Authorization. The execution and delivery by the Trustee of this Indenture and the other Basic Documents to which it is a party, and the performance by the Trustee of its duties hereunder and thereunder, have been duly authorized by all necessary corporate proceedings and no further approvals or filings, including any governmental approvals, are required for the valid execution and delivery by the Trustee, or the performance by the Trustee, of this Indenture and such other Basic Documents.
- (d) Valid and Binding Indenture. The Trustee has duly executed and delivered this Indenture and each other Basic Document to which it is a party, and each of this Indenture and each such other Basic Document constitutes the legal, valid and binding obligation of the Trustee, enforceable against the Trustee in accordance with its terms, except as (i) such enforceability may be limited by bankruptcy, insolvency, reorganization and similar laws relating to or affecting the enforcement of creditors' rights generally and (ii) the availability of equitable remedies may be limited by equitable principles of general applicability.

SECTION 6.20 Waiver of Setoffs. The Trustee hereby expressly waives any and all rights of setoff that the Trustee may otherwise at any time have under applicable law with respect to any Trust Account and agrees that amounts in the Trust Accounts shall at all times be held and applied solely in accordance with the provisions hereof.

ARTICLE VII

Noteholders' Lists and Reports

SECTION 7.1 **Issuer To Furnish To Trustee Names and Addresses of Noteholders.** The Issuer will furnish or cause to be furnished to the Trustee (a) not more than five days after the earlier of (i) each Record Date and (ii) three months after the last Record Date, a list, in such form as the Trustee may reasonably require, of the names and addresses of the Holders as of such Record Date, (b) at such other times as the Trustee may request in writing, within 30 days after receipt by the Issuer of any such request, a list of similar form and content as of a date not more than 10 days prior to the time such list is furnished; provided, however, that so long as the Trustee is the Note Registrar, no such list shall be required to be furnished.

SECTION 7.2 **Preservation of Information; Communications to Noteholders.** The Trustee shall preserve, in as current a form as is reasonably practicable, the names and addresses of the Holders contained in the most recent list furnished to the Trustee as provided in Section 7.1 and the names and addresses of Holders received by the Trustee in its capacity as Note Registrar. The Trustee may destroy any list furnished to it as provided in such Section 7.1 upon receipt of a new list so furnished.

ARTICLE VIII

Collection of Money and Releases of Trust Estate

SECTION 8.1 **Collection of Money.** Except as otherwise expressly provided herein, the Trustee may demand payment or delivery of, and shall receive and collect, directly and without intervention or assistance of any fiscal agent or other intermediary, all money and other property payable to or receivable by the Trustee pursuant to this Indenture and the Sale and Servicing Agreement. The Trustee shall apply all such money received by it as provided in this Indenture and the Sale and Servicing Agreement. Except as otherwise expressly provided in this Indenture or in the Sale and Servicing Agreement, if any default occurs in the making of any payment or performance under any agreement or instrument that is part of the Trust Estate, the Trustee may take such action as may be appropriate to enforce such payment or performance, including the institution and prosecution of appropriate proceedings. Any such action shall be without prejudice to any right to claim a Default or Event of Default under this Indenture and any right to proceed thereafter as provided in Article V.

SECTION 8.2 **Release of Trust Estate.**

(a) Subject to the payment of its fees and expenses pursuant to Section 6.7, the Trustee may, and when required by the provisions of this Indenture shall, execute instruments to release property from the lien of this Indenture, in a manner and under circumstances that are not inconsistent with the provisions of this Indenture. No party relying upon an instrument executed by the Trustee as provided in this Article VIII shall be bound to ascertain the Trustee's authority, inquire into the satisfaction of any conditions precedent or see to the application of any moneys.

(b) The Trustee shall, at such time as there are no Notes outstanding, all Issuer Secured Obligations have been paid in full and all sums due the Trustee pursuant to Section 6.7 have been paid, release any remaining portion of the Trust Estate that secured the Notes from the lien of

this Indenture and release to the Issuer or any other Person entitled thereto any funds then on deposit in the Trust Accounts. The Trustee shall release property from the lien of this Indenture pursuant to this Section 8.2(b), only upon receipt of an Issuer Request accompanied by an Officer's Certificate and an Opinion of Counsel meeting the applicable requirements of Section 11.1.

SECTION 8.3 Opinion of Counsel. The Trustee shall receive at least seven days' notice when requested by the Issuer to take any action pursuant to Section 8.2(a), accompanied by copies of any instruments involved, and the Trustee shall also require as a condition to such action, an Opinion of Counsel in form and substance satisfactory to the Trustee, stating the legal effect of any such action, outlining the steps required to complete the same, and concluding that all conditions precedent to the taking of such action have been complied with and such action will not materially and adversely affect the security for the Notes or the rights of the Noteholders in contravention of the provisions of this Indenture; provided, however, that such Opinion of Counsel shall not be required to express an opinion as to the fair value of the Trust Estate. Counsel rendering any such opinion may rely, without independent investigation, on the accuracy and validity of any certificate or other instrument delivered to the Trustee in connection with any such action.

ARTICLE IX

Supplemental Indentures

SECTION 9.1 Supplemental Indentures Without Consent of Noteholders.

(a) Without the consent of the Holders of any Notes and with prior notice to the Rating Agencies by the Issuer, the Issuer and the Trustee, when authorized by an Issuer Order, at any time and from time to time, may enter into one or more indentures supplemental hereto (which shall conform to the provisions of the Trust Indenture Act as in force at the date of the execution thereof), in form satisfactory to the Trustee, for any of the following purposes:

- (i) to correct or amplify the description of any property at any time subject to the lien of this Indenture, or better to assure, convey and confirm unto the Trustee any property subject or required to be subjected to the lien of this Indenture, or to subject to the lien of this Indenture additional property;
 - (ii) to evidence the succession, in compliance with the applicable provisions hereof, of another person to the Issuer, and the assumption by any such successor of the covenants of the Issuer herein and in the Notes contained;
 - (iii) to add to the covenants of the Issuer, for the benefit of the Holders of the Notes, or to surrender any right or power herein conferred upon the Issuer;
 - (iv) to convey, transfer, assign, mortgage or pledge any property to or with the Trustee;
-

(v) to cure any ambiguity, to correct or supplement any provision herein or in any supplemental indenture which may be inconsistent with any other provision herein or in any supplemental indenture or to make any other provisions with respect to matters or questions arising under this Indenture or in any supplemental indenture; provided that such action shall not adversely affect the interests of the Holders of the Notes or the rating of any Class of Notes; or

(vi) to evidence and provide for the acceptance of the appointment hereunder by a successor trustee with respect to the Notes and to add to or change any of the provisions of this Indenture as shall be necessary to facilitate the administration of the trusts hereunder by more than one trustee, pursuant to the requirements of Article VI.

The Trustee is hereby authorized to join in the execution of any such supplemental indenture and to make any further appropriate agreements and stipulations that may be therein contained not inconsistent with the foregoing.

(b) The Issuer and the Trustee, when authorized by an Issuer Order, may, also without the consent of any of the Holders of the Notes but with prior notice to the Rating Agencies by the Issuer, enter into an indenture or indentures supplemental hereto for the purpose of adding any provisions to, or changing in any manner or eliminating any of the provisions of, this Indenture or of modifying in any manner the rights of the Holders of the Notes under this Indenture; provided, however, that such action shall not, as evidenced by an Opinion of Counsel, adversely affect the interests of any Noteholder in any material respect. Any such action shall be deemed to not adversely affect in any material respect the interests of any Noteholder if the Rating Agency Condition with respect to the related Class of Notes has been satisfied.

SECTION 9.2 Supplemental Indentures with Consent of Noteholders. The Issuer and the Trustee, when authorized by an Issuer Order, also may, with prior notice to the Rating Agencies and with the consent of the Controlling Party, by Act of such Holders delivered to the Issuer and the Trustee, enter into an indenture or indentures supplemental hereto for the purpose of adding any provisions to, or changing in any manner or eliminating any of the provisions of, this Indenture or of modifying in any manner the rights of the Holders of the Notes under this Indenture; provided, however, that, no such supplemental indenture shall, without the consent of the Holder of each Outstanding Note affected thereby:

(i) change the date of payment of any installment of principal of or interest on any Note, or reduce the principal amount thereof, the interest rate thereon or the Redemption Price with respect thereto, change the provision of this Indenture relating to the application of collections on, or the proceeds of the sale of, the Trust Estate to payment of principal of or interest on the Notes, or change any place of payment where, or the coin or currency in which, any Note or the interest thereon is payable;

(ii) impair the right to institute suit for the enforcement of the provisions of this Indenture requiring the application of funds available

therefor, as provided in Article V, to the payment of any such amount due on the Notes on or after the respective due dates thereof (or, in the case of redemption, on or after the Redemption Date);

(iii) reduce the percentage of the Outstanding Amount of the Notes, the consent of the Holders of which is required for any such supplemental indenture, or the consent of the Holders of which is required for any waiver of compliance with certain provisions of this Indenture or certain defaults hereunder and their consequences provided for in this Indenture;

(iv) modify or alter the provisions of the proviso to the definition of the term "Outstanding", "Controlling Party" or "Controlling Class";

Section 5.4:

(v) reduce the percentage of the Outstanding Amount of the Notes required to direct the Trustee to direct the Issuer to sell or liquidate the Trust Estate pursuant to

(vi) modify any provision of this Section except to increase any percentage specified herein or to provide that certain additional provisions of this Indenture or the Basic Documents cannot be modified or waived without the consent of the Holder of each Outstanding Note affected thereby;

(vii) modify any of the provisions of this Indenture in such manner as to affect the calculation of the amount of any payment of interest or principal due on, or other amount distributable in respect of, any Note on any Payment Date (including the calculation of any of the individual components of such calculation) or as to affect the rights of the Holders of Notes to the benefit of any provisions for the mandatory redemption of the Notes contained herein; or

(viii) permit the creation of any lien ranking prior to or on a parity with the lien of this Indenture with respect to any part of the Trust Estate or, except as otherwise permitted or contemplated herein or in any of the Basic Documents, terminate the lien of this Indenture on any property at any time subject hereto or deprive the Holder of any Note of the security provided by the lien of this Indenture.

It shall not be necessary for any Act of Noteholders under this Section to approve the particular form of any proposed supplemental indenture, but it shall be sufficient if such Act shall approve the substance thereof.

Promptly after the execution by the Issuer and the Trustee of any supplemental indenture pursuant to this Section, the Trustee shall mail to the Holders of the Notes to which such amendment or supplemental indenture relates a notice setting forth in general terms the substance of such supplemental indenture. Any failure of the Trustee to mail such notice, or any defect therein, shall not, however, in any way impair or affect the validity of any such supplemental indenture.

SECTION 9.3 Execution of Supplemental Indentures. In executing, or permitting the additional trusts created by, any supplemental indenture permitted by this Article IX or the modifications thereby of the trusts created by this Indenture, the Trustee shall be entitled to receive, and subject to Sections 6.1 and 6.2, shall be fully protected in relying upon, an Opinion of Counsel stating that the execution of such supplemental indenture is authorized or permitted by this Indenture. The Trustee may, but shall not be obligated to, enter into any such supplemental indenture that affects the Trustee's own rights, duties, liabilities or immunities under this Indenture or otherwise.

SECTION 9.4 Effect of Supplemental Indenture. Upon the execution of any supplemental indenture pursuant to the provisions hereof, this Indenture shall be and be deemed to be modified and amended in accordance therewith with respect to the Notes affected thereby, and the respective rights, limitations of rights, obligations, duties, liabilities and immunities under this Indenture of the Trustee, the Issuer and the Holders of the Notes shall thereafter be determined, exercised and enforced hereunder subject in all respects to such modifications and amendments, and all the terms and conditions of any such supplemental indenture shall be and be deemed to be part of the terms and conditions of this Indenture for any and all purposes.

SECTION 9.5 Reserved.

SECTION 9.6 Reference in Notes to Supplemental Indentures. Notes authenticated and delivered after the execution of any supplemental indenture pursuant to this Article IX may, and if required by the Issuer shall, bear a notation in form approved by the Issuer as to any matter provided for in such supplemental indenture. If the Issuer shall so determine, new Notes so modified as to conform, in the opinion of the Issuer, to any such supplemental indenture may be prepared and executed by the Issuer and authenticated and delivered by the Trustee in exchange for Outstanding Notes.

ARTICLE X

Redemption of Notes

SECTION 10.1 Redemption.

(a) The Notes shall be redeemed in whole, but not in part, on any Payment Date upon which the Servicer exercises its option to purchase the Trust Estate (other than the Trust Accounts) pursuant to Section 11.1(a) of the Sale and Servicing Agreement, for a purchase price at least equal to the Redemption Price; provided, however, that no such redemption may be effected unless the Issuer has available funds sufficient to pay the Redemption Price on such Payment Date. The Servicer or the Issuer shall furnish the Rating Agencies notice of such redemption. If the Notes are to be redeemed pursuant to this Section 10.1, the Servicer shall furnish notice of such election to the Issuer and Trustee not later than 35 days prior to the Redemption Date and deposit the proceeds from the sale of the Receivables into the Collection Account. If the proceeds of such sale are not so deposited into Collection Account with the Trustee at least one Business Day prior to the Redemption Date, such redemption shall be deemed to be automatically rescinded and the Noteholders shall receive the payments of interest and principal that would be due to the Noteholders on such Payment Date as if such option to

redeem the Notes had never been exercised. For the avoidance of any doubt, no Event of Default shall occur solely as a result of such rescission.

(b) If, on the Mandatory Redemption Date, the Pre-Funded Amount is greater than zero after giving effect to the purchase of all Subsequent Receivables during the Funding Period, including any such purchase on the last day of the Funding Period, the Notes will be redeemed in part pursuant to Section 5.8 of the Sale and Servicing Agreement in an amount equal to the Note Prepayment Amount.

SECTION 10.2 Form of Redemption Notice.

(a) Notice of redemption under Section 10.1 shall be given by the Trustee by facsimile or by first-class mail, postage prepaid, transmitted or mailed prior to the applicable Redemption Date to each Holder of Notes, as of the close of business on the Record Date preceding the applicable Redemption Date, at such Holder's address appearing in the Note Register.

All notices of redemption shall state:

- (i) the Redemption Date;
- (ii) the Redemption Price;
- (iii) that the Record Date otherwise applicable to such Redemption Date is not applicable and that payments shall be made only upon presentation and surrender of such Notes and the place where such Notes are to be surrendered for payment of the Redemption Price (which shall be the office or agency of the Issuer to be maintained as provided in Section 3.2); and
- (iv) that interest on the Notes shall cease to accrue on the Redemption Date.

Notice of redemption of the Notes shall be given by the Trustee in the name and at the expense of the Issuer. Failure to give notice of redemption, or any defect therein, to any Holder of any Note shall not impair or affect the validity of the redemption of any other Note.

(b) Prior notice of redemption under Section 10.1(b) is not required to be given to Noteholders.

SECTION 10.3 Notes Payable on Redemption Date. The Notes to be redeemed shall, following notice of redemption as required by Section 10.2 (in the case of redemption pursuant to Section 10.1), on the Redemption Date become due and payable at the Redemption Price and (unless the Issuer shall default in the payment of the Redemption Price) no interest shall accrue on the Redemption Price for any period after the date to which accrued interest is calculated for purposes of calculating the Redemption Price.

ARTICLE XI

Miscellaneous

SECTION 11.1 Compliance Certificates and Opinions, etc.

(a) Upon any application or request by the Issuer to the Trustee to take any action under any provision of this Indenture, the Issuer shall furnish to the Trustee (i) an Officer's Certificate stating that all conditions precedent, if any, provided for in this Indenture relating to the proposed action have been complied with, and (ii) an Opinion of Counsel stating that in the opinion of such counsel all such conditions precedent, if any, have been complied with except that, in the case of any such application or request as to which the furnishing of such documents is specifically required by any provision of this Indenture, no additional certificate or opinion need be furnished.

Every certificate or opinion with respect to compliance with a condition or covenant provided for in this Indenture shall include:

- (i) a statement that each signatory of such certificate or opinion has read or has caused to be read such covenant or condition and the definitions herein relating thereto;
- (ii) a brief statement as to the nature and scope of the examination or investigation upon which the statements or opinions contained in such certificate or opinion are based;
- (iii) a statement that, in the opinion of each such signatory, such signatory has made such examination or investigation as is necessary to enable such signatory to express an informed opinion as to whether or not such covenant or condition has been complied with; and
- (iv) a statement as to whether, in the opinion of each such signatory such condition or covenant has been complied with.

(b) (i) Prior to the deposit of any Collateral or other property or securities with the Trustee that is to be made the basis for the release of any property or securities subject to the lien of this Indenture, the Issuer shall, in addition to any obligation imposed in Section 11.1(a) or elsewhere in this Indenture, furnish to the Trustee an Officer's Certificate certifying or stating the opinion of each person signing such certificate as to the fair value (on the date of such deposit) to the Issuer of the Collateral or other property or securities to be so deposited.

(ii) Whenever the Issuer is required to furnish to the Trustee an Officer's Certificate certifying or stating the opinion of any signer thereof as to the matters described in clause (i) above, the Issuer shall also deliver to the Trustee an Independent Certificate as to the same matters, if the fair value to the Issuer of the securities to be so deposited and of all other such securities made the basis of any such withdrawal or release since the commencement of the then-current fiscal year of the Issuer, as set forth in the certificates delivered pursuant to clause (i) above and this clause (ii) is 10% or more of the Outstanding Amount

of the Notes, but such a certificate need not be furnished with respect to any securities so deposited, if the fair value thereof to the Issuer as set forth in the related Officer's Certificate is less than \$25,000 or less than 1% of the Outstanding Amount of the Notes.

(iii) Other than with respect to the release of any Purchased Receivables, Defaulted Texas Receivables or Liquidated Receivables, whenever any property or securities are to be released from the lien of this Indenture, the Issuer shall also furnish to the Trustee an Officer's Certificate certifying or stating the opinion of each person signing such certificate as to the fair value (within 90 days of such release) of the property or securities proposed to be released and stating that in the opinion of such person the proposed release will not impair the security under this Indenture in contravention of the provisions hereof.

(iv) Whenever the Issuer is required to furnish to the Trustee an Officer's Certificate certifying or stating the opinion of any signer thereof as to the matters described in clause (iii) above, the Issuer shall also furnish to the Trustee an Independent Certificate as to the same matters if the fair value of the property or securities and of all other property other than Purchased Receivables, Defaulted Texas Receivables and Liquidated Receivables, or securities released from the lien of this Indenture since the commencement of the then current calendar year, as set forth in the certificates required by clause (iii) above and this clause (iv), equals 10% or more of the Outstanding Amount of the Notes, but such certificate need not be furnished in the case of any release of property or securities if the fair value thereof as set forth in the related Officer's Certificate is less than \$25,000 or less than 1% of the then Outstanding Amount of the Notes.

(v) Notwithstanding Section 2.9 or any provision of this Section, the Issuer may (A) collect, liquidate, sell or otherwise dispose of Receivables as and to the extent permitted or required by the Basic Documents and (B) make cash payments out of the Trust Accounts as and to the extent permitted or required by the Basic Documents.

SECTION 11.2 Form of Documents Delivered to Trustee.

(a) In any case where several matters are required to be certified by, or covered by an opinion of, any specified Person, it is not necessary that all such matters be certified by, or covered by the opinion of, only one such Person, or that they be so certified or covered by only one document, but one such Person may certify or give an opinion with respect to some matters and one or more other such Persons as to other matters, and any such Person may certify or give an opinion as to such matters in one or several documents.

(b) Any certificate or opinion of an Authorized Officer of the Issuer may be based, insofar as it relates to legal matters, upon a certificate or opinion of, or representations by, counsel, unless such officer knows, or in the exercise of reasonable care should know, that the certificate or opinion or representations with respect to the matters upon which his or her certificate or opinion is based are erroneous. Any such certificate of an Authorized Officer or

Opinion of Counsel may be based, insofar as it relates to factual matters, upon a certificate or opinion of, or representations by, an officer or officers of the Servicer, the Seller or the Issuer, stating that the information with respect to such factual matters is in the possession of the Servicer, the Seller or the Issuer, unless such counsel knows, or in the exercise of reasonable care should know, that the certificate or opinion or representations with respect to such matters are erroneous.

(c) Where any Person is required to make, give or execute two or more applications, requests, consents, certificates, statements, opinions or other instruments under this Indenture, they may, but need not, be consolidated and form one instrument.

(d) Whenever in this Indenture, in connection with any application or certificate or report to the Trustee, it is provided that the Issuer shall deliver any document as a condition of the granting of such application, or as evidence of the Issuer's compliance with any term hereof, it is intended that the truth and accuracy, at the time of the granting of such application or at the effective date of such certificate or report (as the case may be), of the facts and opinions stated in such document shall in such case be conditions precedent to the right of the Issuer to have such application granted or to the sufficiency of such certificate or report. The foregoing shall not, however, be construed to affect the Trustee's right to rely upon the truth and accuracy of any statement or opinion contained in any such document as provided in Article VI.

SECTION 11.3 Acts of Noteholders.

(a) Any request, demand, authorization, direction, notice, consent, waiver or other action provided by this Indenture to be given or taken by Noteholders may be embodied in and evidenced by one or more instruments of substantially similar tenor signed by such Noteholders in person or by agents duly appointed in writing; and except as herein otherwise expressly provided such action shall become effective when such instrument or instruments are delivered to the Trustee, and, where it is hereby expressly required, to the Issuer. Such instrument or instruments (and the action embodied therein and evidenced thereby) are herein sometimes referred to as the "Act" of the Noteholders signing such instrument or instruments. Proof of execution of any such instrument or of a writing appointing any such agent shall be sufficient for any purpose of this Indenture and (subject to Section 6.1) conclusive in favor of the Trustee and the Issuer, if made in the manner provided in this Section.

(b) The fact and date of the execution by any person of any such instrument or writing may be proved in any customary manner of the Trustee.

(c) The ownership of Notes shall be proved by the Note Register.

(d) Any request, demand, authorization, direction, notice, consent, waiver or other action by the Holder of any Notes shall bind the Holder of every Note issued upon the registration thereof or in exchange therefor or in lieu thereof, in respect of anything done, omitted or suffered to be done by the Trustee or the Issuer in reliance thereon, whether or not notation of such action is made upon such Note.

(e) The Seller and any Affiliate thereof may in its individual or any other capacity become the owner or pledgee of the Notes with the same rights as it would have if it were not the

Seller or an Affiliate thereof, except as expressly provided herein or in any Basic Document. Notes so owned by the Seller or such Affiliate shall have an equal and proportionate benefit under the provisions of the Basic Documents, without preference, priority or distinction as among all of the Notes; provided, however, that any Notes owned by the Seller or any Affiliate thereof, during the time such Notes are so owned by them, shall be without voting or consent rights for any purpose set forth in the Basic Documents and such Notes. The Seller shall notify the Trustee promptly after it or any of its Affiliates become the owner of a Note.

SECTION 11.4 Notices, etc., to Trustee, Issuer, and Rating Agencies.

(a) Any request, demand, authorization, direction, notice, consent, waiver or Act of Noteholders or other documents provided or permitted by this Indenture to be made upon, given or furnished to or filed with:

(i) the Trustee by any Noteholder or by the Issuer shall be sufficient for every purpose hereunder if personally delivered, delivered by overnight courier or mailed certified mail, return receipt requested and shall be deemed to have been duly given upon receipt to the Trustee at its Corporate Trust Office; or

(ii) the Issuer by the Trustee or by any Noteholder shall be sufficient for every purpose hereunder if personally delivered, delivered by overnight courier or mailed certified mail, return receipt requested and shall be deemed to have been duly given upon receipt to the Issuer addressed to: CPS Auto Receivables Trust 2012-C, in care of Wilmington Trust, National Association, Rodney Square North, 1100 N. Market Street, Wilmington, Delaware 19890-0001, or at such other address previously furnished in writing to the Trustee by the Issuer. The Issuer shall promptly transmit any notice received by it from the Noteholders to the Trustee.

(b) Notices required to be given to the Rating Agencies by the Issuer, the Trustee or the Owner Trustee shall be in writing, personally delivered, electronically delivered, delivered by overnight courier or mailed certified mail, return receipt requested to (i) Standard & Poor's via electronic delivery to Servicer_reports@sandp.com; for any information not available in electronic format, send hard copies to: Standard & Poor's Ratings Services, 55 Water Street, 41st Floor, New York, New York 10041-0003, Attention: ABS Surveillance Group; and (ii) Moody's via electronic delivery to Servicerreports@moodys.com; for any information not available in electronic format, send hard copies to: Moody's Investors Service, Inc., ABS Monitoring Department, 7 World Trade Center, 250 Greenwich Street, New York, NY 10007; or as to each of the foregoing, at such other address as shall be designated by written notice to the other parties.

SECTION 11.5 Notices to Noteholders; Waiver.

(a) Where this Indenture provides for notice to Noteholders of any event, such notice shall be sufficiently given (unless otherwise expressly provided herein) if in writing and mailed, first-class, postage prepaid to each Noteholder affected by such event, at his address as it appears

on the Note Register, not later than the latest date, and not earlier than the earliest date, prescribed for the giving of such notice. In any case where notice to Noteholders is given by mail, neither the failure to mail such notice nor any defect in any notice so mailed to any particular Noteholder shall affect the sufficiency of such notice with respect to other Noteholders, and any notice that is mailed in the manner herein provided shall conclusively be presumed to have been duly given.

(b) Where this Indenture provides for notice in any manner, such notice may be waived in writing by any Person entitled to receive such notice, either before or after the event, and such waiver shall be the equivalent of such notice. Waivers of notice by Noteholders shall be filed with the Trustee but such filing shall not be a condition precedent to the validity of any action taken in reliance upon such a waiver.

(c) In case, by reason of the suspension of regular mail service as a result of a strike, work stoppage or similar activity, it shall be impractical to mail notice of any event to Noteholders when such notice is required to be given pursuant to any provision of this Indenture, then any manner of giving such notice as shall be satisfactory to the Trustee shall be deemed to be a sufficient giving of such notice.

(d) Where this Indenture provides for notice to the Rating Agencies, failure to give such notice shall not affect any other rights or obligations created hereunder, and shall not under any circumstance constitute a Default or Event of Default.

SECTION 11.6 Alternate Payment and Notice Provisions. Notwithstanding any provision of this Indenture or any of the Notes to the contrary, the Issuer may enter into any agreement with any Holder of a Note providing for a method of payment, or notice by the Trustee or any Note Paying Agent to such Holder, that is different from the methods provided for in this Indenture for such payments or notices, provided that such methods are reasonable and consented to by the Trustee (which consent shall not be unreasonably withheld). The Issuer will furnish to the Trustee a copy of each such agreement and the Trustee will cause payments to be made and notices to be given in accordance with such agreements.

SECTION 11.7 Reserved.

SECTION 11.8 Effect of Headings and Table of Contents. The Article and Section headings herein and the Table of Contents are for convenience only and shall not affect the construction hereof.

SECTION 11.9 Successors and Assigns. All covenants and agreements in this Indenture and the Notes by the Issuer shall bind its successors and assigns, whether so expressed or not. All agreements of the Trustee in this Indenture shall bind its successors. All agreements of the Trustee in this Indenture shall bind its successors.

SECTION 11.10 Severability. In case any provision in this Indenture or in the Notes shall be invalid, illegal or unenforceable, the validity, legality, and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

SECTION 11.11 Benefits of Indenture. Nothing in this Indenture or in the Notes, express or implied, shall give to any Person, other than the parties hereto and their successors hereunder, and the Noteholders, and any other party secured hereunder, and any other person with an ownership interest in any part of the Trust Estate, any benefit or any legal or equitable right, remedy or claim under this Indenture.

SECTION 11.12 Legal Holidays. In any case where the date on which any payment is due shall not be a Business Day, then (notwithstanding any other provision of the Notes or this Indenture) payment need not be made on such date, but may be made on the next succeeding Business Day with the same force and effect as if made on the date on which nominally due, and no interest shall accrue for the period from and after any such nominal date.

SECTION 11.13 Governing Law. THIS INDENTURE SHALL BE CONSTRUED IN ACCORDANCE WITH, AND THIS INDENTURE AND ALL MATTERS ARISING OUT OF OR RELATING IN ANY WAY TO THIS INDENTURE SHALL BE GOVERNED BY, THE LAWS OF THE STATE OF NEW YORK, WITHOUT REGARD TO CONFLICTS OF LAWS PRINCIPLES.

SECTION 11.14 Counterparts. This Indenture may be executed in any number of counterparts, each of which so executed shall be deemed to be an original, but all such counterparts shall together constitute but one and the same instrument.

SECTION 11.15 Recording of Indenture. If this Indenture is subject to recording in any appropriate public recording offices, such recording is to be effected by the Issuer and at its expense accompanied by an Opinion of Counsel (which may be counsel to the Trustee or any other counsel reasonably acceptable to the Trustee) to the effect that such recording is necessary either for the protection of the Noteholders or any other person secured hereunder or for the enforcement of any right or remedy granted to the Trustee under this Indenture.

SECTION 11.16 Trust Obligation. No recourse may be taken, directly or indirectly, with respect to the obligations of the Issuer, the Seller, the Servicer, the Depositor, the Owner Trustee or the Trustee on the Notes or under this Indenture or any certificate or other writing delivered in connection herewith or therewith, against (i) the Seller, the Servicer, the Depositor, the Trustee or the Owner Trustee in its individual capacity, (ii) any owner of a beneficial interest in the Issuer or (iii) any partner, owner, beneficiary, agent, officer, director, employee or agent of the Seller, the Servicer, the Depositor, the Trustee or the Owner Trustee in its individual capacity, any holder of a beneficial interest in the Issuer, the Seller, the Servicer, the Depositor, the Owner Trustee or the Trustee or of any successor or assign of the Seller, the Servicer, the Depositor, the Trustee or the Owner Trustee in its individual capacity, except as any such Person may have expressly agreed (it being understood that the Trustee and the Owner Trustee have no such obligations in their individual capacity) and except that any such partner, owner or beneficiary shall be fully liable, to the extent provided by applicable law, for any unpaid consideration for stock, unpaid capital contribution or failure to pay any installment or call owing to such entity. For all purposes of this Indenture, in the performance of any duties or obligations of the Issuer hereunder, the Owner Trustee shall be subject to, and entitled to the benefits of, the terms and provisions of Articles VI, VII and VIII of the Trust Agreement.

SECTION 11.17 No Petition. The Trustee, by entering into this Indenture, and each Noteholder and Note Owner, by accepting a Note or a beneficial interest therein, hereby covenant and agree that they will not at any time institute against the Seller, the Depositor, or the Issuer, or join in, or collude or cooperate with, any institution against the Seller, the Depositor, or the Issuer of, any bankruptcy, reorganization, arrangement, insolvency or liquidation proceedings, or other proceedings under any United States Federal or State bankruptcy or similar law in connection with any obligations relating to the Notes, this Indenture or any of the Basic Documents.

SECTION 11.18 Inspection. The Issuer agrees that, on reasonable prior notice, it will permit any representative of the Trustee, during the Issuer's normal business hours, to examine all the books of account, records, reports, and other papers of the Issuer, to make copies and extracts therefrom, to cause such books to be audited by independent certified public accountants, and to discuss the Issuer's affairs, finances and accounts with the Issuer's officers, employees, and independent certified public accountants, all at such reasonable times and as often as may be reasonably requested. The Trustee shall and shall cause its representatives to hold in confidence all such information except to the extent disclosure may be required by law (and all reasonable applications for confidential treatment are unavailing) and except to the extent that the Trustee may reasonably determine that such disclosure is consistent with its Obligations hereunder.

SECTION 11.19 Limitation on Recourse to Seller. The obligations of the Issuer under this Indenture are solely the obligations of the Issuer and do not represent any obligation or interest in any assets of the Depositor. The Trustee, by entering into this Indenture, and each Noteholder and Note Owner, by accepting a Note or a beneficial interest in a Note, acknowledge and agree that they have no right, title or interest in or to any Other Assets of the Depositor. Notwithstanding the preceding sentence, if such Trustee, Noteholder or Note Owner either (i) asserts an interest or claim to, or benefit from, the Other Assets, or (ii) is deemed to have any such interest, claim to, or benefit in or from the Other Assets, whether by operation of law, legal process, pursuant to insolvency laws or otherwise (including by virtue of Section 1111(b) of the United States Bankruptcy Code, 11 U.S.C. §§ 101 et seq., as amended ("Bankruptcy Code")), then such Indenture Trustee, Noteholder or Note Owner further acknowledges and agrees that any such interest, claim or benefit in or from the Other Assets is expressly subordinated to the indefeasible payment in full of the other obligations and liabilities, which, under the relevant documents relating to the securitization or conveyance of such Other Assets, are entitled to be paid from, entitled to the benefits of, or otherwise secured by such Other Assets (whether or not any such entitlement or security interest is legally perfected or otherwise entitled to a priority of distributions or application under applicable law, including insolvency laws, and whether or not asserted against the Depositor), including the payment of post-petition interest on such other obligations and liabilities. This subordination agreement is deemed a subordination agreement within the meaning of Section 510(a) of the Bankruptcy Code. The Trustee, each Noteholder and each Note Owner further acknowledges and agrees that no adequate remedy at law exists for a breach of this Section 11.19 and this Section 11.19 may be enforced by an action for specific performance. This Section 11.19 is for the third party benefit of those entitled to rely on this Section 11.19 and will survive the termination of this Indenture.

[REVERSE OF NOTE]

This note is one of a duly authorized issue of Notes of the Issuer, designated as its Class A 1.82% Asset-Backed Notes (herein called the "Class A Notes"), all issued under an Indenture dated as of September 1, 2012 (such indenture, as supplemented or amended, is herein called the "Indenture"), between the Issuer and Wells Fargo Bank, National Association, as trustee (the "Trustee", which term includes any successor Trustee under the Indenture), to which Indenture and all indentures supplemental thereto reference is hereby made for a statement of the respective rights and obligations thereunder of the Issuer, the Trustee and the Holders of the Notes. The Notes are subject to all terms of the Indenture.

The Class A Notes, the Class B Notes, Class C Notes, the Class D Notes and the Class E Notes (collectively, the "Notes") are and will be equally and ratably secured by the collateral pledged as security therefor as provided in the Indenture.

Principal of the Class A Notes will be payable on each Payment Date in an amount described on the face hereof. "Payment Date" means the fifteenth day of each month, or, if any such date is not a Business Day, the next succeeding Business Day, commencing October 15, 2012.

As described above, the entire unpaid principal amount of this Class A Note shall be due and payable on the earlier of the Final Scheduled Payment Date and the Redemption Date, if any, pursuant to Section 10.1 of the Indenture. In addition, a portion of the unpaid principal balance of this Note shall be due and payable on the Mandatory Redemption Date, if any, pursuant to Section 10.1(b) of the Indenture. Notwithstanding the foregoing, the entire unpaid principal amount of the Class A Notes shall be due and payable on the date on which an Event of Default shall have occurred and be continuing and the Notes have been declared immediately due and payable in the manner provided in Section 5.2 of the Indenture. All principal payments on the Class A Notes shall be made pro rata to the Class A Noteholders entitled thereto.

Payments of interest on this Class A Note due and payable on each Payment Date, together with the installment of principal, if any, to the extent not in full payment of this Class A Note, shall be made by check mailed to the Person whose name appears as the Holder of this Class A Note (or one or more Predecessor Notes) in the Note Register as of the close of business on each Record Date or by wire transfer of immediately available funds to the account designated in writing to the Trustee by such Person at least five Business Days prior to the related Record Date, except that with respect to Notes registered on the Record Date in the name of the nominee of the Clearing Agency (initially, such nominee to be Cede & Co.), payments will be made by wire transfer in immediately available funds to the account designated by such nominee. Such checks shall be mailed to the Person entitled thereto at the address of such Person as it appears on the Note Register as of the applicable Record Date without requiring that this Class A Note be submitted for notation of payment. Any reduction in the principal amount of this Class A Note (or any one or more Predecessor Notes) effected by any payments made on any Payment Date shall be binding upon all future Holders of this Class A Note and of any Class A Note issued upon the registration of transfer hereof or in exchange hereof or in lieu hereof, whether or not noted hereon. If funds are expected to be available, as provided in the Indenture, for payment in full of the then remaining

unpaid principal amount of this Class A Note on a Payment Date, then the Trustee, in the name of and on behalf of the Issuer, will notify the Person who was the Holder hereof as of the Record Date preceding such Payment Date by notice mailed prior to such Payment Date and the amount then due and payable shall be payable only upon presentation and surrender of this Class A Note at the Trustee's principal Corporate Trust Office.

The Issuer shall pay interest on overdue installments of interest at the Class A Interest Rate to the extent lawful.

As provided in the Indenture, the Notes may be redeemed (a) pursuant to Section 10.1 of the Indenture, in whole, but not in part, at the option of the Servicer, on any Payment Date on or after the date on which the Pool Balance is less than or equal to 10% of the Original Collateral Balance; and (b) pursuant to Section 10.1(b) of the Indenture, in part, on a pro rata basis, on the Mandatory Redemption Date if any Pre-Funded Amount remains on deposit in the Pre-Funding Account after giving effect to the purchase of all Subsequent Receivables during the Funding Period.

As provided in the Indenture and subject to certain limitations set forth therein, the transfer of this Class A Note may be registered on the Note Register upon surrender of this Class A Note for registration of transfer at the office or agency designated by the Issuer pursuant to the Indenture, (i) duly endorsed by, or accompanied by a written instrument of transfer in form satisfactory to the Trustee duly executed by, the Holder hereof or his attorney duly authorized in writing, with such signature guaranteed by an "eligible guarantor institution" meeting the requirements of the Note Registrar which requirements include membership or participation in Securities Transfer Agents Medallion Program ("STAMP") or such other "signature guarantee program" as may be determined by the Note Registrar in addition to, or in substitution for, STAMP, all in accordance with the Exchange Act, and (ii) accompanied by such other documents as the Trustee may require, and thereupon one or more new Class A Notes of authorized denominations and in the same aggregate principal amount will be issued to the designated transferee or transferees. No service charge will be charged for any registration of transfer or exchange of this Class A Note, but the transferor may be required to pay a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with any such registration of transfer or exchange. Notwithstanding anything to the contrary in the Indenture or any other Basic Document, (i) the transfer of a Class A Note, including the right to receive principal and any stated interest thereon, may be effected only by surrender of the old Class A Note (or satisfactory evidence of the destruction, loss or theft of such Note) to the Note Registrar, and the issuance by the Issuer (through the Note Registrar) of a new Class A Note to the new Holder, and (ii) each Class A Note must be registered in the name of the Holder thereof as to both principal and any stated interest with the Note Registrar.

Each Noteholder or Note Owner, by acceptance of a Class A Note or, in the case of a Note Owner, a beneficial interest in a Class A Note, agrees to treat the Class A Notes as indebtedness of the Issuer for Federal and State income tax reporting purposes and further covenants and agrees that no recourse may be taken, directly or indirectly, with respect to the obligations of the Issuer, the Owner Trustee or the Trustee on the Notes or under the Indenture or any certificate or other writing delivered in connection therewith, against (i) the Seller, the Servicer, the Depositor, the Trustee or the Owner Trustee in its individual capacity, (ii) any owner of a beneficial interest in the

Issuer or (iii) any partner, owner, beneficiary, agent, officer, director or employee of the Issuer, the Seller, the Servicer, the Depositor, the Trustee or the Owner Trustee in its individual capacity, any holder of a beneficial interest in the Issuer, the Seller, the Servicer, the Depositor, the Owner Trustee or the Trustee or of any successor or assign of the Issuer, the Seller, the Servicer, the Depositor, the Trustee or the Owner Trustee in its individual capacity, except as any such Person may have expressly agreed (it being understood that the Trustee and the Owner Trustee have no such obligations in their individual capacity) and except that any such partner, owner or beneficiary shall be fully liable, to the extent provided by applicable law, for any unpaid consideration for stock, unpaid capital contribution or failure to pay any installment or call owing to such entity.

Each Noteholder or Note Owner, by acceptance of a Class A Note or, in the case of a Note Owner, a beneficial interest in a Class A Note, covenants and agrees by accepting the benefits of the Indenture that such Noteholder will not at any time institute against the Depositor or the Issuer or join in any institution against the Depositor or the Issuer of, any bankruptcy, reorganization, arrangement, insolvency or liquidation proceedings, or other proceedings, under any United States Federal or State bankruptcy or similar law in connection with any obligations relating to the Notes, the Indenture or the Basic Documents.

Each Noteholder or Note Owner, by acceptance of a Class A Note or, in the case of a Note Owner, a beneficial interest in a Class A Note, shall be deemed to have represented and warranted for the benefit of the Issuer, the Trustee, the Owner Trustee and the Noteholders, that either (i) it is not acquiring such Class A Note with the assets of any "employee benefit plan" as defined in Section 3(3) of ERISA which is subject to Title I of ERISA or any "plan" as defined in Section 4975 of the Internal Revenue Code or (ii) the acquisition and holding of such Class A Note will be covered by Prohibited Transaction Class Exemption ("PTCE") 84-14, PTCE 90-1, PTCE 91-38, PTCE 95-60, PTCE 96-23 or a similar U.S. Department of Labor class exemption or other similar exemption.

Prior to the due presentment for registration of transfer of this Class A Note, the Issuer and the Trustee and any agent of the Issuer or the Trustee may treat the Person in whose name this Class A Note (as of the day of determination or as of such other date as may be specified in the Indenture) is registered as the owner hereof for all purposes, whether or not this Class A Note be overdue, and neither the Issuer, the Trustee nor any such agent shall be affected by notice to the contrary.

The Indenture permits, subject to certain limitations and exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Issuer and the rights of the Holders of the Notes under the Indenture at any time by the Issuer without the consent of Noteholders. The Indenture also contains provisions permitting the Holders of Notes representing a majority (by Outstanding Amount) of the Controlling Class, on behalf of the Holders of all the Notes, to waive compliance by the Issuer with certain provisions of the Indenture and certain past defaults under the Indenture and their consequences. Any such consent or waiver shall be conclusive and binding upon such Holder and upon all future Holders of this Class A Note and of any Class A Note issued upon the registration of transfer hereof or in exchange hereof or in lieu hereof whether or not notation of such consent or waiver is made upon this Class A Note. The Indenture also permits the Trustee to amend or waive certain terms and conditions set forth in the Indenture without the consent of Holders of the Notes issued thereunder.

The term "Issuer" as used in this Class A Note includes any successor to the Issuer under the Indenture.

The Issuer is permitted by the Indenture, under certain circumstances, to merge or consolidate, subject to the rights of the Trustee and the Holders of Notes under the Indenture.

The Class A Notes are issuable only in registered form in denominations as provided in the Indenture, subject to certain limitations therein set forth.

This Class A Note and the Indenture shall be construed in accordance with the laws of the State of New York, without reference to its conflict of law provisions, and the obligations, rights and remedies of the parties hereunder and thereunder shall be determined in accordance with such laws.

No reference herein to the Indenture and no provision of this Class A Note or of the Indenture shall alter or impair the obligation of the Issuer, which is absolute and unconditional, to pay the principal of and interest on this Class A Note at the times, place and rate, and in the coin or currency herein prescribed.

Anything herein to the contrary notwithstanding, except as expressly provided in the Indenture or the Basic Documents, neither the Owner Trustee in its individual capacity, any owner of a beneficial interest in the Issuer, nor any of their respective partners, beneficiaries, agents, officers, directors, employees or successors or assigns shall be personally liable for, nor shall recourse be had to any of them for, the payment of principal or interest on, or performance of, or omission to perform, any of the covenants, obligations or indemnifications contained in this Class A Note or the Indenture, it being expressly understood that said covenants, obligations and indemnifications have been made by the Owner Trustee for the sole purposes of binding the interests of the Owner Trustee in the assets of the Issuer. The Holder of this Class A Note by the acceptance hereof agrees that except as expressly provided in the Indenture or the Basic Documents, in the case of an Event of Default under the Indenture, the Holder shall have no claim against any of the foregoing for any deficiency, loss or claim therefrom; provided, however, that nothing contained herein shall be taken to prevent recourse to, and enforcement against, the assets of the Issuer for any and all liabilities, obligations and undertakings contained in the Indenture or in this Class A Note.

[REVERSE OF NOTE]

This note is one of a duly authorized issue of Notes of the Issuer, designated as its Class B 2.28% Asset-Backed Notes (herein called the "Class B Notes"), all issued under an Indenture dated as of September 1, 2012 (such indenture, as supplemented or amended, is herein called the "Indenture"), between the Issuer and Wells Fargo Bank, National Association, as trustee (the "Trustee", which term includes any successor Trustee under the Indenture), to which Indenture and all indentures supplemental thereto reference is hereby made for a statement of the respective rights and obligations thereunder of the Issuer, the Trustee and the Holders of the Notes. The Notes are subject to all terms of the Indenture.

The Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes and the Class E Notes (collectively, the "Notes") are and will be equally and ratably secured by the collateral pledged as security therefor as provided in the Indenture, however, the Class B Notes are subordinate in priority of payment to the Class A Notes on each Payment Date and upon a liquidation of the Trust Estate as described in the Indenture and the Sale and Servicing Agreement.

Principal of the Class B Notes will be payable on each Payment Date in an amount described on the face hereof. "Payment Date" means the fifteenth day of each month, or, if any such date is not a Business Day, the next succeeding Business Day, commencing October 15, 2012.

As described above, the entire unpaid principal amount of this Class B Note shall be due and payable on the earlier of the Final Scheduled Payment Date and the Redemption Date, if any, pursuant to Section 10.1 of the Indenture. In addition, a portion of the unpaid principal balance of this Note shall be due and payable on the Mandatory Redemption Date, if any, pursuant to Section 10.1(b) of the Indenture. Notwithstanding the foregoing, the entire unpaid principal amount of the Class B Notes shall be due and payable on the date on which an Event of Default shall have occurred and be continuing and the Notes have been declared immediately due and payable in the manner provided in Section 5.2 of the Indenture. All principal payments on the Class B Notes shall be made pro rata to the Class B Noteholders entitled thereto.

Payments of interest on this Class B Note due and payable on each Payment Date, together with the installment of principal, if any, to the extent not in full payment of this Class B Note, shall be made by check mailed to the Person whose name appears as the Holder of this Class B Note (or one or more Predecessor Notes) in the Note Register as of the close of business on each Record Date or by wire transfer of immediately available funds to the account designated in writing to the Trustee by such Person at least five Business Days prior to the related Record Date, except that with respect to Notes registered on the Record Date in the name of the nominee of the Clearing Agency (initially, such nominee to be Cede & Co.), payments will be made by wire transfer in immediately available funds to the account designated by such nominee. Such checks shall be mailed to the Person entitled thereto at the address of such Person as it appears on the Note Register as of the applicable Record Date without requiring that this Class B Note be submitted for notation of payment. Any reduction in the principal amount of this Class B Note (or any one or more Predecessor Notes) effected by any payments made on any Payment Date shall be binding upon all future Holders of this Class B Note and of any Class B Note issued upon the registration

of transfer hereof or in exchange hereof or in lieu hereof, whether or not noted hereon. If funds are expected to be available, as provided in the Indenture, for payment in full of the then remaining unpaid principal amount of this Class B Note on a Payment Date, then the Trustee, in the name of and on behalf of the Issuer, will notify the Person who was the Holder hereof as of the Record Date preceding such Payment Date by notice mailed prior to such Payment Date and the amount then due and payable shall be payable only upon presentation and surrender of this Class B Note at the Trustee's principal Corporate Trust Office.

The Issuer shall pay interest on overdue installments of interest at the Class B Interest Rate to the extent lawful.

As provided in the Indenture, the Notes may be redeemed (a) pursuant to Section 10.1 of the Indenture, in whole, but not in part, at the option of the Servicer, on any Payment Date on or after the date on which the Pool Balance is less than or equal to 10% of the Original Collateral Balance; and (b) pursuant to Section 10.1(b) of the Indenture, in part, on a pro rata basis, on the Mandatory Redemption Date if any Pre-Funded Amount remains on deposit in the Pre-Funding Account after giving effect to the purchase of all Subsequent Receivables during the Funding Period.

As provided in the Indenture and subject to certain limitations set forth therein, the transfer of this Class B Note may be registered on the Note Register upon surrender of this Class B Note for registration of transfer at the office or agency designated by the Issuer pursuant to the Indenture, (i) duly endorsed by, or accompanied by a written instrument of transfer in form satisfactory to the Trustee duly executed by, the Holder hereof or his attorney duly authorized in writing, with such signature guaranteed by an "eligible guarantor institution" meeting the requirements of the Note Registrar which requirements include membership or participation in Securities Transfer Agents Medallion Program ("STAMP") or such other "signature guarantee program" as may be determined by the Note Registrar in addition to, or in substitution for, STAMP, all in accordance with the Exchange Act, and (ii) accompanied by such other documents as the Trustee may require, and thereupon one or more new Class B Notes of authorized denominations and in the same aggregate principal amount will be issued to the designated transferee or transferees. No service charge will be charged for any registration of transfer or exchange of this Class B Note, but the transferor may be required to pay a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with any such registration of transfer or exchange. Notwithstanding anything to the contrary in the Indenture or any other Basic Document, (i) the transfer of a Class B Note, including the right to receive principal and any stated interest thereon, may be effected only by surrender of the old Class B Note (or satisfactory evidence of the destruction, loss or theft of such Note) to the Note Registrar, and the issuance by the Issuer (through the Note Registrar) of a new Class B Note to the new Holder, and (ii) each Class B Note must be registered in the name of the Holder thereof as to both principal and any stated interest with the Note Registrar.

Each Noteholder or Note Owner, by acceptance of a Class B Note or, in the case of a Note Owner, a beneficial interest in a Class B Note, agrees to treat the Class B Notes as indebtedness of the Issuer for federal and State income tax reporting purposes and further covenants and agrees that no recourse may be taken, directly or indirectly, with respect to the obligations of the Issuer, the Owner Trustee or the Trustee on the Notes or under the Indenture or any certificate or other writing

delivered in connection therewith, against (i) the Seller, the Servicer, the Depositor, the Trustee or the Owner Trustee in its individual capacity, (ii) any owner of a beneficial interest in the Issuer or (iii) any partner, owner, beneficiary, agent, officer, director or employee of the Issuer, the Seller, the Servicer, the Depositor, the Trustee or the Owner Trustee in its individual capacity, any holder of a beneficial interest in the Issuer, the Seller, the Servicer, the Depositor, the Owner Trustee or the Trustee or of any successor or assign of the Issuer, the Seller, the Servicer, the Depositor, the Trustee or the Owner Trustee in its individual capacity, except as any such Person may have expressly agreed (it being understood that the Trustee and the Owner Trustee have no such obligations in their individual capacity) and except that any such partner, owner or beneficiary shall be fully liable, to the extent provided by applicable law, for any unpaid consideration for stock, unpaid capital contribution or failure to pay any installment or call owing to such entity.

Each Noteholder or Note Owner, by acceptance of a Class B Note or, in the case of a Note Owner, a beneficial interest in a Class B Note, covenants and agrees by accepting the benefits of the Indenture that such Noteholder will not at any time institute against the Depositor or the Issuer or join in any institution against the Depositor or the Issuer of, any bankruptcy, reorganization, arrangement, insolvency or liquidation proceedings, or other proceedings, under any United States Federal or State bankruptcy or similar law in connection with any obligations relating to the Notes, the Indenture or the Basic Documents.

Each Noteholder or Note Owner, by acceptance of a Class B Note or, in the case of a Note Owner, a beneficial interest in a Class B Note, shall be deemed to have represented and warranted for the benefit of the Issuer, the Trustee, the Owner Trustee and the Noteholders, that either (i) it is not acquiring any such Class B Note with the assets of any "employee benefit plan" as defined in Section 3(3) of ERISA which is subject to Title I of ERISA or any "plan" as defined in Section 4975 of the Internal Revenue Code or (ii) the acquisition and holding of such Class B Note will be covered by Prohibited Transaction Class Exemption ("PTCE") 84-14, PTCE 90-1, PTCE 91-38, PTCE 95-60, PTCE 96-23 or a similar U.S. Department of Labor class exemption or other similar exemption.

Prior to the due presentment for registration of transfer of this Class B Note, the Issuer and the Trustee and any agent of the Issuer or the Trustee may treat the Person in whose name this Class B Note (as of the day of determination or as of such other date as may be specified in the Indenture) is registered as the owner hereof for all purposes, whether or not this Class B Note be overdue, and neither the Issuer, the Trustee nor any such agent shall be affected by notice to the contrary.

The Indenture permits, subject to certain limitations and exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Issuer and the rights of the Holders of the Notes under the Indenture at any time by the Issuer without the consent of Noteholders. The Indenture also contains provisions permitting the Holders of Notes representing a majority (by Outstanding Amount) of the Controlling Class, on behalf of the Holders of all the Notes, to waive compliance by the Issuer with certain provisions of the Indenture and certain past defaults under the Indenture and their consequences. Any such consent or waiver shall be conclusive and binding upon such Holder and upon all future Holders of this Class B Note and of any Class B Note issued upon the registration of transfer hereof or in exchange hereof or in lieu hereof whether or not notation of such consent or waiver is made upon this Class B Note.

The Indenture also permits the Trustee to amend or waive certain terms and conditions set forth in the Indenture without the consent of Holders of the Notes issued thereunder.

The term "Issuer" as used in this Class B Note includes any successor to the Issuer under the Indenture.

The Issuer is permitted by the Indenture, under certain circumstances, to merge or consolidate, subject to the rights of the Trustee and the Holders of Notes under the Indenture.

The Class B Notes are issuable only in registered form in denominations as provided in the Indenture, subject to certain limitations therein set forth.

This Class B Note and the Indenture shall be construed in accordance with the laws of the State of New York, without reference to its conflict of law provisions, and the obligations, rights and remedies of the parties hereunder and thereunder shall be determined in accordance with such laws.

No reference herein to the Indenture and no provision of this Class B Note or of the Indenture shall alter or impair the obligation of the Issuer, which is absolute and unconditional, to pay the principal of and interest on this Class B Note at the times, place, and rate, and in the coin or currency herein prescribed.

Anything herein to the contrary notwithstanding, except as expressly provided in the Indenture or the Basic Documents, neither the Owner Trustee in its individual capacity, any owner of a beneficial interest in the Issuer, nor any of their respective partners, beneficiaries, agents, officers, directors, employees or successors or assigns shall be personally liable for, nor shall recourse be had to any of them for, the payment of principal or interest on, or performance of, or omission to perform, any of the covenants, obligations or indemnifications contained in this Class B Note or the Indenture, it being expressly understood that said covenants, obligations and indemnifications have been made by the Owner Trustee for the sole purposes of binding the interests of the Owner Trustee in the assets of the Issuer. The Holder of this Class B Note by the acceptance hereof agrees that except as expressly provided in the Indenture or the Basic Documents, in the case of an Event of Default under the Indenture, the Holder shall have no claim against any of the foregoing for any deficiency, loss or claim therefrom; provided, however, that nothing contained herein shall be taken to prevent recourse to, and enforcement against, the assets of the Issuer for any and all liabilities, obligations and undertakings contained in the Indenture or in this Class B Note.

[REVERSE OF NOTE]

This note is one of a duly authorized issue of Notes of the Issuer, designated as its Class C 3.32% Asset-Backed Notes (herein called the "Class C Notes"), all issued under an Indenture dated as of September 1, 2012 (such indenture, as supplemented or amended, is herein called the "Indenture"), between the Issuer and Wells Fargo Bank, National Association, as trustee (the "Trustee", which term includes any successor Trustee under the Indenture), to which Indenture and all indentures supplemental thereto reference is hereby made for a statement of the respective rights and obligations thereunder of the Issuer, the Trustee and the Holders of the Notes. The Notes are subject to all terms of the Indenture.

The Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes and the Class E Notes (collectively, the "Notes") are and will be equally and ratably secured by the collateral pledged as security therefor as provided in the Indenture, however, the Class C Notes are subordinate in priority of payment to the Class A Notes and the Class B Notes on each Payment Date and upon a liquidation of the Trust Estate as described in the Indenture and the Sale and Servicing Agreement.

Principal of the Class C Notes will be payable on each Payment Date in an amount described on the face hereof. "Payment Date" means the fifteenth day of each month, or, if any such date is not a Business Day, the next succeeding Business Day, commencing October 15, 2012.

As described above, the entire unpaid principal amount of this Note shall be due and payable on the earlier of the Final Scheduled Payment Date and the Redemption Date, if any, pursuant to Section 10.1 of the Indenture. In addition, a portion of the unpaid principal balance of this Note shall be due and payable on the Mandatory Redemption Date, if any, pursuant to Section 10.1(b) of the Indenture. Notwithstanding the foregoing, the entire unpaid principal amount of the Class C Notes shall be due and payable on the date on which an Event of Default shall have occurred and be continuing and the Notes have been declared immediately due and payable in the manner provided in Section 5.2 of the Indenture. All principal payments on the Class C Notes shall be made pro rata to the Class C Noteholders entitled thereto.

Payments of interest on this Class C Note due and payable on each Payment Date, together with the installment of principal, if any, to the extent not in full payment of this Class C Note, shall be made by check mailed to the Person whose name appears as the Holder of this Class C Note (or one or more Predecessor Notes) in the Note Register as of the close of business on each Record Date or by wire transfer of immediately available funds to the account designated in writing to the Trustee by such Person at least five Business Days prior to the related Record Date. Such checks shall be mailed to the Person entitled thereto at the address of such Person as it appears on the Note Register as of the applicable Record Date without requiring that this Note be submitted for notation of payment. Any reduction in the principal amount of this Class C Note (or any one or more Predecessor Notes) effected by any payments made on any Payment Date shall be binding upon all future Holders of this Class C Note and of any Note issued upon the registration of transfer hereof or in exchange hereof or in lieu hereof, whether or not noted hereon. If funds are expected to be available, as provided in the Indenture, for payment in full of the then remaining unpaid principal

amount of this Class C Note on a Payment Date, then the Trustee, in the name of and on behalf of the Issuer, will notify the Person who was the Holder hereof as of the Record Date preceding such Payment Date by notice mailed prior to such Payment Date and the amount then due and payable shall be payable only upon presentation and surrender of this Class C Note at the Trustee's principal Corporate Trust Office.

The Issuer shall pay interest on overdue installments of interest at the Class C Interest Rate to the extent lawful.

As provided in the Indenture, the Notes may be redeemed (a) pursuant to Section 10.1 of the Indenture, in whole, but not in part, at the option of the Servicer, on any Payment Date on or after the date on which the Pool Balance is less than or equal to 10% of the Original Collateral Balance; and (b) pursuant to Section 10.1(b) of the Indenture, in part, on a pro rata basis, on the Mandatory Redemption Date if any Pre-Funded Amount remains on deposit in the Pre-Funding Account after giving effect to the purchase of all Subsequent Receivables during the Funding Period.

As provided in the Indenture and subject to certain limitations set forth therein, the transfer of this Class C Note may be registered on the Note Register upon surrender of this Class C Note for registration of transfer at the office or agency designated by the Issuer pursuant to the Indenture, (i) duly endorsed by, or accompanied by a written instrument of transfer in form satisfactory to the Trustee duly executed by, the Holder hereof or his attorney duly authorized in writing, with such signature guaranteed by an "eligible guarantor institution" meeting the requirements of the Note Registrar which requirements include membership or participation in Securities Transfer Agents Medallion Program ("STAMP") or such other "signature guarantee program" as may be determined by the Note Registrar in addition to, or in substitution for, STAMP, all in accordance with the Exchange Act, and (ii) accompanied by a certificate of the transferee in the form of Exhibit B to the Indenture and such other documents as the Trustee may require, and thereupon one or more new Class C Notes of authorized denominations and in the same aggregate principal amount will be issued to the designated transferee or transferees. No service charge will be charged for any registration of transfer or exchange of this Class C Note, but the transferor may be required to pay a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with any such registration of transfer or exchange. Notwithstanding anything to the contrary in the Indenture or any other Basic Document, (i) the transfer of a Class C Note, including the right to receive principal and any stated interest thereon, may be effected only by surrender of the old Class C Note (or satisfactory evidence of the destruction, loss or theft of such Note) to the Note Registrar, and the issuance by the Issuer (through the Note Registrar) of a new Class C Note to the new Holder, and (ii) each Class C Note must be registered in the name of the Holder thereof as to both principal and any stated interest with the Note Registrar.

Each Noteholder or Note Owner, by acceptance of a Class C Note or, in the case of a Note Owner, a beneficial interest in a Class C Note, agrees to treat the Class C Notes as indebtedness of the Issuer for federal and State income tax reporting purposes and further covenants and agrees that no recourse may be taken, directly or indirectly, with respect to the obligations of the Issuer, the Owner Trustee or the Trustee on the Notes or under the Indenture or any certificate or other writing delivered in connection therewith, against (i) the Seller, the Servicer, the Depositor, the Trustee or the Owner Trustee in its individual capacity, (ii) any owner of a beneficial interest in the Issuer or

(iii) any partner, owner, beneficiary, agent, officer, director or employee of the Issuer, the Seller, the Servicer, the Depositor, the Trustee or the Owner Trustee in its individual capacity, any holder of a beneficial interest in the Issuer, the Seller, the Servicer, the Depositor, the Owner Trustee or the Trustee or of any successor or assign of the Issuer, the Seller, the Servicer, the Depositor, the Trustee or the Owner Trustee in its individual capacity, except as any such Person may have expressly agreed (it being understood that the Trustee and the Owner Trustee have no such obligations in their individual capacity) and except that any such partner, owner or beneficiary shall be fully liable, to the extent provided by applicable law, for any unpaid consideration for stock, unpaid capital contribution or failure to pay any installment or call owing to such entity.

Each Noteholder or Note Owner, by acceptance of a Class C Note or, in the case of a Note Owner, a beneficial interest in a Class C Note, covenants and agrees by accepting the benefits of the Indenture that such Noteholder will not at any time institute against the Depositor or the Issuer or join in any institution against the Depositor or the Issuer of, any bankruptcy, reorganization, arrangement, insolvency or liquidation proceedings, or other proceedings, under any United States Federal or State bankruptcy or similar law in connection with any obligations relating to the Notes, the Indenture or the Basic Documents.

Each Noteholder or Note Owner, by acceptance of a Class C Note or, in the case of a Note Owner, a beneficial interest in a Class C Note, shall be deemed to have represented and warranted for the benefit of the Issuer, the Trustee, the Owner Trustee and the Noteholders, that either (i) it is not acquiring any such Class C Note with the assets of any "employee benefit plan" as defined in Section 3(3) of ERISA which is subject to Title I of ERISA or any "plan" as defined in Section 4975 of the Internal Revenue Code or (ii) the acquisition and holding of such Class C Note will be covered by Prohibited Transaction Class Exemption ("PTCE") 84-14, PTCE 90-1, PTCE 91-38, PTCE 95-60, PTCE 96-23 or a similar U.S. Department of Labor class exemption or other similar exemption.

Prior to the due presentment for registration of transfer of this Class C Note, the Issuer and the Trustee and any agent of the Issuer or the Trustee may treat the Person in whose name this Class C Note (as of the day of determination or as of such other date as may be specified in the Indenture) is registered as the owner hereof for all purposes, whether or not this Class C Note be overdue, and neither the Issuer, the Trustee nor any such agent shall be affected by notice to the contrary.

The Indenture permits, subject to certain limitations and exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Issuer and the rights of the Holders of the Notes under the Indenture at any time by the Issuer without the consent of Noteholders. The Indenture also contains provisions permitting the Holders of Notes representing a majority (by Outstanding Amount) of the Controlling Class, on behalf of the Holders of all the Notes, to waive compliance by the Issuer with certain provisions of the Indenture and certain past defaults under the Indenture and their consequences. Any such consent or waiver shall be conclusive and binding upon such Holder and upon all future Holders of this Class C Note and of any Class C Note issued upon the registration of transfer hereof or in exchange hereof or in lieu hereof whether or not notation of such consent or waiver is made upon this Class C Note. The Indenture also permits the Trustee to amend or waive certain terms and conditions set forth in the Indenture without the consent of Holders of the Notes issued thereunder.

The term "Issuer" as used in this Class C Note includes any successor to the Issuer under the Indenture.

The Issuer is permitted by the Indenture, under certain circumstances, to merge or consolidate, subject to the rights of the Trustee and the Holders of Notes under the Indenture.

The Class C Notes are issuable only in registered form in denominations as provided in the Indenture, subject to certain limitations therein set forth.

This Class C Note and the Indenture shall be construed in accordance with the laws of the State of New York, without reference to its conflict of law provisions, and the obligations, rights and remedies of the parties hereunder and thereunder shall be determined in accordance with such laws.

No reference herein to the Indenture and no provision of this Class C Note or of the Indenture shall alter or impair the obligation of the Issuer, which is absolute and unconditional, to pay the principal of and interest on this Class C Note at the times, place, and rate, and in the coin or currency herein prescribed.

Anything herein to the contrary notwithstanding, except as expressly provided in the Indenture or the Basic Documents, neither the Owner Trustee in its individual capacity, any owner of a beneficial interest in the Issuer, nor any of their respective partners, beneficiaries, agents, officers, directors, employees or successors or assigns shall be personally liable for, nor shall recourse be had to any of them for, the payment of principal or of interest on, or performance of, or omission to perform, any of the covenants, obligations or indemnifications contained in this Class C Note or the Indenture, it being expressly understood that said covenants, obligations and indemnifications have been made by the Owner Trustee for the sole purposes of binding the interests of the Owner Trustee in the assets of the Issuer. The Holder of this Class C Note by the acceptance hereof agrees that except as expressly provided in the Indenture or the Basic Documents, in the case of an Event of Default under the Indenture, the Holder shall have no claim against any of the foregoing for any deficiency, loss or claim therefrom; provided, however, that nothing contained herein shall be taken to prevent recourse to, and enforcement against, the assets of the Issuer for any and all liabilities, obligations and undertakings contained in the Indenture or in this Class C Note.

[REVERSE OF NOTE]

This note is one of a duly authorized issue of Notes of the Issuer, designated as its Class D 5.11% Asset-Backed Notes (herein called the "Class D Notes"), all issued under an Indenture dated as of September 1, 2012 (such indenture, as supplemented or amended, is herein called the "Indenture"), between the Issuer and Wells Fargo Bank, National Association, as trustee (the "Trustee", which term includes any successor Trustee under the Indenture), to which Indenture and all indentures supplemental thereto reference is hereby made for a statement of the respective rights and obligations thereunder of the Issuer, the Trustee and the Holders of the Notes. The Notes are subject to all terms of the Indenture.

The Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes and the Class E Notes (collectively, the "Notes") are and will be equally and ratably secured by the collateral pledged as security therefor as provided in the Indenture, however, the Class D Notes are subordinate in priority of payment to the Class A Notes, the Class B Notes and the Class C Notes on each Payment Date and upon a liquidation of the Trust Estate as described in the Indenture and the Sale and Servicing Agreement.

Principal of the Class D Notes will be payable on each Payment Date in an amount described on the face hereof. "Payment Date" means the fifteenth day of each month, or, if any such date is not a Business Day, the next succeeding Business Day, commencing October 15, 2012.

As described above, the entire unpaid principal amount of this Note shall be due and payable on the earlier of the Final Scheduled Payment Date and the Redemption Date, if any, pursuant to Section 10.1 of the Indenture. In addition, a portion of the unpaid principal balance of this Note shall be due and payable on the Mandatory Redemption Date, if any, pursuant to Section 10.1(b) of the Indenture. Notwithstanding the foregoing, the entire unpaid principal amount of the Class D Notes shall be due and payable on the date on which an Event of Default shall have occurred and be continuing and the Notes have been declared immediately due and payable in the manner provided in Section 5.2 of the Indenture. All principal payments on the Class D Notes shall be made pro rata to the Class D Noteholders entitled thereto.

Payments of interest on this Class D Note due and payable on each Payment Date, together with the installment of principal, if any, to the extent not in full payment of this Class D Note, shall be made by check mailed to the Person whose name appears as the Holder of this Class D Note (or one or more Predecessor Notes) in the Note Register as of the close of business on each Record Date or by wire transfer of immediately available funds to the account designated in writing to the Trustee by such Person at least five Business Days prior to the related Record Date. Such checks shall be mailed to the Person entitled thereto at the address of such Person as it appears on the Note Register as of the applicable Record Date without requiring that this Note be submitted for notation of payment. Any reduction in the principal amount of this Class D Note (or any one or more Predecessor Notes) effected by any payments made on any Payment Date shall be binding upon all future Holders of this Class D Note and of any Note issued upon the registration of transfer hereof or in exchange hereof or in lieu hereof, whether or not noted hereon. If funds are expected to be available, as provided in the Indenture, for payment in full of the then remaining unpaid principal

amount of this Class D Note on a Payment Date, then the Trustee, in the name of and on behalf of the Issuer, will notify the Person who was the Holder hereof as of the Record Date preceding such Payment Date by notice mailed prior to such Payment Date and the amount then due and payable shall be payable only upon presentation and surrender of this Class D Note at the Trustee's principal Corporate Trust Office.

The Issuer shall pay interest on overdue installments of interest at the Class D Interest Rate to the extent lawful.

As provided in the Indenture, the Notes may be redeemed (a) pursuant to Section 10.1 of the Indenture, in whole, but not in part, at the option of the Servicer, on any Payment Date on or after the date on which the Pool Balance is less than or equal to 10% of the Original Collateral Balance; and (b) pursuant to Section 10.1(b) of the Indenture, in part, on a pro rata basis, on the Mandatory Redemption Date if any Pre-Funded Amount remains on deposit in the Pre-Funding Account after giving effect to the purchase of all Subsequent Receivables during the Funding Period.

As provided in the Indenture and subject to certain limitations set forth therein, the transfer of this Class D Note may be registered on the Note Register upon surrender of this Class D Note for registration of transfer at the office or agency designated by the Issuer pursuant to the Indenture, (i) duly endorsed by, or accompanied by a written instrument of transfer in form satisfactory to the Trustee duly executed by, the Holder hereof or his attorney duly authorized in writing, with such signature guaranteed by an "eligible guarantor institution" meeting the requirements of the Note Registrar which requirements include membership or participation in Securities Transfer Agents Medallion Program ("STAMP") or such other "signature guarantee program" as may be determined by the Note Registrar in addition to, or in substitution for, STAMP, all in accordance with the Exchange Act, and (ii) accompanied by a certificate of the transferee in the form of Exhibit B to the Indenture and such other documents as the Trustee may require, and thereupon one or more new Class D Notes of authorized denominations and in the same aggregate principal amount will be issued to the designated transferee or transferees. No service charge will be charged for any registration of transfer or exchange of this Class D Note, but the transferor may be required to pay a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with any such registration of transfer or exchange. Notwithstanding anything to the contrary in the Indenture or any other Basic Document, (i) the transfer of a Class D Note, including the right to receive principal and any stated interest thereon, may be effected only by surrender of the old Class D Note (or satisfactory evidence of the destruction, loss or theft of such Note) to the Note Registrar, and the issuance by the Issuer (through the Note Registrar) of a new Class D Note to the new Holder, and (ii) each Class D Note must be registered in the name of the Holder thereof as to both principal and any stated interest with the Note Registrar.

Each Noteholder or Note Owner, by acceptance of a Class D Note or, in the case of a Note Owner, a beneficial interest in a Class D Note, agrees to treat the Class D Notes as indebtedness of the Issuer for federal and State income tax reporting purposes and further covenants and agrees that no recourse may be taken, directly or indirectly, with respect to the obligations of the Issuer, the Owner Trustee or the Trustee on the Notes or under the Indenture or any certificate or other writing delivered in connection therewith, against (i) the Seller, the Servicer, the Depositor, the Trustee or the Owner Trustee in its individual capacity, (ii) any owner of a beneficial interest in the Issuer or

(iii) any partner, owner, beneficiary, agent, officer, director or employee of the Issuer, the Seller, the Servicer, the Depositor, the Trustee or the Owner Trustee in its individual capacity, any holder of a beneficial interest in the Issuer, the Seller, the Servicer, the Depositor, the Owner Trustee or the Trustee or of any successor or assign of the Issuer, the Seller, the Servicer, the Depositor, the Trustee or the Owner Trustee in its individual capacity, except as any such Person may have expressly agreed (it being understood that the Trustee and the Owner Trustee have no such obligations in their individual capacity) and except that any such partner, owner or beneficiary shall be fully liable, to the extent provided by applicable law, for any unpaid consideration for stock, unpaid capital contribution or failure to pay any installment or call owing to such entity.

Each Noteholder or Note Owner, by acceptance of a Class D Note or, in the case of a Note Owner, a beneficial interest in a Class D Note, covenants and agrees by accepting the benefits of the Indenture that such Noteholder will not at any time institute against the Depositor or the Issuer or join in any institution against the Depositor or the Issuer of, any bankruptcy, reorganization, arrangement, insolvency or liquidation proceedings, or other proceedings, under any United States Federal or State bankruptcy or similar law in connection with any obligations relating to the Notes, the Indenture or the Basic Documents.

Each Noteholder or Note Owner, by acceptance of a Class D Note or, in the case of a Note Owner, a beneficial interest in a Class D Note, shall be deemed to have represented and warranted for the benefit of the Issuer, the Trustee, the Owner Trustee and the Noteholders, that it is not acquiring any such Class D Note with the assets of any "employee benefit plan" as defined in Section 3(3) of ERISA which is subject to Title I of ERISA or any "plan" as defined in Section 4975 of the Internal Revenue Code.

Prior to the due presentment for registration of transfer of this Class D Note, the Issuer and the Trustee and any agent of the Issuer or the Trustee may treat the Person in whose name this Class D Note (as of the day of determination or as of such other date as may be specified in the Indenture) is registered as the owner hereof for all purposes, whether or not this Class D Note be overdue, and neither the Issuer, the Trustee nor any such agent shall be affected by notice to the contrary.

The Indenture permits, subject to certain limitations and exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Issuer and the rights of the Holders of the Notes under the Indenture at any time by the Issuer without the consent of Noteholders. The Indenture also contains provisions permitting the Holders of Notes representing a majority (by Outstanding Amount) of the Controlling Class, on behalf of the Holders of all the Notes, to waive compliance by the Issuer with certain provisions of the Indenture and certain past defaults under the Indenture and their consequences. Any such consent or waiver shall be conclusive and binding upon such Holder and upon all future Holders of this Class D Note and of any Class D Note issued upon the registration of transfer hereof or in exchange hereof or in lieu hereof whether or not notation of such consent or waiver is made upon this Class D Note. The Indenture also permits the Trustee to amend or waive certain terms and conditions set forth in the Indenture without the consent of Holders of the Notes issued thereunder.

The term "Issuer" as used in this Class D Note includes any successor to the Issuer under the Indenture.

The Issuer is permitted by the Indenture, under certain circumstances, to merge or consolidate, subject to the rights of the Trustee and the Holders of Notes under the Indenture.

The Class D Notes are issuable only in registered form in denominations as provided in the Indenture, subject to certain limitations therein set forth.

This Class D Note and the Indenture shall be construed in accordance with the laws of the State of New York, without reference to its conflict of law provisions, and the obligations, rights and remedies of the parties hereunder and thereunder shall be determined in accordance with such laws.

No reference herein to the Indenture and no provision of this Class D Note or of the Indenture shall alter or impair the obligation of the Issuer, which is absolute and unconditional, to pay the principal of and interest on this Class D Note at the times, place, and rate, and in the coin or currency herein prescribed.

Anything herein to the contrary notwithstanding, except as expressly provided in the Indenture or the Basic Documents, neither the Owner Trustee in its individual capacity, any owner of a beneficial interest in the Issuer, nor any of their respective partners, beneficiaries, agents, officers, directors, employees or successors or assigns shall be personally liable for, nor shall recourse be had to any of them for, the payment of principal of or interest on, or performance of, or omission to perform, any of the covenants, obligations or indemnifications contained in this Class D Note or the Indenture, it being expressly understood that said covenants, obligations and indemnifications have been made by the Owner Trustee for the sole purposes of binding the interests of the Owner Trustee in the assets of the Issuer. The Holder of this Class D Note by the acceptance hereof agrees that except as expressly provided in the Indenture or the Basic Documents, in the case of an Event of Default under the Indenture, the Holder shall have no claim against any of the foregoing for any deficiency, loss or claim therefrom; provided, however, that nothing contained herein shall be taken to prevent recourse to, and enforcement against, the assets of the Issuer for any and all liabilities, obligations and undertakings contained in the Indenture or in this Class D Note.

The Notes are subject to all terms of the Indenture.

The Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes and the Class E Notes (collectively, the "Notes") are and will be equally and ratably secured by the collateral pledged as security therefor as provided in the Indenture, however, the Class E Notes are subordinate in priority of payment to the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes on each Payment Date and upon a liquidation of the Trust Estate as described in the Indenture and the Sale and Servicing Agreement.

Principal of the Class E Notes will be payable on each Payment Date in an amount described on the face hereof. "Payment Date" means the fifteenth day of each month, or, if any such date is not a Business Day, the next succeeding Business Day, commencing October 15, 2012.

As described above, the entire unpaid principal amount of this Note shall be due and payable on the earlier of the Final Scheduled Payment Date and the Redemption Date, if any, pursuant to Section 10.1 of the Indenture. In addition, a portion of the unpaid principal balance of this Note shall be due and payable on the Mandatory Redemption Date, if any, pursuant to Section 10.1(b) of the Indenture. Notwithstanding the foregoing, the entire unpaid principal amount of the Class E Notes shall be due and payable on the date on which an Event of Default shall have occurred and be continuing and the Notes have been declared immediately due and payable in the manner provided in Section 5.2 of the Indenture. All principal payments on the Class E Notes shall be made pro rata to the Class E Noteholders entitled thereto.

Payments of interest on this Class E Note due and payable on each Payment Date, together with the installment of principal, if any, to the extent not in full payment of this Class E Note, shall be made by check mailed to the Person whose name appears as the Holder of this Class E Note (or one or more Predecessor Notes) in the Note Register as of the close of business on each Record Date or by wire transfer of immediately available funds to the account designated in writing to the Trustee by such Person at least five Business Days prior to the related Record Date. Such checks shall be mailed to the Person entitled thereto at the address of such Person as it appears on the Note Register as of the applicable Record Date without requiring that this Note be submitted for notation of payment. Any reduction in the principal amount of this Class E Note (or any one or more Predecessor Notes) effected by any payments made on any Payment Date shall be binding upon all future Holders of this Class E Note and of any Note issued upon the registration of transfer hereof or in exchange hereof or in lieu hereof, whether or not noted hereon. If funds are expected to be available, as provided in the Indenture, for payment in full of the then remaining unpaid principal

amount of this Class E Note on a Payment Date, then the Trustee, in the name of and on behalf of the Issuer, will notify the Person who was the Holder hereof as of the Record Date preceding such Payment Date by notice mailed prior to such Payment Date and the amount then due and payable shall be payable only upon presentation and surrender of this Class E Note at the Trustee's principal Corporate Trust Office.

The Issuer shall pay interest on overdue installments of interest at the Class E Interest Rate to the extent lawful.

As provided in the Indenture, the Notes may be redeemed (a) pursuant to Section 10.1 of the Indenture, in whole, but not in part, at the option of the Servicer, on any Payment Date on or after the date on which the Pool Balance is less than or equal to 10% of the Original Collateral Balance; and (b) pursuant to Section 10.1(b) of the Indenture, in part, on a pro rata basis, on the Mandatory Redemption Date if any Pre-Funded Amount remains on deposit in the Pre-Funding Account after giving effect to the purchase of all Subsequent Receivables during the Funding Period.

As provided in the Indenture and subject to certain limitations set forth therein, the transfer of this Class E Note may be registered on the Note Register upon surrender of this Class E Note for registration of transfer at the office or agency designated by the Issuer pursuant to the Indenture, (i) duly endorsed by, or accompanied by a written instrument of transfer in form satisfactory to the Trustee duly executed by, the Holder hereof or his attorney duly authorized in writing, with such signature guaranteed by an "eligible guarantor institution" meeting the requirements of the Note Registrar which requirements include membership or participation in Securities Transfer Agents Medallion Program ("STAMP") or such other "signature guarantee program" as may be determined by the Note Registrar in addition to, or in substitution for, STAMP, all in accordance with the Exchange Act, and (ii) accompanied by a certificate of the transferee in the form of Exhibit B to the Indenture and such other documents as the Trustee may require, and thereupon one or more new Class E Notes of authorized denominations and in the same aggregate principal amount will be issued to the designated transferee or transferees. No service charge will be charged for any registration of transfer or exchange of this Class E Note, but the transferor may be required to pay a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with any such registration of transfer or exchange. Notwithstanding anything to the contrary in the Indenture or any other Basic Document, (i) the transfer of a Class E Note, including the right to receive principal and any stated interest thereon, may be effected only by surrender of the old Class E Note (or satisfactory evidence of the destruction, loss or theft of such Note) to the Note Registrar, and the issuance by the Issuer (through the Note Registrar) of a new Class E Note to the new Holder, and (ii) each Class E Note must be registered in the name of the Holder thereof as to both principal and any stated interest with the Note Registrar.

Each Noteholder or Note Owner, by acceptance of a Class E Note or, in the case of a Note Owner, a beneficial interest in a Class E Note, covenants and agrees that no recourse may be taken, directly or indirectly, with respect to the obligations of the Issuer, the Owner Trustee or the Trustee on the Notes or under the Indenture or any certificate or other writing delivered in connection therewith, against (i) the Seller, the Servicer, the Depositor, the Trustee or the Owner Trustee in its individual capacity, (ii) any owner of a beneficial interest in the Issuer or (iii) any partner, owner, beneficiary, agent, officer, director or employee of the Issuer, the Seller, the Servicer, the

Depositor, the Trustee or the Owner Trustee in its individual capacity, any holder of a beneficial interest in the Issuer, the Seller, the Servicer, the Depositor, the Owner Trustee or the Trustee or of any successor or assign of the Issuer, the Seller, the Servicer, the Depositor, the Trustee or the Owner Trustee in its individual capacity, except as any such Person may have expressly agreed (it being understood that the Trustee and the Owner Trustee have no such obligations in their individual capacity) and except that any such partner, owner or beneficiary shall be fully liable, to the extent provided by applicable law, for any unpaid consideration for stock, unpaid capital contribution or failure to pay any installment or call owing to such entity.

Each Noteholder or Note Owner, by acceptance of a Class E Note or, in the case of a Note Owner, a beneficial interest in a Class E Note, agrees to treat the Class E Notes as indebtedness of the Issuer for federal and State income tax reporting purposes and further covenants and agrees that no recourse may be taken, directly or indirectly, with respect to the obligations of the Issuer, the Owner Trustee or the Trustee on the Notes or under the Indenture or any certificate or other writing delivered in connection therewith, against (i) the Seller, the Servicer, the Depositor, the Trustee or the Owner Trustee in its individual capacity, (ii) any owner of a beneficial interest in the Issuer or (iii) any partner, owner, beneficiary, agent, officer, director or employee of the Issuer, the Seller, the Servicer, the Depositor, the Trustee or the Owner Trustee in its individual capacity, any holder of a beneficial interest in the Issuer, the Seller, the Servicer, the Depositor, the Owner Trustee or the Trustee or of any successor or assign of the Issuer, the Seller, the Servicer, the Depositor, the Trustee or the Owner Trustee in its individual capacity, except as any such Person may have expressly agreed (it being understood that the Trustee and the Owner Trustee have no such obligations in their individual capacity) and except that any such partner, owner or beneficiary shall be fully liable, to the extent provided by applicable law, for any unpaid consideration for stock, unpaid capital contribution or failure to pay any installment or call owing to such entity.

Each Noteholder or Note Owner, by acceptance of a Class E Note or, in the case of a Note Owner, a beneficial interest in a Class E Note, covenants and agrees by accepting the benefits of the Indenture that such Noteholder will not at any time institute against the Depositor or the Issuer or join in any institution against the Depositor or the Issuer of, any bankruptcy, reorganization, arrangement, insolvency or liquidation proceedings, or other proceedings, under any United States Federal or State bankruptcy or similar law in connection with any obligations relating to the Notes, the Indenture or the Basic Documents.

Each Noteholder or Note Owner, by acceptance of a Class E Note or, in the case of a Note Owner, a beneficial interest in a Class E Note, shall be deemed to have represented and warranted for the benefit of the Issuer, the Trustee, the Owner Trustee and the Noteholders, that it is not acquiring any such Class E Note with the assets of any "employee benefit plan" as defined in Section 3(3) of ERISA which is subject to Title I of ERISA or any "plan" as defined in Section 4975 of the Internal Revenue Code.

Prior to the due presentment for registration of transfer of this Class E Note, the Issuer and the Trustee and any agent of the Issuer or the Trustee may treat the Person in whose name this Class E Note (as of the day of determination or as of such other date as may be specified in the Indenture) is registered as the owner hereof for all purposes, whether or not this Class E Note be overdue, and neither the Issuer, the Trustee nor any such agent shall be affected by notice to the contrary.

The Indenture permits, subject to certain limitations and exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Issuer and the rights of the Holders of the Notes under the Indenture at any time by the Issuer without the consent of Noteholders. The Indenture also contains provisions permitting the Holders of Notes representing a majority (by Outstanding Amount) of the Controlling Class, on behalf of the Holders of all the Notes, to waive compliance by the Issuer with certain provisions of the Indenture and certain past defaults under the Indenture and their consequences. Any such consent or waiver shall be conclusive and binding upon such Holder and upon all future Holders of this Class E Note and of any Class E Note issued upon the registration of transfer hereof or in exchange hereof or in lieu hereof whether or not notation of such consent or waiver is made upon this Class E Note. The Indenture also permits the Trustee to amend or waive certain terms and conditions set forth in the Indenture without the consent of Holders of the Notes issued thereunder.

The term "Issuer" as used in this Class E Note includes any successor to the Issuer under the Indenture.

The Issuer is permitted by the Indenture, under certain circumstances, to merge or consolidate, subject to the rights of the Trustee and the Holders of Notes under the Indenture.

The Class E Notes are issuable only in registered form in denominations as provided in the Indenture, subject to certain limitations therein set forth.

This Class E Note and the Indenture shall be construed in accordance with the laws of the State of New York, without reference to its conflict of law provisions, and the obligations, rights and remedies of the parties hereunder and thereunder shall be determined in accordance with such laws.

No reference herein to the Indenture and no provision of this Class E Note or of the Indenture shall alter or impair the obligation of the Issuer, which is absolute and unconditional, to pay the principal of and interest on this Class E Note at the times, place, and rate, and in the coin or currency herein prescribed.

Anything herein to the contrary notwithstanding, except as expressly provided in the Indenture or the Basic Documents, neither the Owner Trustee in its individual capacity, any owner of a beneficial interest in the Issuer, nor any of their respective partners, beneficiaries, agents, officers, directors, employees or successors or assigns shall be personally liable for, nor shall recourse be had to any of them for, the payment of principal of or interest on, or performance of, or omission to perform, any of the covenants, obligations or indemnifications contained in this Class E Note or the Indenture, it being expressly understood that said covenants, obligations and indemnifications have been made by the Owner Trustee for the sole purposes of binding the interests of the Owner Trustee in the assets of the Issuer. The Holder of this Class E Note by the acceptance hereof agrees that except as expressly provided in the Indenture or the Basic Documents, in the case of an Event of Default under the Indenture, the Holder shall have no claim against any of the foregoing for any deficiency, loss or claim therefrom; provided, however, that nothing contained herein shall be taken to prevent recourse to, and enforcement against, the assets of the Issuer for any and all liabilities, obligations and undertakings contained in the Indenture or in this Class E Note.

QUALIFIED INSTITUTIONAL BUYER STATUS UNDER SEC RULE 144A

[For Transferees That Are Registered Investment Companies]

The undersigned hereby certifies as follows to [name of Transferor] (the "Transferor") and Wells Fargo Bank, National Association, as Trustee, with respect to the Notes (the "Notes") described in the Transferee Letter to which this certification relates and to which this certification is an Annex:

1. As indicated below, the undersigned is the chief financial officer, a person fulfilling an equivalent function, or other executive officer of the entity purchasing the Notes (the "Transferee") or, if the Transferee is a "qualified institutional buyer" as that term is defined in Rule 144A under the Securities Act of 1933 ("Rule 144A") because the Transferee is part of a Family of Investment Companies (as defined below), is an executive officer of the investment adviser (the "Adviser").

For purposes of determining the amount of securities owned by the Transferee or the Transferee's Family of Investment Companies, the cost of such securities was used, unless the Transferee or any member of the Transferee's Family of Investment Companies, as the case may be, reports its securities holdings in its financial statements on the basis of their market value, and no current information with respect to the cost of those securities has been published, in which case the securities of such entity were valued at market.

4. The term "securities" as used herein does not include (i) securities of issuers that are affiliated with the Transferee or are part of the Transferee's Family of Investment Companies, (ii) bank deposit notes and certificates of deposit, (iii) loan participations, (iv) repurchase agreements,

(v) securities owned but subject to a repurchase agreement and (vi) currency, interest rate and commodity swaps. For purposes of determining the aggregate amount of securities owned and/or invested on a discretionary basis by the Transferee, or owned by the Transferee's Family of Investment Companies, the securities referred to in this paragraph were excluded.

5. The Transferee is familiar with Rule 144A and understands that the parties to which this certification is being made are relying and will continue to rely on the statements made herein because one or more sales to the Transferee will be in reliance on Rule 144A.

___ ___ Will the Transferee be purchasing the Notes

Yes No only for the Transferee's own account?

6. If the answer to the foregoing question is "no", then in each case where the Transferee is purchasing for an account other than its own, such account belongs to a third party that is itself a "qualified institutional buyer" within the meaning of Rule 144A, and the "qualified institutional buyer" status of such third party has been established by the Transferee through one or more of the appropriate methods contemplated by Rule 144A.

to any limitations therein as to the Seller's knowledge). Unless the breach shall have been cured by the last day of the second Collection Period following the discovery thereof by CPS or receipt by CPS of notice of such breach, CPS (pursuant to the Receivables Purchase Agreement) shall repurchase any Receivable if the value of such Receivable is materially and adversely affected by the breach as of the last day of such second Collection Period (or, at CPS's option, the last day of the first Collection Period following the discovery) and, in the event that the breach relates to a characteristic of the Receivables in the aggregate, and if the interests of the Trust or the Securityholders are materially and adversely affected by such breach, unless the breach shall have been cured by the last day of such second Collection Period, CPS shall purchase the aggregate Principal Balance of affected Receivables, such that following such purchase such representation shall be true and correct with respect to the remainder of the Receivables in the aggregate. For purposes of this Section, the Purchase Amount of a Receivable that is not consistent with the warranty pursuant to Section 3.1(i)(A)(5) or (A)(6) shall include such additional amount as shall be necessary to provide the full amount of interest as contemplated therein. The sole remedy of the Issuer, the Owner Trustee, the Trustee and the Securityholders with respect to a breach of representations and warranties pursuant to Section 3.1 shall be to enforce CPS's obligation to purchase such Receivables pursuant to the Receivables Purchase Agreement; provided, however, that CPS shall indemnify the Trustee, the Owner Trustee, the Backup Servicer, the Trust and the Securityholders against all costs, expenses, losses, damages, claims and liabilities, including reasonable fees and expenses of counsel, that may be asserted against or incurred by any of them as a result of third party claims arising out of the events or facts giving rise to such breach. Upon receipt of the Purchase Amount and written instructions from the Servicer, the Trustee shall release to CPS or its designee the related Receivables File and shall execute and deliver all reasonable instruments of transfer or assignment, without recourse, as are prepared by the Seller and delivered to the Trustee and necessary to vest in CPS or such designee title to the Receivable including a Trustee's Certificate in the form of Exhibit F-1.

(c) Pursuant to Sections 2.1 and 2.2 of this Agreement, the Seller has conveyed to the Trust all of the Seller's right, title and interest in its rights and benefits, but none of its obligations or burdens, under the Receivables Purchase Agreement and each Subsequent Receivables Purchase Agreement, including the Seller's rights under the Receivables Purchase Agreement and each Subsequent Receivables Purchase Agreement

The Seller hereby represents and warrants to the Trust and the Trustee for the benefit of the Noteholders that such assignment is valid, enforceable and effective to permit the Trust to enforce such obligations of CPS under the Receivables Purchase Agreement and each Subsequent Receivables Purchase Agreement.

(d) If the Insolvency Event related to a Section 341 Meeting has not been discharged pursuant to Section 727 of the United States Bankruptcy Code by the bankruptcy court presiding over such Insolvency Event within 120 days of the conveyance of the related Receivable by the Seller to the Issuer pursuant to Sections 2.1(a) or 2.2(a), the Seller shall repurchase such Receivable as of and by no later than the last day of the next occurring Collection Period at the Purchase Amount.

SECTION 3.3 Custody of Receivables Files.

(a) In connection with the sale, transfer and assignment of the Receivables and the Other Conveyed Property to the Trust pursuant to this Agreement the Trustee shall act as custodian of the following documents or instruments in its possession which shall be delivered to the Trustee by CPS on or before the Closing Date (with respect to each Initial Receivable) or the applicable Subsequent Transfer Date (with respect to each Subsequent Receivable):

(i) The fully executed original of the Receivable;

(ii) The original certificate of title in the name of CPS or such documents that CPS shall keep on file, in accordance with its customary procedures, evidencing the security interest of CPS in the Financed Vehicle or, if not yet received, a copy of the application therefor showing CPS as secured party, or a dealer guarantee of title.

(b) Upon payment in full of any Receivable, the Servicer will notify the Trustee pursuant to a certificate of an officer of the Servicer (which certificate shall include a statement to the effect that all amounts received in connection with such payments which are required to be deposited in the Collection Account pursuant to Section 4.2 have been so deposited) and shall request delivery of the Receivable and Receivable File to the Servicer.

SECTION 3.4 Acceptance of Receivable Files by Trustee. The Trustee acknowledges receipt of files that the Seller has represented are the Receivable Files for the Initial Receivables. The Trustee has reviewed such Receivable Files and has determined that it has received a file for each Initial Receivable identified in Schedule A to this Agreement. Not less than four (4) Business Days prior to each Subsequent Transfer Date, the Seller will cause to be delivered to the Trustee the Receivable Files for the Subsequent Receivables to be transferred to the Trust on such Subsequent Transfer Date. The Trustee declares that it holds and will continue to hold such files and any amendments, replacements or supplements thereto and all other assets comprising the Owner Trust Estate as Trustee in trust for the use and benefit of all present and future

Securityholders. The Trustee agrees to review each file delivered to it prior to the Closing Date (in the case of the Initial Receivables) or the applicable Subsequent Transfer Date (in the case of the Subsequent Receivables) to determine whether such Receivable Files contain the documents referred to in Sections 3.3(a)(i) and (ii). If the Trustee has found or finds that a file for a Receivable has not been received, or that a file is unrelated to the Receivables identified in Schedule A to this Agreement or that any of the documents referred to in Section 3.3(a)(i) or (ii) are not contained in a Receivable File, the Trustee shall inform CPS, the Seller and the Owner Trustee promptly, in writing, of the failure to receive a file with respect to such Receivable (or of the failure of any of the aforementioned documents to be included in the Receivable File) or shall return to CPS as the Seller's designee any file unrelated to a Receivable identified in Schedule A to this Agreement (in the case of the Initial Receivables) or Schedule A to the related Subsequent Transfer Agreement (in the case of the Subsequent Receivables), it being understood that the Trustee's obligation to review the contents of any Receivable File shall be limited as set forth in the preceding sentence. Unless such defect with respect to such Receivable File shall have been cured by the last day of the second Collection Period following discovery thereof by the Trustee, the Trustee shall cause CPS to repurchase any such Receivable as of and by no later than such last day pursuant to the Receivables Purchase Agreement. In consideration of the purchase of the Receivable, CPS shall remit the Purchase Amount, in the manner specified in Section 5.6. The sole remedy of the Trustee, the Trust and the Securityholders with respect to a breach pursuant to this Section 3.4 shall be to require CPS to purchase the applicable Receivables pursuant to this Section 3.4; provided, however, that CPS shall indemnify the Trustee, the Owner Trustee, the Backup Servicer, the Trust and the Securityholders against all costs, expenses, losses, damages, claims and liabilities, including reasonable fees and expenses of counsel, which may be asserted against or incurred by any of them as a result of third party claims arising out of the events or facts giving rise to such breach. Upon receipt of the Purchase Amount and written instructions from the Servicer, the Trustee shall release to CPS or its designee the related Receivable File and shall execute and deliver all reasonable instruments of transfer or assignment, without recourse, as are prepared by CPS and delivered to the Trustee and are necessary to vest in CPS or such designee title to the Receivable including a Trustee's Certificate in the form of Exhibit F-1. The Trustee shall make a list of Receivables for which an application for a certificate of title but not an original certificate of title or, with respect to Receivables originated in the Non-Certificated Title States, another evidence of title issued by the applicable Department of Motor Vehicles or similar authority in such States, is included in the Receivable File as of the date of its review of the Receivable Files and deliver a copy of such list to the Servicer and the Owner Trustee. On the date which is 180 days following the Closing Date (in the case of the Initial Receivables) or the applicable Subsequent Transfer Date (in the case of the Subsequent Receivables) or, if such day is not a Business Day, the next succeeding Business Day, the Trustee shall inform CPS and the other parties to this Agreement of any Receivable for which the related Receivable File on such date does not include an original certificate of title or, with respect to Financed Vehicles in the Non-Certificated Title States, for which the related Receivable File on such date does not include evidence of title issued by the applicable Department of Motor Vehicles or similar authority, and CPS shall repurchase any such Receivable as of and by no later than the last day of the current Collection Period.

SECTION 3.5 Access to Receivable Files. The Trustee shall permit the Servicer access to the Receivable Files at all reasonable times during the Trustee's normal business hours. The Trustee shall, within two Business Days of the request of the Servicer or the Owner Trustee, execute such documents and instruments as are prepared by the Servicer or the Owner Trustee and delivered to the Trustee, as the Servicer, the Owner Trustee deems necessary to permit the Servicer, in accordance with its customary servicing procedures, to enforce the Receivable on behalf of the Trust and any related insurance policies covering the Obligor, the Receivable or Financed Vehicle so long as such execution in the Trustee's sole discretion does not conflict with this Agreement and will not cause it undue risk or liability. The Trustee shall not be obligated to release any document from any Receivable File unless it receives a release request signed by a Servicing Officer in the form of Exhibit C hereto (the "Release Request"). Such Release Request shall obligate the Servicer to return such document(s) to the Trustee when the need therefor no longer exists unless the Receivable shall be liquidated, in which case, the Servicer shall certify in the Release Request that all amounts required to be deposited in the Collection Account with respect to such Receivable have been so deposited.

SECTION 3.6 Trustee to Deliver Monthly Receivable File Report. Within three Business Days after the end of a month in which the Trustee releases any Receivable Files to the Servicer or after any subsequent month in which such Receivable Files remain outstanding pursuant to Section 3.5, the Trustee shall deliver to the Servicer a monthly report that identifies all Receivable Files released to the Servicer and not yet returned to the Trustee.

SECTION 3.7 Trustee to Maintain Secure Facilities. The Trustee shall maintain or cause to be maintained continuous custody of the Receivable Files in secure and fire resistant facilities in accordance with customary standards for such custody.

ARTICLE 4

ADMINISTRATION AND SERVICING OF RECEIVABLES

SECTION 4.1 Duties of the Servicer. The Servicer, as agent for the Trust and the Securityholders (to the extent provided herein) shall manage, service, administer and make collections on the Receivables with reasonable care, using that degree of skill and attention customary and usual for institutions which service motor vehicle retail installment contracts or promissory notes and security agreements, in each case, similar to the Receivables and, to the extent more exacting, that the Servicer exercises with respect to all comparable automotive receivables that it services for itself or others. The Servicer's duties shall include collection and posting of all payments, responding to inquiries of Obligor on such Receivables, investigating delinquencies, sending payment statements to Obligor, reporting tax information to Obligor, accounting for collections, furnishing monthly and annual statements to the Trustee and the Owner Trustee with respect to distributions. Without limiting the generality of the foregoing, and subject to the servicing standards set forth in this Agreement, the Servicer is authorized and empowered by the Trust to execute and deliver, on behalf of itself, the Trust or the Securityholders, any and all instruments of satisfaction or cancellation, or partial or full release or discharge, and all other comparable instruments, with respect to such Receivables or to the Financed Vehicles securing such Receivables and/or the certificates of title or, with respect to Financed Vehicles in the Non-Certificated Title States, other

evidence of ownership with respect to such Financed Vehicles issued by the applicable Department of Motor Vehicles or similar authority. If the Servicer shall commence a legal proceeding to enforce a Receivable, the Trust shall thereupon be deemed to have automatically assigned, solely for the purpose of collection, such Receivable to the Servicer. If in any enforcement suit or legal proceeding it shall be held that the Servicer may not enforce a Receivable on the ground that it shall not be a real party in interest or a holder entitled to enforce such Receivable, the Trust shall, at the Servicer's expense and direction, take steps to enforce such Receivable, including bringing suit in its name or the name of the Securityholders. The Servicer shall prepare and furnish, and the Trustee and the Owner Trustee shall execute, any powers of attorney and other documents reasonably necessary or appropriate to enable the Servicer to carry out its servicing and administrative duties hereunder.

SECTION 4.2 Collection of Receivable Payments; Modifications of Receivables; Lockbox Agreement.

(a) Consistent with the standards, policies and procedures required by this Agreement, the Servicer shall make reasonable efforts to collect all payments called for under the terms and provisions of the Receivables as and when the same shall become due and shall follow such collection procedures as it follows with respect to all comparable automotive receivables that it services for itself or others; provided, however, that promptly after the Closing Date the Servicer shall notify each Obligor to make all payments with respect to the Receivables to the Post Office Box. The Servicer will provide each Obligor with a monthly statement in order to notify such Obligors to make payments directly to the Post Office Box. The Servicer shall allocate collections between principal and interest in accordance with the customary servicing procedures it follows with respect to all comparable automotive receivables that it services for itself or others and in accordance with the terms of this Agreement. Except as provided below, the Servicer may grant extensions on Receivables; provided, however, that the Servicer may not grant more than two extensions per calendar year with respect to a Receivable or grant an extension with respect to a Receivable for more than one calendar month or grant more than six extensions in the aggregate with respect to a Receivable (the "Aggregate Extension Limitation"); provided, further, however, that if the Servicer extends the date for final payment by the Obligor of any Receivable beyond the last day of the penultimate Collection Period preceding the Final Scheduled Payment Date, it shall promptly purchase the Receivable from the Trust in accordance with the terms of Section 4.7 (and for purposes thereof, the Receivable shall be deemed to be materially and adversely affected by such breach). In addition, if the Servicer grants extensions with respect to any Receivables in excess of the Aggregate Extension Limitation, the Servicer will promptly purchase such Receivables from the Trust in accordance with the terms of Section 4.7 (and for purposes thereof, such Receivables shall be deemed to be materially and adversely affected by such breach). The Servicer may in its discretion waive any late payment charge or any other fees that may be collected in the ordinary course of servicing a Receivable. Notwithstanding anything to the contrary contained herein, the Servicer shall not agree to any alteration of the interest rate on any Receivable or of the amount of any Scheduled Receivable Payment on Receivables, other than to the extent that such alteration is required by applicable law or, with respect to Liquidated Receivables, if the Servicer reasonably and in good faith determines that a settlement of

the outstanding Principal Balance can be expected to increase the total amount to be received by the Issuer with respect to such Receivable, then the Servicer may accept less than the full unpaid balance with respect to such Receivable.

(b) The Servicer shall establish the Lockbox Account in the name of the Trust for the benefit of the Trustee for the further benefit of the Securityholders. Pursuant to the Lockbox Agreement, the Trustee has authorized the Servicer to direct dispositions of funds on deposit in the Lockbox Account to the Collection Account (but not to any other account), and no other Person, except the Lockbox Processor and the Trustee, has authority to direct the disposition of funds on deposit in the Lockbox Account. The Lockbox Agreement shall provide that Lockbox Banks will comply with the instructions originated by the Trustee relating to the disposition of funds on deposit in the Lockbox Account. The Trustee shall have no liability or responsibility with respect to the Lockbox Processor's directions or activities as set forth in the preceding sentence. The Lockbox Account shall be established pursuant to and maintained in accordance with the Lockbox Agreement and shall be a demand deposit account established and maintained with the Lockbox Bank; provided, however, that the Trustee shall give the Servicer prior written notice of any change made in the location of the Lockbox Account. The Trustee shall establish and maintain the Post Office Box at a United States Post Office Branch in the name of the Trust for the benefit of the Securityholders.

(c) Notwithstanding any Lockbox Agreement, or any of the provisions of this Agreement relating to the Lockbox Agreement, the Servicer shall remain obligated and liable to the Trust, the Trustee and Securityholders for servicing and administering the Receivables and the Other Conveyed Property in accordance with the provisions of this Agreement without diminution of such obligation or liability by virtue thereof.

(d) In the event CPS shall for any reason no longer be acting as the Servicer hereunder, the Backup Servicer or a successor Servicer shall thereupon assume all of the rights and obligations of the outgoing Servicer under the Lockbox Agreement arising from and after such assumption. In such event, the successor Servicer shall be deemed to have assumed all of the outgoing Servicer's interest therein and to have replaced the outgoing Servicer as a party to the Lockbox Agreement to the same extent as if such Lockbox Agreement had been assigned to the successor Servicer, except that the outgoing Servicer shall not thereby be relieved of any liability or obligations on the part of the outgoing Servicer to the Lockbox Bank under such Lockbox Agreement. The outgoing Servicer shall, upon request of the Trustee, but at the expense of the outgoing Servicer, deliver to the successor Servicer all documents and records relating to the Lockbox Agreement and an accounting of amounts collected and held by the Lockbox Bank and otherwise use its best efforts to effect the orderly and efficient termination of any Lockbox Agreement and transition of Obligor payments to the successor Servicer or to a lockbox established by the successor Servicer for the receipt of payments made in respect of the Receivables. The outgoing Servicer, at its expense, shall cause the Lockbox Bank to deliver to the successor Servicer or a successor Lockbox Bank, all documents and records relating to the Receivables and all amounts held (or thereafter received) by the Lockbox Bank (together with an accounting of such amounts). The outgoing Servicer shall deliver prompt written notice to the Rating Agencies of any change or transfer of the Lockbox arrangements.

(e) On each Business Day, pursuant to the Lockbox Agreement, the Lockbox Processor will transfer any payments from Obligors received in the Post Office Box to the Lockbox Account. Within two Business Days of receipt of funds into the Lockbox Account, the Servicer shall cause the Lockbox Bank to transfer funds from the Lockbox Account to the Collection Account. In addition, the Servicer shall remit all payments by or on behalf of the Obligors received by the Servicer with respect to the Receivables (other than Purchased Receivables and Sold Receivables), and all Liquidation Proceeds no later than the Business Day following receipt directly (without deposit into any intervening account) into the Lockbox Account or the Collection Account. The Servicer shall not commingle its assets and funds with those on deposit in the Lockbox Account.

SECTION 4.3 Realization Upon Receivables.

(a) On behalf of the Trust and the Securityholders, the Servicer shall use its best efforts, consistent with the servicing procedures set forth herein, to repossess or otherwise convert the ownership of the Financed Vehicle securing any Receivable as to which the Servicer shall have determined eventual payment in full is unlikely. The Servicer shall commence efforts to repossess or otherwise convert the ownership of a Financed Vehicle or sell the related Receivable to an unaffiliated third-party on or prior to the date that an Obligor has failed to make more than 90% of a Scheduled Receivable Payment thereon in excess of \$10 for 120 days or more; provided, however, that the Servicer may elect not to commence such efforts within such time period if in its good faith judgment it determines either that it would be impracticable to do so or that the proceeds ultimately recoverable with respect to such Receivable would be increased by forbearance. The Servicer shall follow such customary and usual practices and procedures as it shall deem necessary or advisable in its servicing of automotive receivables, consistent with the standards of care set forth in Section 4.2, which may include reasonable efforts to realize upon any recourse to Dealers or Consumer Lenders and selling the Financed Vehicle at public or private sale. The foregoing shall be subject to the provision that, in any case in which the Financed Vehicle shall have suffered damage, the Servicer shall not expend funds in connection with the repair or the repossession of such Financed Vehicle unless it shall determine in its discretion that such repair and/or repossession will increase the proceeds ultimately recoverable with respect to such Receivable by an amount greater than the amount of such expenses.

(b) Consistent with the standards, policies and procedures required by this Agreement, the Servicer may use its best efforts to locate a third party purchaser that is not affiliated with the Servicer, the Seller or the Issuer to purchase from the Issuer any Receivable that has become more than 120 days delinquent, and shall have the right to direct the Issuer to sell any such Receivable to such third-party purchaser; provided, that no more than 20% of the number of Receivables in the pool as of the Cutoff Date may be sold by the Issuer pursuant to this Section 4.3(b), in the aggregate; provided further, that the Servicer may elect to not direct the Issuer to sell a Receivable that has become more than 120 days delinquent if in its good faith judgment the Servicer determines that the proceeds ultimately recoverable with respect to such Receivable would be increased by forbearance. In selecting Receivables to be sold to a third party purchaser pursuant to this Section 4.3(b), the Servicer shall use commercially reasonable efforts to locate

purchasers for the most delinquent Receivables first. In any event, the Servicer shall not use any procedure in selecting Receivables to be sold to third party purchasers that is materially adverse to the interest of the Securityholders. The Issuer shall sell each Sold Receivable for the greatest market price possible; provided, however, that aggregate Sale Amounts received by the Issuer for all Receivables sold to a single third-party purchaser on a single date must be at least equal to the sum of the Minimum Sale Prices for all such Receivables. The Servicer shall remit or cause the third-party purchaser to remit all sale proceeds from the sale of Receivables to the Collection Account without deposit into any intervening account as soon as practicable, but in no event later than the Business Day after receipt thereof.

SECTION 4.4 Insurance.

(a) The Servicer, in accordance with the servicing procedures and standards set forth herein, shall require that (i) each Obligor shall have obtained insurance covering the Financed Vehicle, as of the date of the execution of the Receivable, insuring against loss and damage due to fire, theft, transportation, collision and other risks generally covered by comprehensive and collision coverage and each Receivable requires the Obligor to maintain such physical loss and damage insurance naming CPS and its successors and assigns as an additional insured, (ii) each Receivable that finances the cost of premiums for credit life and credit accident and health insurance is covered by an insurance policy or certificate naming CPS as policyholder (creditor) and (iii) as to each Receivable that finances the cost of an extended service contract, the respective Financed Vehicle which secures the Receivable is covered by an extended service contract.

(b) To the extent applicable, the Servicer shall not take any action which would result in noncoverage under any of the insurance policies referred to in Section 4.4(a) which, but for the actions of the Servicer, would have been covered thereunder. The Servicer, on behalf of the Trust, shall take such reasonable action as shall be necessary to permit recovery under any of the foregoing insurance policies. Any amounts collected by the Servicer under any of the foregoing insurance policies shall be deposited in the Collection Account.

SECTION 4.5 Maintenance of Security Interests in Vehicles.

(a) Consistent with the policies and procedures required by this Agreement, the Servicer shall take such steps on behalf of the Trust as are necessary to maintain perfection of the security interest created by each Receivable in the related Financed Vehicle, including but not limited to obtaining the authorization of the Obligors and the recording, registering, filing, re-recording, re-registering and refiling of all security agreements, financing statements and continuation statements or instruments as are necessary to maintain the security interest granted by the Obligors under the respective Receivables. The Trustee hereby authorizes the Servicer, and the Servicer agrees, to take any and all steps necessary to re-perfect or continue the perfection of such security interest on behalf of the Trust as necessary because of the relocation of a Financed Vehicle or for any other reason. In the event that the assignment of a Receivable to the Trust is insufficient, without a notation on the related Financed Vehicle's certificate of title, or without fulfilling any additional administrative requirements under the laws of the State in which the Financed Vehicle is located, to

perfect a security interest in the related Financed Vehicle in favor of the Trust, the Servicer hereby agrees that CPS's designation as the secured party on the certificate of title is in its capacity as Servicer as agent of the Trust.

(b) Upon the occurrence of a Servicer Termination Event, the Trustee and the Servicer shall take or cause to be taken, such action as may, in the opinion of counsel to the Trustee, which opinion shall not be an expense of the Trustee, be necessary to perfect or re-perfect the security interests in the Financed Vehicles securing the Receivables in the name of the Trust by amending the title documents of such Financed Vehicles or by such other reasonable means as may, in the opinion of counsel to the Trustee, which opinion shall not be an expense of the Trustee, be necessary or prudent. The Servicer hereby agrees to pay all expenses related to such perfection or re-perfection and to take all action necessary therefor.

SECTION 4.6 Additional Covenants of Servicer. Unless required by law or court order, the Servicer shall not release the Financed Vehicle securing each Receivable from the security interest granted by such Receivable in whole or in part except (i) in the event of payment in full by or on behalf of the Obligor thereunder or payment in full less a deficiency which the Servicer would not attempt to collect in accordance with its customary servicing practices, (ii) upon a sale of such Receivable permitted by Section 4.3(b), (iii) in connection with repossession of such Financed Vehicle, or (iv) as may be required by an insurer in order to receive proceeds from any Insurance Policy covering such Financed Vehicle. The Servicer shall not impair the rights of the Securityholders in such Receivables, nor shall the Servicer amend a Receivable, except that extensions and waivers may be granted in accordance with Section 4.2. The Servicer shall not create, incur or suffer to exist any Lien or restriction on transferability of the Receivables nor, except as contemplated by the Basic Documents, sign or file under the UCC of any jurisdiction any financing statement that names CPS or the Servicer as debtor, nor sign any security agreement authorizing any secured party thereunder to file such financing statement, with respect to the Receivables. The Servicer shall take such actions as are necessary from time to time in order to maintain the perfection and priority of the Issuer's security interest in the Trust Property.

SECTION 4.7 Purchase of Receivables Upon Breach of Covenant.

(a) Upon discovery by any of the Servicer, the Owner Trustee or the Trustee of a breach of any of the covenants set forth in Sections 4.2(a), 4.4, 4.5 or 4.6, the party discovering such breach shall give prompt written notice to the others; provided, however, that the failure to give any such notice shall not affect any obligation of the Servicer under this Section 4.7. Unless the breach shall have been cured by the last day of the second Collection Period following such discovery (or, at the Servicer's election, the last day of the first following Collection Period), the Servicer shall purchase any Receivable with respect to which the Securityholders' interest therein or in the related Financed Vehicle is materially and adversely affected by such breach. In consideration of the purchase of such Receivable, the Servicer shall remit the Purchase Amount in the manner specified in Section 5.6. The sole remedy of the Trustee, the Trust, the Owner Trustee and the Securityholders with respect to a breach of Sections 4.2(a), 4.4, 4.5 or 4.6 shall be to require the Servicer to repurchase Receivables pursuant to this Section 4.7; provided, however, that the Servicer shall indemnify the Trustee, the Backup Servicer, the Owner Trustee, the Trust and the

Securityholders against all costs, expenses, losses, damages, claims and liabilities, including reasonable fees and expenses of counsel, which may be asserted against or incurred by any of them as a result of third party claims arising out of the events or facts giving rise to such breach. If it is determined that the management, administration and servicing of the Receivables and operation of the Trust pursuant to this Agreement constitutes a violation of the prohibited transaction rules of ERISA or the Code to which no statutory exception or administrative exemption applies, such violation shall not be treated as a breach of Sections 4.2(a), 4.4, 4.5 or 4.6 if not otherwise such a breach. Upon receipt of the Purchase Amount and written instructions from the Servicer, the Trustee shall release to CPS or its designee the related Receivables File and shall execute and deliver all reasonable instruments of transfer or assignment, without recourse, as are prepared by the Seller and delivered to the Trustee and necessary to vest in CPS or such designee title to the Receivable including a Trustee's Certificate in the form of Exhibit F-2.

SECTION 4.8 Servicing Fee. The Servicer shall be entitled to the "Servicing Fee" for each Payment Date, which shall be equal to the greater of (i) the result of one-twelfth times 2.50% of the Pool Balance as of the first day of the related Collection Period and (ii) the product of the number of Receivables serviced by the successor Servicer during the related Collection Period and \$15; provided, however, that with respect to the first Payment Date the Servicing Fee will be equal to the product of one-twelfth and 2.50% of the Original Pool Balance. The Servicer shall also be entitled to receive the Additional Servicing Compensation in accordance with Section 5.7(a)(ii) as compensation for its duties hereunder.

SECTION 4.9 Servicer's Certificate. By 9:00 a.m., Minneapolis time, on each Determination Date, the Servicer shall deliver to the Trustee, the Owner Trustee, the Rating Agencies and the Seller a Servicer's Certificate containing all information necessary to make the distributions pursuant to Sections 5.7 and 5.8 (including, if required, withdrawals from the Series 2012-C Spread Account) for the Collection Period preceding the date of such Servicer's Certificate and all information necessary for the Trustee to send statements to the Securityholders pursuant to Section 5.8(b) and all information necessary to enable the Backup Servicer to verify the information specified in Section 4.13(b). Receivables to be purchased by the Servicer or to be purchased by CPS shall be identified by the Servicer by account number with respect to such Receivable (as specified in Schedule A).

SECTION 4.10 Annual Statement as to Compliance, Notice of Servicer Termination Event.

(a) The Servicer shall deliver to the Owner Trustee, the Trustee, the Backup Servicer and the Rating Agencies, on or before March 31 of each year beginning March 31, 2013, an Officer's Certificate, dated as of December 31 of the preceding year, stating that (i) a review of the activities of the Servicer during the preceding 12-month period (or, in the case of the first such Officer's Certificate, from the Closing Date to December 31, 2012) and of its performance under this Agreement has been made under such officer's supervision and (ii) to the best of such officer's knowledge, based on such review, the Servicer has fulfilled all its obligations under this Agreement throughout such year (or, in the case of the first such Officer's Certificate, from the Closing Date to

December 31, 2012), or, if there has been a default in the fulfillment of any such obligation, specifying each such default known to such officer and the nature and status thereof. The Trustee shall forward a copy of such certificate as well as the report referred to in Section 4.11 to each Noteholder and the Owner Trustee shall forward a copy to each Residual Certificateholder.

(b) The Servicer shall deliver to the Owner Trustee, the Trustee, the Backup Servicer and the Rating Agencies, promptly after having obtained knowledge thereof, but in no event later than two (2) Business Days thereafter, written notice in an Officer's Certificate of any event which with the giving of notice or lapse of time, or both, would become a Servicer Termination Event under Section 10.1.

SECTION 4.11 Annual Independent Accountants' Report. The Servicer shall cause a firm of nationally recognized independent certified public accountants (the "Independent Accountants"), who may also render other services to the Servicer or to the Seller, to deliver to the Trustee, the Owner Trustee, the Backup Servicer and the Rating Agencies, on or before March 31 of each year beginning March 31, 2013, a report dated as of December 31 of the previous year (the "Accountants' Report") and reviewing the Servicer's activities during the preceding 12-month period, addressed to the Board of Directors of the Servicer, to the Owner Trustee, the Trustee and the Backup Servicer, to the effect that such firm has examined the financial statements of the Servicer and issued its report therefor and that such examination (1) was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as such firm considered necessary in the circumstances; (2) included tests relating to auto loans serviced for others in accordance with the requirements of the Uniform Single Attestation Program for Mortgage Bankers (the "Program"), to the extent the procedures in the Program are applicable to the servicing obligations set forth in this Agreement; (3) included an examination of the delinquency and loss statistics relating to the Servicer's portfolio of automobile and light truck installment sales contracts; and (4) except as described in the report, disclosed no exceptions or errors in the records relating to automobile and light truck loans serviced for others that, in the firm's opinion, paragraph four of the Program requires such firm to report. The accountant's report shall further state that (A) a review in accordance with agreed upon procedures was made of two randomly selected Servicer Certificates; (B) except as disclosed in the report, no exceptions or errors in the Servicer Certificates were found; and (C) the delinquency and loss information relating to the Receivables and the stated amount of Liquidated Receivables, if any, contained in the Servicer Certificates were found to be accurate. In the event such firm requires the Trustee, the Owner Trustee and/or the Backup Servicer to agree to the procedures performed by such firm, the Servicer shall direct the Trustee, the Owner Trustee and/or the Backup Servicer, as applicable, in writing to so agree; it being understood and agreed that the Trustee, the Owner Trustee and/or the Backup Servicer will deliver such letter of agreement in conclusive reliance upon the direction of the Servicer, and neither the Trustee, the Owner Trustee nor the Backup Servicer makes any independent inquiry or investigation as to, and shall have no obligation or liability in respect of, the sufficiency, validity or correctness of such procedures.

The Report will also indicate that the firm is independent of the Servicer within the meaning of the Code of Professional Ethics of the American Institute of Certified Public Accountants.

SECTION 4.12 Access to Certain Documentation and Information Regarding Receivables. The Servicer shall provide to representatives of the Trustee, the Owner Trustee, the Backup Servicer and the Rating Agencies reasonable access to the documentation regarding the Receivables. In each case, such access shall be afforded without charge but only upon reasonable request and during normal business hours. Nothing in this Section shall derogate from the obligation of the Servicer to observe any applicable law prohibiting disclosure of information regarding the Obligor, and the failure of the Servicer to provide access as provided in this Section as a result of such obligation shall not constitute a breach of this Section.

SECTION 4.13 Verification of Servicer's Certificate.

(a) On or before the fifth calendar day of each month, the Servicer will deliver to the Trustee and the Backup Servicer a computer diskette (or other electronic transmission) in a format acceptable to the Trustee and the Backup Servicer containing information with respect to the Receivables as of the close of business on the last day of the related Collection Period which information is necessary for preparation of the Servicer's Certificate. The Backup Servicer shall use such computer diskette (or other electronic transmission) to verify certain information specified in Section 4.13(b), contained in the Servicer's Certificate delivered by the Servicer, and the Backup Servicer shall notify the Servicer of any discrepancies on or before the second Business Day following the Determination Date. In the event that the Backup Servicer reports any discrepancies, the Servicer and the Backup Servicer shall attempt to reconcile such discrepancies prior to the second Business Day prior to the related Payment Date, but in the absence of a reconciliation, the Servicer's Certificate shall control for the purpose of calculations and distributions with respect to the related Payment Date. In the event that the Backup Servicer and the Servicer are unable to reconcile discrepancies with respect to a Servicer's Certificate by the related Payment Date, the Servicer shall cause a firm of independent certified public accountants, at the Servicer's expense, to audit the Servicer's Certificate and, prior to the fifth calendar day of the following month, reconcile the discrepancies. The effect, if any, of such reconciliation shall be reflected in the Servicer's Certificate for such next succeeding Determination Date. Other than the duties specifically set forth in this Agreement, the Backup Servicer shall have no obligations hereunder, including, without limitation, to supervise, verify, monitor or administer the performance of the Servicer. The Backup Servicer shall have no liability for any actions taken or omitted by the Servicer. The duties and obligations of the Backup Servicer shall be determined solely by the express provisions of this Agreement and no implied covenants or obligations shall be read into this Agreement against the Backup Servicer.

(b) The Backup Servicer shall review each Servicer's Certificate delivered pursuant to Section 4.13(a), and shall:

(i) confirm that such Servicer's Certificate is complete on its face;

(ii) load the computer diskette (which shall be in a format acceptable to the Backup Servicer) received from the Servicer pursuant to Section 4.13(a) hereof, confirm that such computer diskette is in a readable form and calculate and confirm the Pool Balance for the most recent Payment Date;

(iii) confirm, based solely on the information shown on the Servicer's Certificate, that the Total Distribution Amount, the Class A Noteholders' Principal Distributable Amount, the Class B Noteholders' Principal Distributable Amount, the Class C Noteholders' Principal Distributable Amount, the Class D Noteholders' Principal Distributable Amount, the Class E Noteholders' Principal Distributable Amount, the Aggregate Noteholders' Principal Distributable Amount, the Class A Parity Deficit Amount, the Class B Parity Deficit Amount, the Class C Parity Deficit Amount, the Class D Parity Deficit Amount, the Class E Parity Deficit Amount, the Noteholders' Interest Distributable Amount for each Class of Notes, the amount, if any, to be distributed to the Residual Certificateholders on such Payment Date, the Backup Servicing Fee, the Servicing Fee, the Trustee Fees, the amount on deposit in the Series 2012-C Spread Account and the Pre-Funding Account, the Cumulative Net Loss Rate in the Servicer's Certificate are accurate based solely on the recalculation of the Servicer's Certificate and without further investigation;

(iv) confirm the calculation of the Trigger Events based solely upon the information contained on the applicable computer diskette; and

(v) by the third Business Day following the Backup Servicer's receipt of the Servicer's Certificate and following the Backup Servicer's review of such Servicer's Certificate and the related monthly tape, the Backup Servicer shall provide the Trustee with a certificate (i) describing those activities it performed in its review of the monthly tape and the Servicer's Certificate, (ii) listing those parts of the Servicer's Certificate that it confirmed were correct, (iii) listing those parts of the Servicer's Certificate that it found to be incorrect, and (iv) describing any discrepancies, inconsistencies, incorrect information or incorrect calculations that were revealed by its review of the Servicer's Certificate and the related monthly tape.

(c) On or prior to the Closing Date, the Backup Servicer will cause an affiliate of the Back-up Servicer to data map to their servicing system all servicing/loan file information, including all relevant borrower contact information such as address and phone numbers as well as loan balance and payment information, including comment histories and collection notes. On or before the fifth calendar day of each month, the Servicer will provide to an affiliate of the Backup Servicer an electronic transmission of all servicing/loan information, including all relevant borrower contact information such as address and phone numbers as well as loan balance and payment information, including comment histories and collection notes, and the Backup Servicer will cause such affiliate to review each file to ensure that it is in readable form and verify that the data balances conform to the trial balance reports received from the Servicer. Additionally, the Backup Servicer shall cause such affiliate to store each such file.

SECTION 4.14 [Reserved].

SECTION 4.15 Fidelity Bond. The Servicer shall maintain a fidelity bond in such form and amount as is customary for entities acting as custodian of funds and documents in respect of consumer contracts on behalf of institutional investors.

SECTION 4.16 Optional Purchase of Certain Receivables. CPS shall have the right, which right may be assigned by CPS to an Affiliate, but not the obligation, to repurchase on the last day of any Collection Period any Defaulted Texas Receivables at a price equal to at least the fair market value of such Defaulted Texas Receivables, so long as the fair market value is not less than the related aggregate Purchase Amount, plus the costs and expenses of the Servicer and the Trust (including any outstanding reimbursements) in connection with such optional purchase. To exercise such option, CPS shall (subject to the proviso below) deposit in the Collection Account pursuant to Section 5.6 (or remit to the Servicer, if CPS is not then Servicer) an amount equal to the related aggregate Purchase Amount for such Defaulted Texas Receivables and thereafter shall succeed to all interests of the Trust in and to such Defaulted Texas Receivables. Upon notice of receipt of the related aggregate Purchase Amount for such Defaulted Texas Receivables and written instructions from the Servicer, the Trustee shall release to CPS or its designee the related Receivables Files and shall execute and deliver all reasonable instruments of transfer or assignment, without recourse, as are prepared by CPS and delivered to the Trustee and necessary to vest in CPS or such designee title to such Defaulted Texas Receivables including a Trustee's Certificate in the form of Exhibit F-2.

ARTICLE 5

TRUST ACCOUNTS; DISTRIBUTIONS; STATEMENTS TO SECURITYHOLDERS

SECTION 5.1 Establishment of Trust Accounts.

(a) The Trustee, on behalf of the Securityholders, shall establish and maintain in its own name an Eligible Account (the "Collection Account"), bearing a designation clearly indicating that the funds deposited therein are held for the benefit of the Trustee on behalf of the Securityholders. On the Closing Date, the Servicer will deposit, on behalf of the Seller, in the Collection Account, an amount equal to \$1,398,689.69 representing collections on the Initial Receivables received from and including the day after the Initial Cutoff Date through the Business Day immediately preceding the Closing Date, but not previously deposited into the Collection Account.

(b) The Trustee, on behalf of the Noteholders, shall establish and maintain in its own name an Eligible Account (the "Principal Distribution Account"), bearing a designation clearly indicating that the funds deposited therein are held for the benefit of the Trustee on behalf of the Noteholders. The Principal Distribution Account shall initially be established with the Trustee.

(c) The Trustee, on behalf of the Noteholders, shall establish and maintain in its own name an Eligible Account (the "Series 2012-C Spread Account"), bearing a designation clearly indicating that the funds deposited therein are held for the benefit of the Trustee on behalf of the Noteholders. The Series 2012-C Spread Account shall initially be established with the Trustee. On the Closing Date, the Seller shall deposit the Initial Spread Account Deposit in the Series 2012-C Spread Account from the proceeds of the sale of the Notes.

(d) The Trustee, on behalf of the Noteholders, shall establish and maintain in its own name an Eligible Account (the "Pre-Funding Account"), bearing a designation clearly indicating that the funds deposited therein are held for the benefit of the Trustee on behalf of the Noteholders. The Pre-Funding Account shall initially be established with the Trustee.

(e) Funds on deposit in the Collection Account, the Series 2012-C Spread Account and the Pre-Funding Account shall be invested by the Trustee (or any custodian with respect to funds on deposit in any such account) in Eligible Investments selected in writing by the Servicer (pursuant to standing instructions or otherwise). Funds on deposit in the Principal Distribution Account shall not be invested. All such Eligible Investments shall be held by or on behalf of the Trustee for the benefit of the Securityholders. Other than as permitted by the Rating Agencies, funds on deposit in any Trust Account shall be invested in Eligible Investments that will mature so that such funds will be available at the close of business on the Business Day immediately preceding the following Payment Date. Funds deposited in a Trust Account on the day immediately preceding a Payment Date upon the maturity of any Eligible Investments are not required to be invested overnight. All Eligible Investments will be held to maturity.

(f) All investment earnings of moneys deposited in the Trust Accounts shall be deposited (or caused to be deposited) by the Trustee in the Collection Account for distribution pursuant to [Section 5.7\(a\)](#), and any loss resulting from such investments shall be charged to such account. The Servicer will not direct the Trustee to make any investment of any funds held in any of the Trust Accounts unless the security interest granted and perfected in such account will continue to be perfected in such investment, in either case without any further action by any Person, and, in connection with any direction to the Trustee to make any such investment, if requested by the Trustee, the Servicer shall deliver to the Trustee an Opinion of Counsel, acceptable to the Trustee, to such effect.

(g) The Trustee shall not in any way be held liable by reason of any insufficiency in any of the Trust Accounts resulting from any loss on any Eligible Investment included therein except for losses attributable to the Trustee's negligence or bad faith or its failure to make payments on such Eligible Investments issued by the Trustee, in its commercial capacity as principal obligor and not as trustee, in accordance with their terms.

(h) If (i) the Servicer shall have failed to give investment directions for any funds on deposit in the Trust Accounts to the Trustee by 1:00 p.m. Eastern Time (or such other time as may be agreed by the Issuer and Trustee) on any Business Day; or (ii) an Event of Default shall have occurred and be continuing but the Notes shall not have been declared due and payable, or, if such Notes shall have been declared due and payable following an Event of Default, amounts collected or receivable from the Trust Property are being applied as if there had not been such a declaration; then the Trustee shall, to the fullest extent practicable, invest and reinvest funds in the Trust Accounts in one or more Eligible Investments described in clause (ii) of the definition thereof.

(i) The Trustee shall possess all right, title and interest in all funds on deposit from time to time in the Trust Accounts and in all proceeds thereof (including all

Investment Earnings on the Trust Accounts) and all such funds, investments, proceeds and income shall be part of the Trust Property. Except as otherwise provided herein, the Trust Accounts shall be under the sole dominion and control of the Trustee. If at any time any of the Trust Accounts ceases to be an Eligible Account, the Servicer shall within five Business Days establish a new Trust Account as an Eligible Account and shall transfer any cash and/or any investments to such new Trust Account. The Servicer shall promptly notify the Rating Agencies and the Owner Trustee of any change in the location of any of the aforementioned accounts. In connection with the foregoing, the Servicer agrees that, in the event that any of the Trust Accounts are not accounts with the Trustee, the Servicer shall notify the Trustee in writing promptly upon any of such Trust Accounts ceasing to be an Eligible Account.

(j) Notwithstanding anything to the contrary herein or in any other document relating to a Trust Account, the “securities intermediary’s jurisdiction” (within the meaning of Section 8-110 of the UCC) or the “bank’s jurisdiction” (with the meaning of 9-304 of the UCC), as applicable, with respect to each Trust Account shall be the State of New York.

(k) With respect to the Trust Account Property, the Trustee agrees that:

(A) any Trust Account Property that is held in deposit accounts shall be held solely in an Eligible Account; and, each such Eligible Account shall be subject to the exclusive custody and control of the Trustee and the Trustee shall have sole signature authority with respect thereto; and

(B) any other Trust Account Property shall be delivered to the Trustee in accordance with the definition of “Delivery”.

SECTION 5.2 [Reserved].

SECTION 5.3 Certain Reimbursements to the Servicer. The Servicer will be entitled to be reimbursed from amounts on deposit in the Collection Account with respect to a Collection Period for amounts previously deposited in the Collection Account but later determined by the Servicer to have resulted from mistaken deposits or postings or checks returned for insufficient funds. The amount to be reimbursed hereunder shall be paid to the Servicer on the related Payment Date pursuant to Section 5.7(a)(ii) upon certification by the Servicer of such amounts and the provision of such information to the Trustee; provided, however, that the Servicer must provide such certification within three months of its becoming aware of such mistaken deposit, posting or returned check.

SECTION 5.4 Application of Collections. All collections for each Collection Period shall be applied by the Servicer as follows:

With respect to each Receivable (other than a Purchased Receivable or a Sold Receivable), payments by or on behalf of the Obligor shall be applied to interest and principal in accordance with the Simple Interest Method.

SECTION 5.5 Withdrawals from Series 2012-C Spread Account.

(a) In the event that the Servicer's Certificate with respect to any Determination Date shall state that the Total Distribution Amount with respect to such Determination Date is insufficient to make the payments required to be made on the related Payment Date pursuant to Sections 5.7(a)(i) through (xix) (such deficiency being a "Deficiency Claim Amount"), then on or prior to the Business Day immediately preceding the related Payment Date, the Trustee shall deliver to the Owner Trustee and the Servicer, by hand delivery, telex or facsimile transmission, a written notice (a "Deficiency Notice") specifying the Deficiency Claim Amount for such Payment Date. On the related Payment Date, the Trustee shall transfer an amount equal to such Deficiency Claim Amount from the Series 2012-C Spread Account (to the extent of funds on deposit therein) to the Collection Account for distribution pursuant to Sections 5.7(a)(i) through (xix).

(b) On each Payment Date, to the extent that there are amounts on deposit in the Series 2012-C Spread Account (after the distribution of amounts from the Collection Account in accordance with Sections 5.7(a)(i) through (xix) on such Payment Date) in excess of the Specified Spread Account Requisite Amount, the Trustee shall transfer such amounts to the Collection Account for distribution on such Payment Date pursuant to Sections 5.7(xx) through (xxiii).

(b) In the event that the Collection Account is maintained with an institution other than the Trustee, the Servicer shall instruct and cause such institution to make all deposits and distributions pursuant to Section 5.7(a) on the related Payment Date.

SECTION 5.8 Principal Distribution Account.

(a) On each Payment Date, the Trustee shall distribute all amounts on deposit in the Principal Distribution Account to the Noteholders in respect of the Notes to the extent of amounts due and unpaid on the Notes for principal in the following amounts and in the following order of priority:

- (i) to the Holders of the Class A Notes in reduction of the Class A Note Balance, the Class A Noteholders' Principal Distributable Amount, if any, for such Payment Date;
- (ii) to the Holders of the Class B Notes, in reduction of the Class B Note Balance, the Class B Noteholders' Principal Distributable Amount, if any, for such Payment Date;
- (iii) to the Holders of the Class C Notes, in reduction of the Class C Note Balance, the Class C Noteholders' Principal Distributable Amount, if any, for such Payment Date;
- (iv) to the Holders of the Class D Notes, in reduction of the Class D Note Balance, the Class D Noteholders' Principal Distributable Amount, if any, for such Payment Date; and
- (v) to the Holders of the Class E Notes, in reduction of the Class E Note Balance, the Class E Noteholders' Principal Distributable Amount, if any, for such Payment Date;

provided that on the Payment Date immediately following the end of the Funding Period, amounts deposited into the Principal Distribution Account in respect of the Note Prepayment Amount pursuant to Section 5.10 shall be distributed to the Holders of the Notes, *pro rata*, on the basis of each Class' share of the Aggregate Note Balance prior to any distribution pursuant to clauses (i) through (v) above.

(b) On each Payment Date, the Trustee shall provide or make available electronically (or, upon written request, by first class mail or facsimile) to each Noteholder the statement or statements provided to the Trustee by the Servicer pursuant to Section 5.11 hereof on such Payment Date; *provided, however*, the Trustee shall have no obligation to provide such information described in this Section 5.8(b) until it has received the requisite information from the Servicer.

(c) In the event that any withholding tax is imposed on the Trust's payment (or allocations of income) to a Noteholder, such tax shall reduce the amount otherwise distributable to the Noteholder in accordance with this [Section 5.8](#). The Trustee is hereby authorized and directed to retain from amounts otherwise distributable to the Noteholders sufficient funds for the payment of any tax that is legally owed by the Trust (but such authorization shall not prevent the Trustee from contesting any such tax in appropriate proceedings, and withholding payment of such tax, if permitted by law, pending the outcome of such proceedings). The amount of any withholding tax imposed with respect to a Noteholder shall be treated as cash distributed to such Noteholder at the time it is withheld by the Trust and remitted to the appropriate taxing authority. If, after consultations with experienced counsel, the Trustee determines that there is a reasonable likelihood that withholding tax is payable with respect to a distribution (such as a distribution to a Non-United States Investor), the Trustee may in its sole discretion withhold such amounts in accordance with this clause (c). In the event that a Noteholder wishes to apply for a refund of any such withholding tax, the Trustee shall reasonably cooperate with such Noteholder in making such claim so long as such Noteholder agrees to reimburse the Trustee for any out-of-pocket expenses incurred.

(d) Distributions required to be made to Noteholders on any Payment Date shall be made to each Noteholder of record on the preceding Record Date either by wire transfer, in immediately available funds, to the account of such Noteholder at a bank or other entity having appropriate facilities therefor, if (i) such Holder shall have provided to the Note Registrar appropriate written instructions at least five Business Days prior to such Payment Date and such Holder's Notes in the aggregate evidence a denomination of not less than \$1,000,000 or (ii) such Noteholder is the Seller, or an Affiliate thereof, or, if not, by check mailed to such Noteholder at the address of such holder appearing in the Note Register; provided, however, that, unless Definitive Notes have been issued pursuant to Section 2.12 of the Indenture, with respect to Notes registered on the Record Date in the name of the nominee of the Clearing Agency (initially, such nominee to be Cede & Co.), distributions will be made by wire transfer in immediately available funds to the account designated by such nominee. Notwithstanding the foregoing, the final distribution in respect of any Note (whether on the Final Scheduled Payment Date or otherwise) will be payable only upon presentation and surrender of such Note at the office or agency maintained for that purpose by the Note Registrar pursuant to Section 2.4 of the Indenture.

Each Noteholder, by its acceptance of its Note, will be deemed to have consented to the provisions of [Sections 5.7](#) and [5.8](#) relating to the priority of payments, and will be further deemed to have acknowledged that no property rights in any amount or the proceeds of any such amount shall vest in such Noteholder until such amounts have been distributed to such Noteholder pursuant to such provisions; *provided*, that the foregoing shall not restrict the right of any Noteholder, upon compliance with the provisions hereof from seeking to compel the performance of the provisions hereof by the parties hereto.

SECTION 5.9 [\[Reserved\]](#).

SECTION 5.10 Pre-Funding Account.

(a) On the Closing Date, the Trustee will deposit, on behalf of the Seller, the Pre-Funded Amount into the Pre-Funding Account from the proceeds of the sale of the Notes. On each Subsequent Transfer Date, the Servicer shall instruct the Trustee to withdraw from the Pre-Funding Account (i) an amount equal to the excess of (a) the Principal Balance of the Subsequent Receivables transferred to the Issuer on such Subsequent Transfer Date over (b) the Subsequent Spread Account Deposit for such Subsequent Transfer Date, and to distribute such amount to or upon the order of the Seller upon satisfaction of the conditions set forth in this Agreement with respect to such transfer; and (ii) an amount equal to the Subsequent Spread Account Deposit on such Subsequent Transfer Date and deposit such amount into the Series 2012-C Spread Account upon satisfaction of the conditions set forth in this Agreement with respect to such transfer.

(b) If the Pre-Funded Amount has not been reduced to zero on the date on which the Funding Period ends, after giving effect to any reductions in the Pre-Funded Amount on such date, the Servicer shall instruct the Trustee to withdraw from the Pre-Funding Account on the Mandatory Redemption Date the Pre-Funded Amount (exclusive of any Pre-Funding Earnings) and deposit an amount equal to the Note Prepayment Amount into the Principal Distribution Account.

(c) All Pre-Funding Earnings will be deposited in the Collection Account on each Payment Date and deemed to be part of the Total Distribution Amount.

SECTION 5.11 Statements to Securityholders.

(a) On or prior to each Payment Date, the Servicer shall provide to the Trustee and the Owner Trustee (with a copy to the Rating Agencies) for the Trustee and the Owner Trustee to forward to each Securityholder of record (in the case of the Trustee, pursuant to Section 5.8(b)) the statement or statements provided by the Servicer in substantially the form attached hereto as Exhibit E setting forth at least the following information:

The Trustee shall mail a copy of such statement to each person who at any time during such preceding calendar year shall have been a Securityholder of record and received any payment in respect of the Securities.

(c) The Trustee may make available to the Securityholders, via the Trustee's Internet Website, all statements described herein and, with the consent or at the direction of the Seller, such other information regarding the Notes and/or the Receivables as the Trustee may have in its possession, but only with the use of a password provided by the Trustee. THE SELLER

SECTION 8.1 Representations of the Seller. The Seller makes the following representations for the benefit of the Securityholders and on which the Issuer is deemed to have relied in acquiring the Receivables and on which the Trustee is deemed to have relied in executing and performing pursuant to this Agreement, the Indenture and the other Basic Documents to which it is a party. The representations speak as of the execution and delivery of this Agreement, as of the Closing Date and each Subsequent Transfer Date, and shall survive each sale of the Receivables to the Issuer and the pledge thereof to the Trustee pursuant to the Indenture and the issuance of the Notes and the Residual Pass-through Certificates.

(a) Organization and Good Standing. The Seller has been duly formed and is validly existing as a limited liability company solely under the laws of the State of Delaware and is in good standing under the laws of the State of Delaware, with power and authority to own its properties and to conduct its business as such properties are currently owned and such business is currently conducted, and had at all relevant times, and now has, power, authority and legal right to acquire, own and sell the Receivables and the Other Conveyed Property transferred to the Trust.

(b) Due Qualification. The Seller is duly qualified to do business as a foreign limited liability company in good standing, and has obtained all necessary licenses and approvals in all jurisdictions in which the ownership or lease of property or the conduct of its business or the consummation of the transactions contemplated by the Basic Documents shall require such qualifications.

(c) Power and Authority. The Seller has the power and authority to execute and deliver this Agreement and the Basic Documents to which it is a party and to carry out its terms and their terms, respectively; the Seller has full power and authority to sell and assign the Receivables and the Other Conveyed Property to be sold and assigned to and deposited with the Trust by it and has duly authorized such sale and assignment to the Trust by all necessary corporate action; and the execution, delivery and performance of this Agreement and the Basic Documents to which the Seller is a party have been duly authorized by the Seller by all necessary corporate action.

(d) Valid Sale, Binding Obligations. This Agreement effects a valid sale, transfer and assignment of the Receivables and the Other Conveyed Property, enforceable against the Seller and creditors of and purchasers from the Seller; and this Agreement and the Basic Documents to which the Seller is a party, when duly executed and delivered, shall constitute legal, valid and binding obligations of the Seller enforceable in accordance with their respective terms, except as enforceability may be limited by bankruptcy, insolvency, reorganization or other similar laws affecting the enforcement of creditors' rights generally and by equitable limitations on the availability of specific remedies, regardless of whether such enforceability is considered in a proceeding in equity or at law.

(e) No Violation. The consummation of the transactions contemplated by this Agreement and the Basic Documents and the fulfillment of the terms of this Agreement and the Basic Documents shall not conflict with, result in any breach of any of the terms and provisions of or constitute (with or without notice, lapse of time or both) a default under the certificate of formation or the limited liability company agreement of the Seller, or any indenture, agreement, mortgage, deed of trust or other instrument to which the Seller is a party or by which it is bound, or result in the creation or imposition of any Lien upon any of its properties pursuant to the terms of any such indenture, agreement, mortgage, deed of trust or other instrument, other than the Basic Documents, or violate any law, order, rule or regulation applicable to the Seller of any court or of any Federal or State regulatory body, administrative agency or other governmental instrumentality having jurisdiction over the Seller or any of its properties.

(f) No Proceedings. There are no proceedings or investigations pending or, to the Seller's knowledge, threatened against the Seller, before any court,

regulatory body, administrative agency or other tribunal or governmental instrumentality having jurisdiction over the Seller or its properties (A) asserting the invalidity of this Agreement, the Securities or any of the Basic Documents, (B) seeking to prevent the issuance of the Securities or the consummation of any of the transactions contemplated by this Agreement or any of the Basic Documents, (C) seeking any determination or ruling that might materially and adversely affect the performance by the Seller of its obligations under, or the validity or enforceability of, this Agreement or any of the Basic Documents, or (D) relating to the Seller and which might adversely affect the Federal or State income, excise, franchise or similar tax attributes of the Securities.

(g) No Consents. No consent, approval, authorization or order of or declaration or filing with any governmental authority is required for the issuance or sale of the Securities or the consummation of the other transactions contemplated by this Agreement, except such as have been duly made or obtained.

(h) Financial Condition. The Seller is able to and does pay its liabilities as they mature. The Seller is not in default under any obligation to pay money to any Person except for matters being disputed in good faith that do not involve an obligation of the Seller on a promissory note. The Seller will not use the proceeds from the transactions contemplated by the Basic Documents to give any preference to any creditor or class of creditors, and such transaction will not leave the Seller with remaining assets which are unreasonably small compared to its ongoing operations.

(i) Fraudulent Conveyance. The Seller is not selling the Receivables to the Trust with any intent to hinder, delay or defraud any of its creditors; the Seller will not be rendered insolvent as a result of the sale of the Receivables to the Trust.

(j) Tax Returns. The Seller has filed on a timely basis all tax returns which are required to be filed by it and paid all taxes, including any assessments received by it, to the extent that such taxes have become due (other than taxes, the amount or validity of which are currently being contested in good faith by appropriate proceedings and with respect to which reserves in conformity with GAAP have been provided by the books of the Seller).

(k) Certificates, Statements and Reports. Neither this Agreement nor any officer's certificates, statements, reports or other documents prepared by Seller and furnished by Seller to the Trustee pursuant to this Agreement or any other Basic Document to which it is a party, and in connection with the transactions contemplated hereby or thereby (including but not limited to information regarding loan loss and delinquency experience), when taken as a whole, do not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements contained herein or therein not misleading.

(l) Legal Counsel, etc. Seller consulted with its own legal counsel and independent accountants to the extent it deems necessary regarding the tax, accounting and regulatory consequences of the transactions contemplated hereby; Seller is not participating in such transactions in reliance on any representations of any other party, their affiliates, or their counsel with respect to tax, accounting and regulatory matters.

(m) Chief Executive Office. The chief executive office of the Seller is at 19500 Jamboree Road, Irvine, California 92612.

(n) Separateness Covenants. The Seller is in compliance in all material respects with Section 9(b) of its limited liability company agreement relating to the separateness of the Seller from any other Person.

SECTION 8.2 Sale Treatment. The Seller agrees to treat the conveyances hereunder as secured financings for tax and accounting purposes and as a sale for all other purposes (including without limitation legal and bankruptcy purposes), on all relevant books, records, tax returns, financial statements and other applicable documents.

SECTION 8.3 Changes to Seller's Contract Purchase Guidelines. The Seller covenants that it will not make any material changes to the Seller's Contract Purchase Guidelines, or its classification of Obligors within such programs during the Funding Period unless, after giving effect to any such changes, the Rating Agency Condition is satisfied.

SECTION 8.4 Liability of Seller; Indemnities. The Seller shall be liable in accordance herewith only to the extent of the obligations specifically undertaken by the Seller under this Agreement.

(a) The Seller shall indemnify, defend and hold harmless the Issuer, the Owner Trustee, the Securityholders, the Backup Servicer and the Trustee from and against any taxes that may at any time be asserted against any such Person with respect to the transactions contemplated in this Agreement and any of the Basic Documents (except any income taxes arising out of fees paid to the Owner Trustee, the Trustee and the Backup Servicer and except any taxes to which the Owner Trustee, or the Trustee may otherwise be subject), including without limitation any sales, gross receipts, general corporation, tangible personal property, privilege or license taxes (but, in the case of the Issuer and the Securityholders, not including any taxes asserted with respect to federal or other income taxes arising out of distributions on the Notes and the Residual Pass-through Certificates) and costs and expenses in defending against the same.

(b) The Seller shall indemnify, defend and hold harmless the Issuer, the Owner Trustee, the Trustee and the Securityholders from and against any loss, liability or expense incurred by reason of (i) the Seller's willful misfeasance, bad faith or negligence in the performance of its duties under this Agreement, or by reason of reckless disregard of its obligations and duties under this Agreement and (ii) the Seller's or the Issuer's violation of Federal or State securities laws in connection with the offering and sale of the Notes or the Residual Pass-through Certificates.

(c) The Seller shall indemnify, defend and hold harmless each of the Owner Trustee, the Trustee and the Backup Servicer and its respective officers, directors, employees and agents from and against any and all costs, expenses, losses, claims, damages and liabilities arising out of, or incurred in connection with the acceptance or performance of the trusts and duties set forth herein and in the Basic Documents (other than overhead and expenses incurred in the normal course of business) except to the extent that such cost, expense, loss, claim, damage or liability shall be due to such

entity's (or its officers', directors', employees' or agents') willful misfeasance, bad faith or negligence (except for errors in judgment).

Indemnification under this Section shall survive the resignation or removal of the Owner Trustee, the Trustee or the Backup Servicer and the termination of this Agreement or the Indenture or the Trust Agreement, as applicable, and shall include reasonable fees and expenses of counsel and other expenses of litigation. If the Seller shall have made any indemnity payments pursuant to this Section and the Person to or on behalf of whom such payments are made thereafter shall collect any of such amounts from others, such Person shall promptly repay such amounts to the Seller, without interest.

SECTION 8.5 Merger or Consolidation of, or Assumption of the Obligations of, Seller. Any Person (a) into which the Seller may be merged or consolidated, (b) which may result from any merger or consolidation to which the Seller shall be a party or (c) which may succeed to the properties and assets of the Seller substantially as a whole, which Person in any of the foregoing cases executes an agreement of assumption to perform every obligation of the Seller under this Agreement, shall be the successor to the Seller hereunder without the execution or filing of any document or any further act by any of the parties to this Agreement; provided, however, that (i) immediately after giving effect to such transaction, no representation or warranty made pursuant to Section 3.1 shall have been breached and no Servicer Termination Event, and no event which, after notice or lapse of time, or both, would become a Servicer Termination Event shall have occurred and be continuing, (ii) the Seller shall have delivered to the Owner Trustee and the Trustee an Officers' Certificate and an Opinion of Counsel each stating that such consolidation, merger or succession and such agreement of assumption comply with this Section and that all conditions precedent, if any, provided for in this Agreement relating to such transaction have been complied with, (iii) the Rating Agency Condition shall have been satisfied with respect to such transaction and (iv) the Seller shall have delivered to the Owner Trustee and the Trustee an Opinion of Counsel stating that, in the opinion of such counsel, either (A) all financing statements and continuation statements and amendments thereto have been authorized and filed that are necessary fully to preserve and protect the interest of the Owner Trustee and the Trustee, respectively, in the Receivables and the Other Conveyed Property and reciting the details of such filings or (B) no such action shall be necessary to preserve and protect such interest. Notwithstanding anything herein to the contrary, the execution of the foregoing agreement of assumption and compliance with clauses (i), (ii), (iii) and (iv) above shall be conditions to the consummation of the transactions referred to in clauses (a), (b) or (c) above.

SECTION 8.6 Limitation on Liability of Seller and Others. The Seller and any director or officer or employee or agent of the Seller may rely in good faith on the advice of counsel or on any document of any kind, prima facie properly executed and submitted by any Person respecting any matters arising under any Basic Document. The Seller shall not be under any obligation to appear in, prosecute or defend any legal action that shall not be incidental to its obligations under this Agreement, and that in its opinion may involve it in any expense or liability.

SECTION 8.7 Seller May Own Residual Pass-through Certificates or Notes. The Seller and any Affiliate thereof may in its individual or any other capacity become the

owner or pledgee of Securities with the same rights as it would have if it were not the Seller or an Affiliate thereof, except as expressly provided herein or in any Basic Document. Securities so owned by the Seller or such Affiliate shall have an equal and proportionate benefit under the provisions of the Basic Documents, without preference, priority or distinction as among all of the Securities; provided, however, that any Notes owned by the Seller or any Affiliate thereof, during the time such Securities are so owned by them, shall be without voting rights for any purpose set forth in the Basic Documents. The Seller shall notify the Owner Trustee and the Trustee promptly after it or any of its Affiliates become the owner of a Security.

ARTICLE 9

THE SERVICER

SECTION 9.1 **Representations of Servicer.** The Servicer makes the following representations for the benefit of the Securityholders, on which the Issuer is deemed to have relied in acquiring the Receivables and on which the Trustee is deemed to have relied in executing and performing pursuant to this Agreement, the Indenture and the other Basic Documents to which it is a party. The representations speak as of the execution and delivery of this Agreement and as of the Closing Date, and as of each Subsequent Transfer Date, and shall survive the sale of the Receivables to the Issuer and the pledge thereof to the Trustee pursuant to the Indenture.

(a) **Organization and Good Standing.** The Servicer has been duly incorporated and is validly existing as a corporation solely under the laws of the State of California, in good standing thereunder, with power, authority and legal right to own its properties and to conduct its business as such properties are currently owned and such business is presently conducted, and had at all relevant times, and shall have, power, authority and legal right to acquire, own and service the Receivables.

(b) **Due Qualification.** The Servicer is duly qualified to do business as a foreign corporation in good standing and has obtained all necessary licenses and approvals, in all jurisdictions in which the ownership or lease of property or the conduct of its business (including the servicing of the Receivables as required by this Agreement) or the consummation of the transactions contemplated by the Basic Documents requires or shall require such qualification.

(c) **Power and Authority.** The Servicer has the power and authority to execute and deliver this Agreement and the Basic Documents to which it is a party and to carry out its terms and their terms, respectively, and the execution, delivery and performance of this Agreement and the Basic Documents to which it is a party have been duly authorized by the Servicer by all necessary corporate action.

(d) **Binding Obligation.** This Agreement and the Basic Documents to which the Servicer is a party shall constitute legal, valid and binding obligations of the Servicer enforceable in accordance with their respective terms, except as enforceability may be limited by bankruptcy, insolvency, reorganization, or other similar laws affecting the enforcement of creditors' rights generally and by equitable limitations on the availability of specific remedies, regardless of whether such enforceability is considered in a proceeding in equity or at law.

(e) No Violation. The consummation of the transactions contemplated by this Agreement and the Basic Documents to which the Servicer is a party, and the fulfillment of the terms of this Agreement and the Basic Documents to which the Servicer is a party, shall not conflict with, result in any breach of any of the terms and provisions of, or constitute (with or without notice or lapse of time) a default under, the articles of incorporation or bylaws of the Servicer, or any indenture, agreement, mortgage, deed of trust or other instrument to which the Servicer is a party or by which it is bound or any of its properties are subject, or result in the creation or imposition of any Lien upon any of its properties pursuant to the terms of any such indenture, agreement, mortgage, deed of trust or other instrument, other than the Basic Documents, or violate any law, order, rule or regulation applicable to the Servicer of any court or of any Federal or State regulatory body, administrative agency or other governmental instrumentality having jurisdiction over the Servicer or any of its properties.

(f) No Proceedings. There are no proceedings or investigations pending or, to the Servicer's knowledge, threatened against the Servicer, before any court, regulatory body, administrative agency or other tribunal or governmental instrumentality having jurisdiction over the Servicer or its properties (A) asserting the invalidity of this Agreement or any of the Basic Documents, (B) seeking to prevent the issuance of the Securities or the consummation of any of the transactions contemplated by this Agreement or any of the Basic Documents, or (C) except for the Pending Litigation, seeking any determination or ruling that might materially and adversely affect the performance by the Servicer of its obligations under, or the validity or enforceability of, this Agreement, the Securities or any of the Basic Documents or (D) relating to the Servicer and which might adversely affect the Federal or State income, excise, franchise or similar tax attributes of the Securities.

(g) No Consents. No consent, approval, authorization or order of or declaration or filing with any governmental authority is required for the issuance or sale of the Securities or the consummation of the other transactions contemplated by this Agreement, except such as have been duly made or obtained.

(h) Taxes. The Servicer has filed on a timely basis all tax returns which are required to be filed by it and paid all taxes, including any assessments received by it, to the extent that such taxes have become due (other than taxes, the amount or validity of which are currently being contested in good faith by appropriate proceedings and with respect to which reserves in conformity with GAAP have been provided on the books of the Servicer).

(i) Chief Executive Office. The Servicer hereby represents and warrants to the Trustee that the Servicer's principal place of business and chief executive office is, and for the four months preceding the date of this Agreement has been, located at: 19500 Jamboree Road, Irvine, California 92612.

SECTION 9.2 Liability of Servicer; Indemnities.

(a) The Servicer (in its capacity as such) shall be liable hereunder only to the extent of the obligations in this Agreement specifically undertaken by the Servicer and the representations made by the Servicer.

(i) The Servicer shall indemnify, defend and hold harmless the Trust, the Trustee, the Owner Trustee, the Backup Servicer and the Securityholders from and against any and all costs, expenses, losses, damages, claims and liabilities, arising out of or resulting from the use, ownership, repossession or operation by the Servicer or any Affiliate or agent or sub-contractor thereof of any Financed Vehicle;

(ii) The Servicer (unless the Backup Servicer is the Servicer) shall indemnify, defend and hold harmless the Trust, the Trustee, the Owner Trustee, the Backup Servicer and the Securityholders from and against any taxes that may at any time be asserted against any of such parties with respect to the transactions contemplated in this Agreement, including, without limitation, any sales, gross receipts, general corporation, tangible personal property, privilege or license taxes (but not including federal or other income taxes, including franchise taxes (other than Texas Franchise Tax, if CPS is the Servicer) asserted with respect to, and as of the date of, the sale of the Receivables and the Other Conveyed Property to the Trust or the issuance and original sale of the Securities and, in the case of the Issuer and the Securityholders, not including any taxes asserted with respect to federal or other income taxes arising out of distributions on the Notes and Residual Pass-through Certificates) and costs and expenses in defending against the same;

(iii) The Servicer shall indemnify, defend and hold harmless the Trust, the Trustee, the Owner Trustee, the Backup Servicer, each Placement Agent, their respective officers, directors, agents and employees and the Securityholders from and against any and all costs, expenses, losses, claims, damages, and liabilities to the extent that such cost, expense, loss, claim, damage, or liability arose out of, or was imposed upon the Trust, the Trustee, the Owner Trustee, the Backup Servicer, each Placement Agent or the Securityholders or such officers, directors, agents or employees through the negligence, willful misfeasance or bad faith of the Servicer in the performance of its duties under this Agreement, by reason of reckless disregard of its obligations and duties under this Agreement or as a result of a breach of any representation or warranty made by the Servicer in this Agreement (without regard to any exception relating to the Pending Litigation).

(iv) The Servicer shall indemnify, defend, and hold harmless the Trustee, the Owner Trustee and the Backup Servicer from and against all costs, expenses, losses, claims, damages, and liabilities arising out of or incurred in connection with the acceptance or performance of the trusts and duties herein contained or in the Trust Agreement, if any, except to the extent that such cost, expense, loss, claim, damage or liability: (A) shall be due to the willful misfeasance, bad faith, or negligence (except for errors in judgment) of the Trustee, the Owner Trustee or the Backup Servicer, as applicable or (B) relates to any tax other than the taxes with respect to which the Servicer shall be required to indemnify the Trustee, the Owner Trustee or the Backup Servicer.

(v) CPS shall indemnify, defend and hold harmless the Trust, the Trustee, the Owner Trustee, the Backup Servicer and the Securityholders

against any and all costs, expenses, losses, damages, claims and liabilities arising out of or resulting from CPS's involvement in, or the effect on any Receivable as a result of, the Pending Litigation.

(b) Notwithstanding the foregoing, the Servicer shall not be obligated to defend, indemnify, and hold harmless any Noteholders for any losses, claims, damages or liabilities incurred by any Securityholders arising out of claims, complaints, actions and allegations relating to Section 406 of ERISA or Section 4975 of the Code as a result of the purchase or holding of a Security by such Noteholder with the assets of a plan subject to such provisions of ERISA or the Code or the servicing, management and operation of the Trust.

(c) For purposes of this Section 9.2, in the event of the termination of the rights and obligations of the Servicer (or any successor thereto pursuant to Section 9.3) as Servicer pursuant to Section 10.1, or a resignation by such Servicer pursuant to this Agreement, such Servicer shall be deemed to be the Servicer pending appointment of a successor Servicer pursuant to Section 10.2. The provisions of this Section 9.2(c) shall in no way affect the survival pursuant to Section 9.2(d) of the indemnification by the Servicer provided by Section 9.2(a).

(d) Indemnification under this Section 9.2 shall survive the termination of this Agreement and any resignation or removal of CPS as Servicer and shall include reasonable fees and expenses of counsel and expenses of litigation. If the Servicer shall have made any indemnity payments pursuant to this Section and the recipient thereafter collects any of such amounts from others, the recipient shall promptly repay such amounts to the Servicer, without interest.

SECTION 9.3 Merger or Consolidation of, or Assumption of the Obligations of, the Servicer or Backup Servicer.

(a) CPS shall not merge or consolidate with any other person, convey, transfer or lease substantially all its assets as an entirety to another Person, or permit any other Person to become the successor to CPS's business unless, after the merger, consolidation, conveyance, transfer, lease or succession, the successor or surviving entity shall be capable of fulfilling the duties of CPS contained in this Agreement. Any corporation (i) into which CPS may be merged or consolidated, (ii) resulting from any merger or consolidation in which CPS shall be a constituent corporation, (iii) which acquires by conveyance, transfer, or lease substantially all of the assets of CPS, or (iv) succeeding to the business of CPS, in any of the foregoing cases shall execute an agreement of assumption to perform every obligation of CPS under this Agreement and, whether or not such assumption agreement is executed, shall be the successor to CPS under this Agreement without the execution or filing of any paper or any further act on the part of any of the parties to this Agreement, anything in this Agreement to the contrary notwithstanding; provided, however, that nothing contained herein shall be deemed to release CPS from any obligation. CPS shall provide notice of any merger, consolidation or succession pursuant to this Section to the Owner Trustee, the Trustee, the Securityholders and the Rating Agencies. Notwithstanding the foregoing, CPS shall not merge or consolidate with any other Person or permit any other Person to become a successor to CPS's business, unless (x) immediately after giving effect to such

transaction, no representation, warranty or covenant made pursuant to Sections 9.1 (other than clause (a) with respect to its state of incorporation and clause (i)) or 4.6 shall have been breached (for purposes hereof, such representations and warranties shall be deemed made as of the date of the consummation of such transaction) and no event that, after notice or lapse of time, or both, would become a Servicer Termination Event shall have occurred and be continuing, (y) CPS shall have delivered to the Owner Trustee, the Trustee and the Rating Agencies an Officer's Certificate and an Opinion of Counsel each stating that such consolidation, merger or succession and such agreement of assumption comply with this Section and that all conditions precedent, if any, provided for in this Agreement relating to such transaction have been complied with, and (z) CPS shall have delivered to the Owner Trustee, the Trustee and the Rating Agencies an Opinion of Counsel, stating in the opinion of such counsel, either (A) all financing statements and continuation statements and amendments thereto have been authorized and filed that are necessary to preserve and protect the interest of the Owner Trustee and the Trustee, respectively, in the Receivables and the Other Conveyed Property and reciting the details of the filings or (B) no such action shall be necessary to preserve and protect such interest.

(b) Any corporation (i) into which the Backup Servicer may be merged or consolidated, (ii) resulting from any merger or consolidation in which the Backup Servicer shall be a constituent corporation, (iii) which acquires by conveyance, transfer or lease substantially all of the assets of the Backup Servicer, or (iv) succeeding to the business of the Backup Servicer, in any of the foregoing cases shall execute an agreement of assumption to perform every obligation of the Backup Servicer under this Agreement and, whether or not such assumption agreement is executed, shall be the successor to the Backup Servicer under this Agreement without the execution or filing of any paper or any further act on the part of any of the parties to this Agreement, anything in this Agreement to the contrary notwithstanding; provided, however, that nothing contained herein shall be deemed to release the Backup Servicer from any obligation.

SECTION 9.4 Limitation on Liability of Servicer, Backup Servicer and Others. Neither the Servicer, the Backup Servicer nor any of the directors or officers or employees or agents of the Servicer or Backup Servicer shall be under any liability to the Trust or the Securityholders, except as provided in this Agreement, for any action taken or for refraining from the taking of any action pursuant to this Agreement; provided, however, that this provision shall not protect the Servicer, the Backup Servicer or any such person against any liability that would otherwise be imposed by reason of a breach of this Agreement or willful misfeasance, bad faith or negligence in the performance of duties. CPS, the Backup Servicer and any director, officer, employee or agent of CPS or the Backup Servicer may rely in good faith on the written advice of counsel or on any document of any kind prima facie properly executed and submitted by any Person respecting any matters arising under this Agreement. In addition, the Backup Servicer shall not be under any obligation to appear in, prosecute or defend any legal action that shall not be incidental to its obligations under this Agreement, and that in its opinion may involve it in any expense or liability.

SECTION 9.5 Delegation of Duties. The Servicer may at any time delegate duties under this Agreement to sub-contractors who are in the business of servicing automotive

receivables; provided, however, that no such delegation or sub-contracting of duties by the Servicer shall relieve the Servicer of its responsibility with respect to such duties.

SECTION 9.6 Servicer and Backup Servicer Not to Resign.

(a) Subject to the provisions of Section 9.3, neither the Servicer nor the Backup Servicer shall resign from the obligations and duties imposed on it by this Agreement as Servicer or Backup Servicer except (i) upon a determination that by reason of a change in legal requirements the performance of its duties under this Agreement would cause it to be in violation of such legal requirements in a manner that would have a material adverse effect on the Servicer or the Backup Servicer, as the case may be, or, (ii) in the case of the Backup Servicer, upon the prior written consent of Holders of a majority of the aggregate outstanding Note Balance of the Controlling Class. Any such determination permitting the resignation of the Servicer or Backup Servicer shall be evidenced by an Opinion of Counsel to such effect delivered and acceptable to the Trustee and the Owner Trustee. No resignation of the Servicer shall become effective until the Backup Servicer or a successor Servicer that is an Eligible Servicer shall have assumed the responsibilities and obligations of the Servicer pursuant to Section 10.3. No resignation of the Backup Servicer shall become effective until a Person that is an Eligible Servicer shall have assumed the responsibilities and obligations of the Backup Servicer; provided, however, that in the event a successor Backup Servicer is not appointed within 60 days after the Backup Servicer has given notice of its resignation and has provided the Opinion of Counsel required by this Section 9.6, the Backup Servicer may petition a court for its removal.

ARTICLE 10

SECTION 10.1 Servicer Termination Event. For purposes of this Agreement, each of the following shall constitute a "Servicer Termination Event":

(a) Any failure by the Servicer to deliver to the Trustee for distribution to any Noteholder or to the Trust Paying Agent for distribution to any Residual Certificateholder, or for deposit into the Collection Account or the Series 2012-C Spread Account, any payment required under the terms of this Agreement, which failure continues unremedied for a period of two Business Days (one Business Day with respect to the payment of Purchase Amounts) after the earlier of (i) knowledge thereof by a Responsible Officer of the Servicer and (ii) written notice thereof shall have been given to the Servicer by the Trustee or by Holders of a majority of the aggregate outstanding Note Balance of the Controlling Class; or

(b) Failure by the Servicer to deliver to the Trustee the Servicer's Certificate within three days after the date on which such Servicer's Certificate is required to be delivered under Section 4.9; or

(c) Failure on the part of the Servicer duly to observe or perform any other covenants or agreements of the Servicer set forth in this Agreement or, if the Servicer is CPS, failure of CPS to duly perform any other covenants or agreements of CPS set forth in this Agreement, which failure (i) materially and adversely affects the rights of Noteholders and (ii) continues unremedied for a period of 30 days after the earlier of knowledge thereof by the Servicer or after the date on which written notice of

such failure, requiring the same to be remedied, shall have been given to the Servicer by the Trustee or by Holders of a majority of the aggregate outstanding Note Balance of the Controlling Class; or

(d) The occurrence of an Insolvency Event with respect to the Servicer or the Seller; or

(e) Failure on the part of the Servicer to observe its covenants and agreements relating to (i) merger or consolidation or (ii) preservation of its ownership (or security interest) in repossessed Financed Vehicles delivered for sale to dealers; or

(f) Any representation, warranty or statement of the Servicer made in this Agreement or any certificate, report or other writing delivered pursuant hereto shall prove to be incorrect in any material respect as of the time when the same shall have been made (excluding, however, any representation or warranty set forth in this Agreement relating to the characteristics of the Receivables), and the incorrectness of such representation, warranty or statement has a material adverse effect on the Trust or the Securityholders and, within 30 days after the earlier of (i) knowledge thereof by a Responsible Officer of the Servicer or (ii) after written notice thereof shall have been given to the Servicer by the Trustee or by Holders of a majority of the aggregate outstanding Note Balance of the Controlling Class, the circumstances or condition in respect of which such representation, warranty or statement was incorrect shall not have been eliminated or otherwise cured.

SECTION 10.2 Consequences of a Servicer Termination Event. If a Servicer Termination Event shall occur and be continuing, either the Trustee (to the extent it has knowledge thereof) or the Holders of Notes evidencing not less than a majority of the aggregate outstanding Note Balance of the Controlling Class by notice given in writing to the Servicer and the Backup Servicer (and to the Trustee if given by the Noteholders) may terminate all of the rights and obligations of the Servicer under this Agreement. If a Servicer Termination Event shall occur and be continuing on or after the date on which each class of Notes has been repaid in full, either the Trustee (to the extent it has knowledge thereof) or the Majority Certificateholders by notice given in writing to the Servicer and the Backup Servicer (and the Trustee if such notice is given by the Certificateholders) may terminate all of the rights and obligations of the Servicer under this Agreement. The Servicer shall be entitled to its pro rata share of the Servicing Fee for the number of days in the Collection Period prior to the effective date of its termination. On or after the receipt by the Servicer of such written notice or upon the date, if any, specified in such notice, all authority, power, obligations and responsibilities of the Servicer under this Agreement, whether with respect to the Notes, the Residual Pass-through Certificates, the Receivables or the Other Conveyed Property or otherwise, automatically shall pass to, be vested in and become obligations and responsibilities of the Backup Servicer (or such other successor Servicer appointed under Section 10.3); provided, however, that the successor Servicer shall have no liability with respect to any obligation that was required to be performed by the terminated Servicer prior to the date that the successor Servicer becomes the Servicer or any claim of a third party based on any alleged action or inaction of the terminated Servicer. The successor Servicer is authorized and empowered by this Agreement to execute and deliver, on behalf of the terminated Servicer, as attorney-in-fact or otherwise, any and all documents and other

instruments and to do or accomplish all other acts or things necessary or appropriate to effect the purposes of such notice of termination, whether to complete the transfer and endorsement of the Receivables and the Other Conveyed Property and related documents to show the Trust as lienholder or secured party on the related Lien Certificates, or otherwise. The terminated Servicer agrees to cooperate with the successor Servicer in effecting the termination of the responsibilities and rights of the terminated Servicer under this Agreement, including, without limitation, the transfer to the successor Servicer for administration by it of all cash amounts that shall at the time be held by the terminated Servicer for deposit, or have been deposited by the terminated Servicer, in the Collection Account or thereafter received with respect to the Receivables and the delivery to the successor Servicer of all Receivable Files that shall at the time be held by the terminated Servicer and a computer tape in readable form as of the most recent Business Day containing all information necessary to enable the successor Servicer to service the Receivables and the Other Conveyed Property. All reasonable costs and expenses (including reasonable attorneys' fees and boarding fees) incurred in connection with transferring any Receivable Files to the successor Servicer and amending this Agreement to reflect such succession as Servicer pursuant to this Section 10.2 shall be paid by the terminated Servicer upon presentation of reasonable documentation of such costs and expenses. In addition, any successor Servicer shall be entitled to payment from the terminated Servicer for reasonable transition expenses incurred in connection with acting as successor Servicer, and to the extent not so paid, such payment shall be made pursuant to Section 5.7(a). Upon receipt of notice of the occurrence of a Servicer Termination Event, the Trustee shall give notice thereof to the Rating Agencies. The successor Servicer shall terminate the Lockbox Agreement and direct the Obligors to make all payments under the Receivables directly to the successor Servicer (in which event the successor Servicer shall process such payments in accordance with Section 4.2(e)), or to a lockbox established by the successor Servicer at the successor Servicer's expense, which shall be reimbursable pursuant to the terms of clause (iii) of Section 5.7(a). The terminated Servicer shall grant the Trustee and the successor Servicer reasonable access to the terminated Servicer's premises at the terminated Servicer's expense.

SECTION 10.3 Appointment of Successor.

(a) On and after the time the Servicer receives a notice of termination pursuant to Section 10.2 or upon the resignation of the Servicer pursuant to Section 9.6, the predecessor Servicer shall continue to perform its functions as Servicer under this Agreement, in the case of termination, only until the date specified in such termination notice or, if no such date is specified in a notice of termination, until receipt of such notice, and, in the case of resignation, until a successor Servicer has been appointed (the "Assumption Date"). Subject to prior selection of a successor Servicer in accordance with subsection (b) below, in the event of a termination or resignation of the Servicer, Wells Fargo Bank, National Association, as Backup Servicer, shall automatically assume the obligations of the Servicer hereunder on the Assumption Date, and shall be subject to all the rights, responsibilities, restrictions, duties, liabilities and termination provisions relating thereto in this Agreement except as otherwise indicated herein. Notwithstanding the foregoing, if the Backup Servicer is the outgoing Servicer or shall be unwilling or legally unable to act as successor Servicer, the Trustee shall appoint, or petition a court of competent jurisdiction to appoint, an Eligible Servicer as the

successor Servicer hereunder. Pending appointment pursuant to the preceding sentence, the Backup Servicer shall act as successor Servicer unless it is legally unable to do so, in which event the outgoing Servicer shall continue to act as Servicer until a successor has been appointed and accepted such appointment. The Trustee and such successor Servicer shall take such action, consistent with this Agreement, as shall be necessary to effectuate any such succession.

(b) Unless Holders of Notes evidencing not less than a majority of the aggregate outstanding Note Balance of the Controlling Class have previously confirmed in writing that the Backup Servicer shall become successor Servicer upon the Servicer's resignation or removal, the Holders of Notes evidencing not less than a majority of the aggregate outstanding Note Balance of the Controlling Class may at any time thirty (30) days (i) prior to the effective date of the resignation of the Servicer or (ii) prior to the Assumption Date, appoint a Person that is an Eligible Servicer other than the Backup Servicer to become the successor Servicer in accordance with Section 10.2 on and after the Assumption Date or the resignation of the Servicer. Prior to such assumption, such successor Servicer shall execute and deliver a written assumption agreement by such Person to serve as Servicer. If upon the termination of the Servicer pursuant to Section 10.2 or the resignation of the Servicer pursuant to Section 9.6, the Holders of Notes evidencing not less than a majority of the aggregate outstanding Note Balance of the Controlling Class appoint a successor Servicer other than the Backup Servicer, the Backup Servicer shall not be relieved of its duties as Backup Servicer hereunder, including its obligation to become successor Servicer; provided that pending the assumption of the servicing duties by a successor Servicer appointed by the Holders of Notes evidencing not less than a majority of the aggregate outstanding Note Balance of the Controlling Class, the Backup Servicer shall not be deemed to have assumed any of the obligations of the successor Servicer hereunder.

(c) Notwithstanding the Backup Servicer's assumption of, and its agreement to perform and observe, all duties, responsibilities and obligations of CPS as Servicer under this Agreement arising on and after the Assumption Date, the Backup Servicer shall not be deemed to have assumed or to become liable for, or otherwise have any liability, whether provided for by the terms of this Agreement, arising by operation of law or otherwise, for any duties, responsibilities, obligations or liabilities of CPS or any predecessor Servicer (i) arising under Sections 4.7 and 9.2, regardless of when the liability, duty, responsibility or obligation of CPS or any predecessor Servicer therefor arose, (ii) required to be performed by CPS or any predecessor Servicer prior to the Assumption Date or any claim of any third party based on any alleged action or inaction of CPS or any predecessor Servicer, or (iii) with respect to the payment of any taxes required to be paid by CPS or any predecessor Servicer. The indemnification obligations of the Backup Servicer, upon becoming a successor Servicer, are expressly limited to those instances of gross negligence or willful misconduct of the Backup Servicer in its role as successor Servicer that occur after the Assumption Date.

(d) Any successor Servicer, including the Backup Servicer, shall be entitled to receive the Servicing Fee and Additional Servicing Compensation as compensation and its reimbursable expenses in accordance with the priority of payments set forth in Section 5.7(a).

(e) Notwithstanding anything contained in this Agreement to the contrary, the successor Servicer is authorized to accept and rely on all of the accounting records (including computer records) and work of the predecessor Servicer relating to the Receivables (collectively, the "Predecessor Servicer Work Product") without any audit or other examination thereof, and the successor Servicer shall have no duty, responsibility, obligation or liability for the acts and omissions of the predecessor Servicer. If any error, inaccuracy, omission or incorrect or non-standard practice or procedure (collectively, "Errors") exists in any Predecessor Servicer Work Product and such Error makes it materially more difficult to service or should cause or materially contribute to the successor Servicer making or continuing any Error (collectively, "Continuing Errors"), the successor Servicer shall have no duty, responsibility, obligation or liability for such Continuing Errors; provided, however, that the successor Servicer agrees to use its best efforts to prevent further Continuing Errors. If the successor Servicer becomes aware of Errors or Continuing Errors, it shall use its best efforts, at the direction of Holders constituting a majority of the aggregate outstanding Note Balance of the Controlling Class, which shall have been given prior written notice by the Trustee (upon receipt of notice from the successor Servicer) of the nature of such Errors and Continuing Errors, to reconstruct and reconcile such data as is commercially reasonable to correct such Errors and Continuing Errors and to prevent future Continuing Errors. The successor Servicer shall be entitled to recover its costs expended in connection with such efforts in accordance with Section 5.7(a).

SECTION 10.4 Notification to Securityholders. Upon any termination of, or appointment of a successor to, the Servicer, the Trustee shall give prompt written notice thereof to each Securityholder, the Owner Trustee and to the Rating Agencies.

SECTION 10.5 Waiver of Past Defaults. The Holders of Notes evidencing not less than a majority of the aggregate outstanding Note Balance of the Controlling Class may, on behalf of all Noteholders, waive any default by the Servicer in the performance of its obligations under this Agreement and the consequences thereof (except a default in making any required deposits to or payments from any of the Trust Accounts in accordance with the terms of this Agreement). Upon any such waiver of a past default, such default shall cease to exist, and any Servicer Termination Event arising therefrom shall be deemed to have been remedied for every purpose of this Agreement. No such waiver shall extend to any subsequent or other default or impair any right consequent thereto.

SECTION 10.6 Action Upon Certain Failures of the Servicer. In the event that a Responsible Officer of the Trustee shall have actual knowledge of any failure of the Servicer specified in Section 10.1 that would give rise to a right of termination under such Section upon the Servicer's failure to remedy the same after notice, the Trustee shall give notice thereof to the Servicer. For all purposes of this Agreement (including, without limitation, this Section 10.6), the Trustee shall not be deemed to have knowledge of any failure of the Servicer as specified in Sections 10.1(c) through (f) unless notified thereof in writing by the Servicer or by a Securityholder. The Trustee shall be under no duty or obligation to investigate or inquire as to any potential failure of the Servicer specified in Section 10.1.

ARTICLE 11

TERMINATION

SECTION 11.1 Optional Purchase of All Receivables.

(a) On any Payment Date on or after the last day of any Collection Period as of which the Collateral Balance shall be less than or equal to 10% of the Original Collateral Balance, the Servicer shall have the option to purchase the Owner Trust Estate, other than the Trust Accounts. To exercise such option, the Servicer shall (subject to the proviso below) deposit in the Collection Account pursuant to Section 5.6 an amount equal to the fair market value of the Receivables (including Liquidated Receivables) as of such date, plus the appraised value of any other property held by the Trust, such value to be determined by an appraiser mutually agreed upon by the Servicer and the Trustee, and shall succeed to all interests in and to the Trust; provided, however, that the amount to be paid for such purchase shall be sufficient to pay the (i) the aggregate outstanding Note Balance, (ii) accrued and unpaid interest on the Notes, and (iii) the unpaid expenses of the Trust, including without limitation expenses incurred by the Trust in connection with the exercise of such repurchase option. Upon receipt of an amount equal to the fair market value of the Receivables and written instructions from the Servicer, the Trustee shall release to the Servicer or its designee the related Receivables Files and shall execute and deliver all reasonable instruments of transfer or assignment, without recourse, as are prepared by the Seller and delivered to the Trustee and necessary to vest in the Servicer or such designee title to the Receivables including a Trustee's Certificate in the form of Exhibit F-2. To the extent such option to purchase the Owner Trust Estate is rescinded pursuant to Section 10.1 of the Indenture, the Securityholders shall on the related Payment Date receive the payments of interest and principal that would be due to the Securityholders on such Payment Date as if such option to purchase the Owner Trust Estate had never been exercised.

(b) Notice of any termination of the Trust shall be given by the Servicer, which notice shall include, among other things, the items specified in Section 9.1(c) of the Trust Agreement, to the Owner Trustee, the Trustee and the Rating Agencies as soon as practicable after the Servicer has received notice thereof.

ARTICLE 12

ADMINISTRATIVE DUTIES OF THE SERVICER

SECTION 12.1 Administrative Duties.

(a) Duties with Respect to the Indenture. The Servicer shall perform all its duties and the duties of the Issuer under the Indenture. In addition, the Servicer shall consult with the Owner Trustee as the Servicer deems appropriate regarding the duties of the Issuer under the Indenture. The Servicer shall monitor the performance of the Issuer and shall advise the Owner Trustee when action is necessary to comply with the Issuer's duties under the Indenture. The Servicer shall prepare for execution by the Issuer or shall cause the preparation by other appropriate Persons of all such documents, reports, filings, instruments, certificates and opinions as it shall be the duty of the Issuer to prepare, file or deliver pursuant to the Indenture. In furtherance of the foregoing, the Servicer shall take all necessary action that is the duty of the Issuer to take pursuant to the

(b) Duties with Respect to the Issuer.

(i) all property (including the right to receive future Net Liquidation Proceeds) that secures any such Subsequent Receivable that has been acquired by or on behalf of CPS or the Seller pursuant to a liquidation of such Receivable; and

(j) all present and future claims, demands, causes and choses in action in respect of any or all of the foregoing and all payments on or under and all proceeds of every kind and nature whatsoever in respect of any or all of the foregoing, including all proceeds of the conversion, voluntary or involuntary, into cash or other liquid property, all cash proceeds, accounts, accounts receivable, notes, drafts, acceptances, chattel paper, checks, deposit accounts, insurance proceeds, condemnation awards, rights to payment of any and every kind and other forms of obligations and receivables, instruments and other property which at any time constitute all or part of or are included in the proceeds of any of the foregoing.

It is the intention of the Seller that the transfer and assignment contemplated by this Subsequent Transfer Agreement shall constitute a sale of the Subsequent Receivables described in Schedule A and the Other Conveyed

Property from the Seller to the Issuer and the beneficial interest in and title to such Subsequent Receivables and the Other Conveyed Property shall not be part of the Seller's estate in the event of the filing of a bankruptcy petition by or against the Seller under any bankruptcy law. In the event that, notwithstanding the intent of the Seller, the transfer and assignment contemplated hereby is held not to be a sale, this Subsequent Transfer Agreement shall constitute a grant of a security interest in the property referred to in this Section 3 for the benefit of the Securityholders.

SECTION 4. Representations and Warranties of the Seller. In addition to the representations and warranties set forth in Section 3.1 of the Sale and Servicing Agreement, the Seller hereby represents and warrants to the Issuer and for the benefit of the Securityholders, as of the date of this Agreement and as of the Subsequent Transfer Date that:

(a) Organization and Good Standing. The Seller has been duly formed and is validly existing as a limited liability company solely under the laws of the State of Delaware and is in good standing under the laws of the State of Delaware, with power and authority to own its properties and to conduct its business as such properties are currently owned and such business is currently conducted, and had at all relevant times, and now has, power, authority and legal right to acquire, own and sell the Subsequent Receivables and the related Other Conveyed Property transferred to the Trust.

(b) Due Qualification. The Seller is duly qualified to do business as a foreign limited liability company in good standing, and has obtained all necessary licenses and approvals in all jurisdictions in which the ownership or lease of property or the conduct of its business or the consummation of the transactions contemplated by the Basic Documents shall require such qualifications.

(c) Power and Authority. The Seller has the power and authority to execute and deliver this Subsequent Transfer Agreement and the Basic Documents to which it is a party and to carry out its terms and their terms, respectively; the Seller has full power and authority to sell and assign the Subsequent Receivables and the related Other Conveyed Property to be sold and assigned to and deposited with the Trust by it and has duly authorized such sale and assignment to the Trust by all necessary corporate action; and the execution, delivery and performance of this Subsequent Transfer Agreement and the Basic Documents to which the Seller is a party have been duly authorized by the Seller by all necessary corporate action.

(d) Valid Sale, Binding Obligations. This Subsequent Transfer Agreement effects a valid sale, transfer and assignment of the Subsequent Receivables and the related Other Conveyed Property, enforceable against the Seller and creditors of and purchasers from the Seller; and this Subsequent Transfer Agreement and the Basic Documents to which the Seller is a party, when duly executed and delivered, shall constitute legal, valid and binding obligations of the Seller enforceable in accordance with their respective terms, except as enforceability may be limited by bankruptcy, insolvency, reorganization or other similar laws affecting the enforcement of creditors' rights generally and by equitable limitations on the availability of specific remedies,

regardless of whether such enforceability is considered in a proceeding in equity or at law.

(e) **No Violation.** The consummation of the transactions contemplated by this Subsequent Transfer Agreement and the Basic Documents and the fulfillment of the terms of this Subsequent Transfer Agreement and the Basic Documents shall not conflict with, result in any breach of any of the terms and provisions of or constitute (with or without notice, lapse of time or both) a default under the certificate of formation or the limited liability company agreement of the Seller, or any indenture, agreement, mortgage, deed of trust or other instrument to which the Seller is a party or by which it is bound, or result in the creation or imposition of any Lien upon any of its properties pursuant to the terms of any such indenture, agreement, mortgage, deed of trust or other instrument, other than the Basic Documents, or violate any law, order, rule or regulation applicable to the Seller of any court or of any Federal or State regulatory body, administrative agency or other governmental instrumentality having jurisdiction over the Seller or any of its properties.

(f) **No Proceedings.** There are no proceedings or investigations pending or, to the Seller's knowledge, threatened against the Seller, before any court, regulatory body, administrative agency or other tribunal or governmental instrumentality having jurisdiction over the Seller or its properties (A) asserting the invalidity of this Subsequent Transfer Agreement, the Securities or any of the Basic Documents, (B) seeking to prevent the consummation of any of the transactions contemplated by this Subsequent Transfer Agreement or any of the Basic Documents, (C) seeking any determination or ruling that might materially and adversely affect the performance by the Seller of its obligations under, or the validity or enforceability of, this Subsequent Transfer Agreement or any of the Basic Documents, or (D) relating to the Seller and which might adversely affect the Federal or State income, excise, franchise or similar tax attributes of the Securities.

(g) **No Consents.** No consent, approval, authorization or order of or declaration or filing with any governmental authority is required for the issuance or sale of the Securities or the consummation of the other transactions contemplated by this Agreement, except such as have been duly made or obtained.

(h) **Financial Condition.** The Seller is able to and does pay its liabilities as they mature. The Seller is not in default under any obligation to pay money to any Person except for matters being disputed in good faith that do not involve an obligation of the Seller on a promissory note. The Seller will not use the proceeds from the transactions contemplated by the Basic Documents to give any preference to any creditor or class of creditors, and such transaction will not leave the Seller with remaining assets which are unreasonably small compared to its ongoing operations.

(i) **Tax Returns.** The Seller has filed on a timely basis all tax returns which are required to be filed by it and paid all taxes, including any assessments received by it, to the extent that such taxes have become due (other than taxes, the amount or validity of which are currently being contested in good faith by appropriate proceedings and with respect to which reserves in conformity with GAAP have been provided by the books of the Seller).

(j) Certificates, Statements and Reports. Neither this Subsequent Transfer Agreement nor any officer's certificates, statements, reports or other documents prepared by Seller and furnished by Seller to the Trustee pursuant to this Agreement or any other Basic Document to which it is a party, and in connection with the transactions contemplated hereby or thereby (including but not limited to information regarding loan loss and delinquency experience), when taken as a whole, do not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements contained herein or therein not misleading.

(k) Legal Counsel, etc. Seller consulted with its own legal counsel and independent accountants to the extent it deems necessary regarding the tax, accounting and regulatory consequences of the transactions contemplated hereby, Seller is not participating in such transactions in reliance on any representations of any other party, their affiliates, or their counsel with respect to tax, accounting and regulatory matters.

(l) Chief Executive Office. The chief executive office of the Seller is at 19500 Jamboree Road, Irvine, California 92612.

(m) Separateness Covenants. The Seller is in compliance in all material respects with Section 9(b) of its limited liability company agreement relating to the separateness of the Seller from any other Person.

(n) Principal Balance. The aggregate Principal Balance of the Subsequent Receivables listed on the supplement to Schedule A annexed hereto and conveyed to the Issuer pursuant to this Subsequent Transfer Agreement as of the Subsequent Cutoff Date is \$ _____.

SECTION 5. Conditions Precedent. The obligation of the Issuer to acquire the Subsequent Receivables hereunder is subject to the satisfaction, on or prior to the Subsequent Transfer Date, of the following conditions precedent:

(a) Representations and Warranties. Each of the representations and warranties made by the Seller in Section 4 of this Subsequent Transfer Agreement and with respect to the Subsequent Receivables in Section 3.1 of the Sale and Servicing Agreement shall be true and correct as of the date of this Agreement and as of the Subsequent Transfer Date.

(b) Sale and Servicing Agreement Conditions. Each of the conditions set forth in Section 2.2(b) of the Sale and Servicing Agreement shall have been satisfied.

(c) Additional Information. The Seller shall have delivered to the Issuer such information as was reasonably requested by the Issuer to satisfy itself as to (i) the accuracy of the representations and warranties set forth in Section 4 of this Agreement and with respect to the Subsequent Receivables in Section 3.1 of the Sale and Servicing Agreement and (ii) the satisfaction of the conditions set forth in this Section 5.

SECTION 6. Acceptance of Receivable Files by Trustee. The Trustee acknowledges receipt of files which the Seller has represented are the Receivable Files

for the Subsequent Receivables. The Trustee has reviewed such Receivable Files and has determined that it has received a file for each Subsequent Receivable identified in Schedule A to this Subsequent Transfer Agreement. The Trustee declares that it holds and will continue to hold such files and any amendments, replacements or supplements thereto and all other Trust Property as Trustee in trust for the use and benefit of all present and future Securityholders.

SECTION 7. Ratification of Agreement. As supplemented by this Agreement, the Sale and Servicing Agreement is in all respects ratified and confirmed and the Sale and Servicing Agreement as so supplemented by this Agreement shall be read, taken and construed as one and the same instrument.

SECTION 8. Intention of Parties Regarding Delaware Securitization Act. It is the intention of the Seller and the Issuer that the transfer and assignment of the Subsequent Receivables and Other Conveyed Property contemplated by Section 3. of this Subsequent Transfer Agreement shall constitute a sale of the Subsequent Receivables and Other Conveyed Property from the Seller to the Issuer, conveying good title thereto free and clear of any liens, and the beneficial interest in and title to the Subsequent Receivables and Other Conveyed Property shall not be part of the Seller's estate in the event of the filing of a bankruptcy petition by or against the Seller under any bankruptcy or similar law. In addition, for purposes of complying with the requirements of the Asset-Backed Securities Facilitation Act of the State of Delaware, 6 Del. C. § 2701A, et seq. (the "Securitization Act"), each of the parties hereto hereby agrees that:

- (a) any property, assets or rights purported to be transferred, in whole or in part, by the Seller to the Issuer pursuant to this Subsequent Transfer Agreement shall be deemed to no longer be the property, assets or rights of the Seller;
- (b) none of the Seller, its creditors or, in any insolvency proceeding with respect to the Seller or the Seller's property, a bankruptcy trustee, receiver, debtor, debtor in possession or similar person, to the extent the issue is governed by Delaware law, shall have any rights, legal or equitable, whatsoever to reacquire (except pursuant to a provision of this Agreement), reclaim, recover, repudiate, disaffirm, redeem or recharacterize as property of the Seller any property, assets or rights purported to be transferred, in whole or in part, by the Seller to the Issuer pursuant to this Subsequent Transfer Agreement;
- (c) in the event of a bankruptcy, receivership or other insolvency proceeding with respect to the Seller or the Seller's property, to the extent the issue is governed by Delaware law, such property, assets and rights shall not be deemed to be part of the Seller's property, assets, rights or estate; and
- (d) the transaction contemplated by this Subsequent Transfer Agreement shall constitute a "securitization transaction" as such term is used in the Securitization Act.

SECTION 9. Counterparts. This Agreement may be executed in two or more counterparts (and by different parties in separate counterparts), each of which shall be an original but all of which together shall constitute one and the same instrument.

SECTION 10. GOVERNING LAW. EXCEPT AS OTHERWISE PROVIDED IN SECTION 8 ABOVE, THIS AGREEMENT SHALL BE CONSTRUED IN ACCORDANCE WITH, AND THIS AGREEMENT AND ALL MATTERS ARISING OUT OF OR RELATING IN ANY WAY TO THIS AGREEMENT SHALL BE GOVERNED BY, THE LAWS OF THE STATE OF NEW YORK, WITHOUT REGARD TO CONFLICTS OF LAWS PRINCIPLES.
